Note: Results of "Not Detected" have been converted to a numerical value of zero to allow for ease of sorting.
Results in RED exceed 15 ppm for Lead or 1.3 for Copper
1 ppb = 0.001 mg/L

Note: Results of "Not Detected" have been converted to a numerical value of zero to allow for ease of sorting.
Results in RED exceed 15 ppb for lead or 1.3 ppm for Copper
1 ppb = 0.001 mg/L

Note: Results of "Not Detected" have been converted to a numerical value of zero to allow for ease of sorting.
Results in RED exceed 15 ppb for lead or 1.3 ppm for Copper
1 ppb = 0.001 mg/L

# Our Guiding Principles

## Mission

The Michigan Department of Health and Human Services provides opportunities, services, and programs that promote a healthy, safe, and stable environment for residents to be self-sufficient.

## Vision

Develop and encourage measurable health, safety and self-sufficiency outcomes that reduce and prevent risks, promote equity, foster healthy habits, and transform the health and human services system to improve the lives of Michigan families.

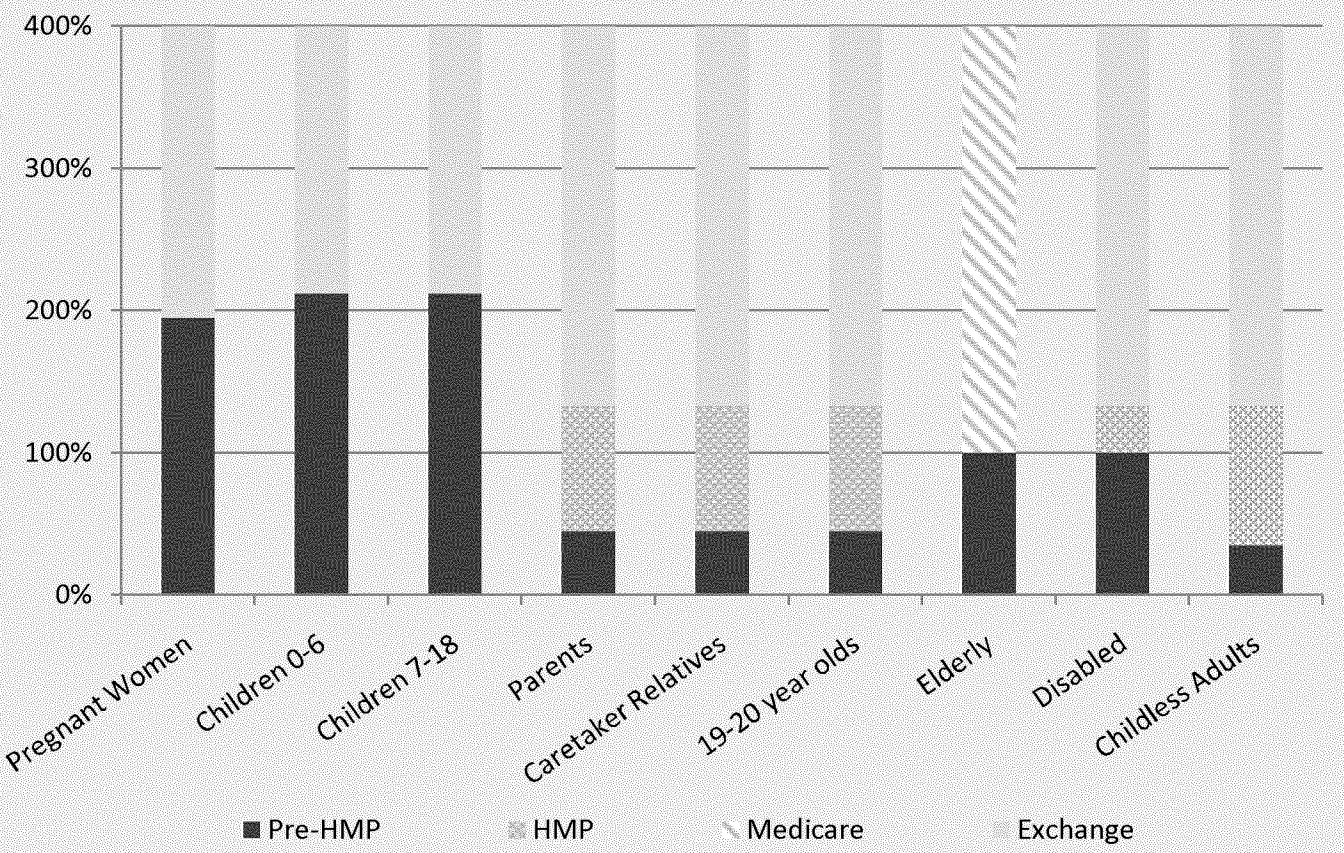
MDHHS
Michigan Department of Health & Human Services
RICK SNYDER, GOVERNOR | NICK LYON, DIRECTOR

# MEDICAID OVERVIEW

# Medicaid Primer

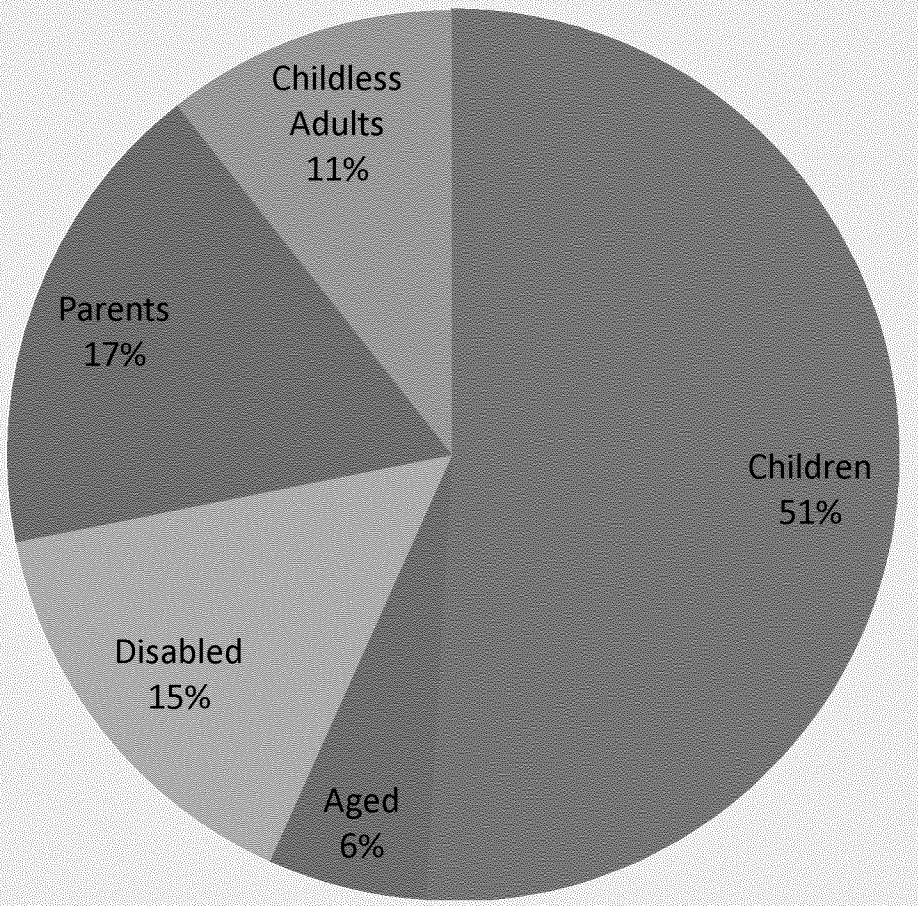
- Medicaid is the largest health insurance program in the U.S.
  - State and federal partnership
  - Mandatory services with state options for broader coverage
- Michigan Medicaid covers many different populations, including:
  - 1.2 million children
  - 600,000 who receive health care under the Healthy Michigan Plan
  - 148,000 Michigan seniors get their health care through Medicaid
  - 380,000 people with disabilities who receive the care and support they need to live independently

# Eligible Populations



MDHHS
Michigan Department of Health & Human Services
RICK SNYDER, GOVERNOR | NICK LYON, DIRECTOR

# Medicaid Consumers



[Speaker Notes For Slide: 6]

51% of the consumers are children though the aged and disabled population is growing. population age 85 and older in Michigan has increased 47%, while the population ages 0-64 has decreased 4%.

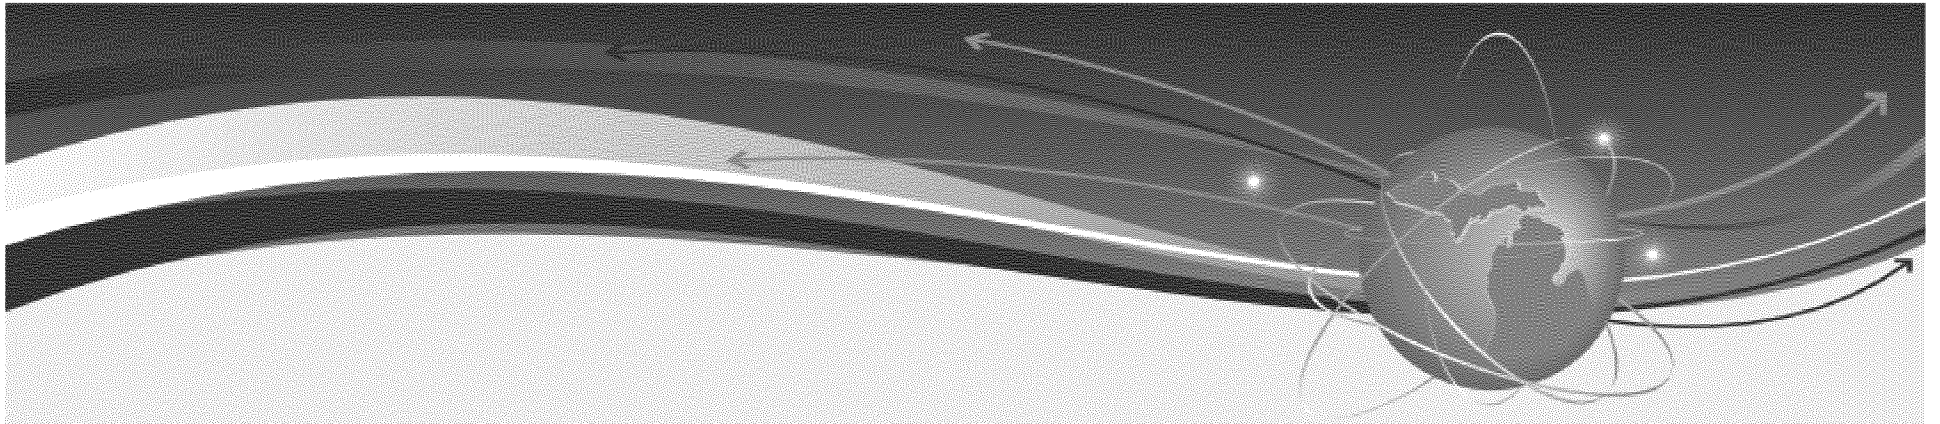
# Examples of Medicaid's Impact on Michiganders

- 50% of Michigan's children received health coverage through Medicaid at some point in the last year
- 216,583 children had at least one dental visit
- 1,404 children were screened for Autism Spectrum Disorder (ASD)
- 55,365 babies were delivered to women on Medicaid
- 393,535 women were screened for cervical cancer
- Nearly 30 million unique prescriptions were filled
- Cancer treatment for 129,699 adults & 15,184 children
- 140,097 adults with Type 1 or Type 2 Diabetes
- 2/3 of all Michigan Nursing Home Beds are supported by Medicaid

# Examples of the Healthy Michigan Plan's Impact on Michiganders

Since the program began in April 2014:

- 435,769 enrollees received a primary care visit
- 276,479 preventive visits have been covered
- 229,745 enrollees received a dental visit.
- 7,010 enrollees received an OB visit (Antepartum, Delivery, Postpartum)
- 136,283 mammograms have been covered
- 32,575 enrollees were screened for colon cancer
- 158,881 enrollees received mental health services
- Nearly 915,000 mental health encounters (through the MHPs/PIHPs)
- 67% of newly eligible enrollees have received a visit with their Primary Care Provider within 150 days of enrollment.



# DELIVERY SYSTEM

# Michigan Medicaid Managed Care

- 76% of Medicaid beneficiaries are enrolled in one of the eleven contracted Medicaid Health Plans (MHPs)
  - Full-risk contracts with a mix of profit and non-profit; national and local health plans
- MHP coverage responsibilities include:
  - Comprehensive physical health care (acute, primary, and specialty services)
  - Most Prescription drugs
  - Outpatient mental health care for the mild-moderate population
  - Transportation
- Emphasis on high quality, low cost, and care coordination

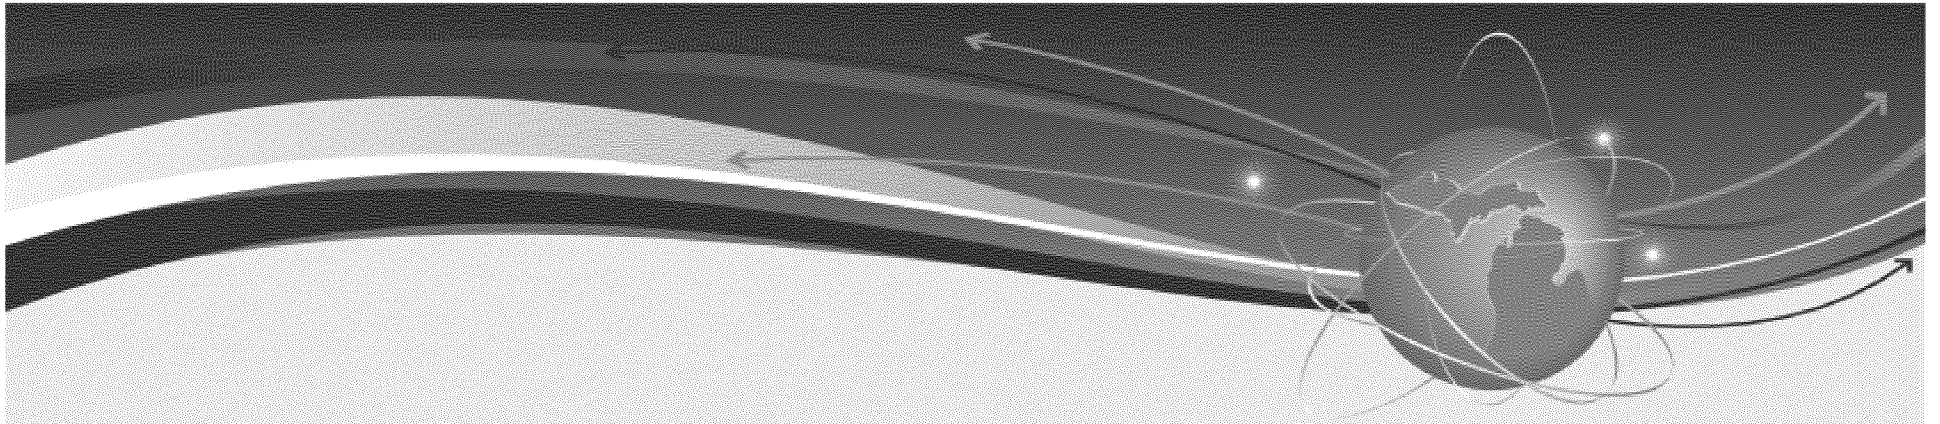
James K. Haveman, Director

[Speaker Notes For Slide: 12]

Michigan remains committed to providing high quality health care. In fact, the National Committee for Quality Assurance's latest report card scored 7 of Michigan's 11 continuing Medicaid Health Plans in the top 40 Medicaid Health Plans nationwide.

# Michigan Medicaid Fee For Service (FFS)

- 24% of Medicaid beneficiaries are covered through FFS on an ongoing basis
  - Dual Eligibles (Medicaid/Medicare)
  - Migrant populations
  - Native Americans
  - Long Term Care
  - Spend Down
- 16.5 million FFS claims annually—totaling approximately $2.6 billion



# UPDATE ON MAJOR INITIATIVES

MDHHS Michigan Department of Health & Human Services
RICK SNYDER, GOVERNOR | NICK LYON, DIRECTOR

# Flint Declaration of Emergency

- Federal waiver request includes:
  - Expanded Medicaid eligibility for all residents in the impacted areas up to age 21, regardless of income level;
  - Additional community-based resources to ensure all children have access to comprehensive medical treatment (targeted case management); and
  - Federal Medicaid match for lead abatement activities in the impacted areas.

# Healthy Michigan Plan

- 601,889 individuals enrolled as of January 19, 2016
- Key components of program:
  - Incentives for beneficiaries to promote personal responsibility
    - Beneficiary cost sharing
    - Healthy behavior incentives
  - Incentives for MHPs and providers to promote accountability around quality, cost, and utilization
    - Performance metrics/monitoring
    - Performance bonus incentive pool

# Healthy Michigan Plan- Second Waiver

- Pursuant to Public Act 107 of 2013, Michigan was required to obtain a second waiver in order to maintain coverage for all beneficiaries enrolled in the Healthy Michigan Plan.
  - Waiver was submitted 9/1/15 and approved by CMS on 12/17/15
- Effective April 1, 2018, all individuals above 100% FPL, except those who are medically frail or newly enrolled, will have a choice:
  - Option 1 – Attest to a healthy behavior and choose to continue Healthy Michigan Plan coverage or receive subsidized coverage through the federal marketplace
  - Option 2 – Receive subsidized coverage through the Federal Marketplace

18

[Speaker Notes For Slide: 18]

Other Provisions of Note:
Newly enrolled individuals will have a 12-month grace period in which they can attest to a healthy behavior.
Pursuant to the approved waiver, MDHHS must work with CMS to improve the ability of individuals to complete the Health Risk Assessment and healthy behaviors.
As of November 2015, 91,272 individuals completed the Health Risk Assessment with their primary care provider. Of these, 99% chose to address or maintain at least one healthy behavior.
Individuals who do not make an affirmative choice between the two aforementioned options will be automatically transferred to the Federal Marketplace.

Potential Impacts:
As of January 4, 2016, there are 114,772 individuals enrolled in the Healthy Michigan Plan who are above 100% FPL.

Next Steps:
Intensive efforts will now begin with various partners and stakeholders to operationalize the waiver amendment's approved terms and conditions. Collaboration with CMS, the Michigan Department of Insurance and Financial Services (DIFS), the Michigan Legislature, and the state's Medicaid Health Plans will be critical to ensuring successful waiver implementation.

# MI Health Link

- Three year demonstration to improve quality and access to care for dual eligible residents by aligning Medicare and Medicaid services, rules, and funding
- Program launched in March 2015 and is currently operating in four regions of the state (Upper Peninsula, Eight counties in Southwest Michigan, Wayne County and Macomb County)
- 36,260 individuals are currently enrolled in the demonstration

[Speaker Notes For Slide: 20]

94% of these individuals are receiving community based services through the demonstration.

Notes:
54% of enrollees are in Wayne
23% in Southwest
12% in Macomb
11% in UP

# Healthy Kids Dental Expansion

- Funding was appropriated in FY16 to continue expansion of Healthy Kids Dental
- Over 250,000 children birth to 12 are now covered in Kent, Oakland, and Wayne Counties
  - 57% of continuously enrolled children are currently receiving an annual dental visit.
- MDHHS also expects to bid the Healthy Kids Dental contract for the first time in 2016

22

[Speaker Notes For Slide: 22]

# Specialty Pharmaceuticals

- 70% of the drugs currently in the FDA pipeline are specialty pharmaceuticals.
- In December, the MDHHS Pharmacy and Therapeutics (P&T) Committee recommended Medicaid coverage of specialty pharmaceuticals to treat Hepatitis C and Cystic Fibrosis.
- After a Legislative Transfer was approved in January, the Department began the development of coverage policies.
- Targeting coverage of these medications by March 2016.

[Speaker Notes For Slide: 24]

Specialty Pharmaceuticals are drugs that have one or more of the following key characteristics:
High cost ($600+ per 30 day supply)
Intended for use in rare or complex diseases
Requires focused, in-depth patient education and/or close clinical monitoring and management
Limited access or distribution via select (specialty) pharmacies

# Specialty Pharmaceuticals Examples

| Medication* | Condition | Average Retail Price (Per Person)** |
|---|---|---|
| Selexipag | Pulmonary Arterial Hypertension | $150,000/year |
| Praluent & Repatha | High Cholesterol | $14,000/year |
| Keveyis | Primary hypokalemic & hyperkalemic periodic paralysis | $120,000/year |
| Entinostat | Breast Cancer | $120,000/year |
| Opdivo & Keytruda | Non-Small Cell Lung Cancer | $120,000/year |
| Ataluren, Drisapersen & Eterplirsen | Duchenne Muscular Dystrophy | $300,000/year, $350,000/year & $400,000/year, respectively |
| Mepolizumab & Cinquil | Severe Eosinophilic Asthma | $45,000/year |
| Imbruvica | Chronic lymphocytic Leukemia | $130,000/year |

**The chart above reflects a small subset of specialty pharmaceuticals and is provided for example purposes only.*

***The average retail prices listed do not take Medicaid best pricing/potential rebates into account.*

[Speaker Notes For Slide: 26]

The above chart shows a just a few examples. It should be noted that nearly

# Other Key Initiatives

- State Innovation Model (SIM)
- Common Formulary implementation
- IMPACT (i.e. Cloud-based MMIS)
- Super-Utilizers- NGA Policy Academy

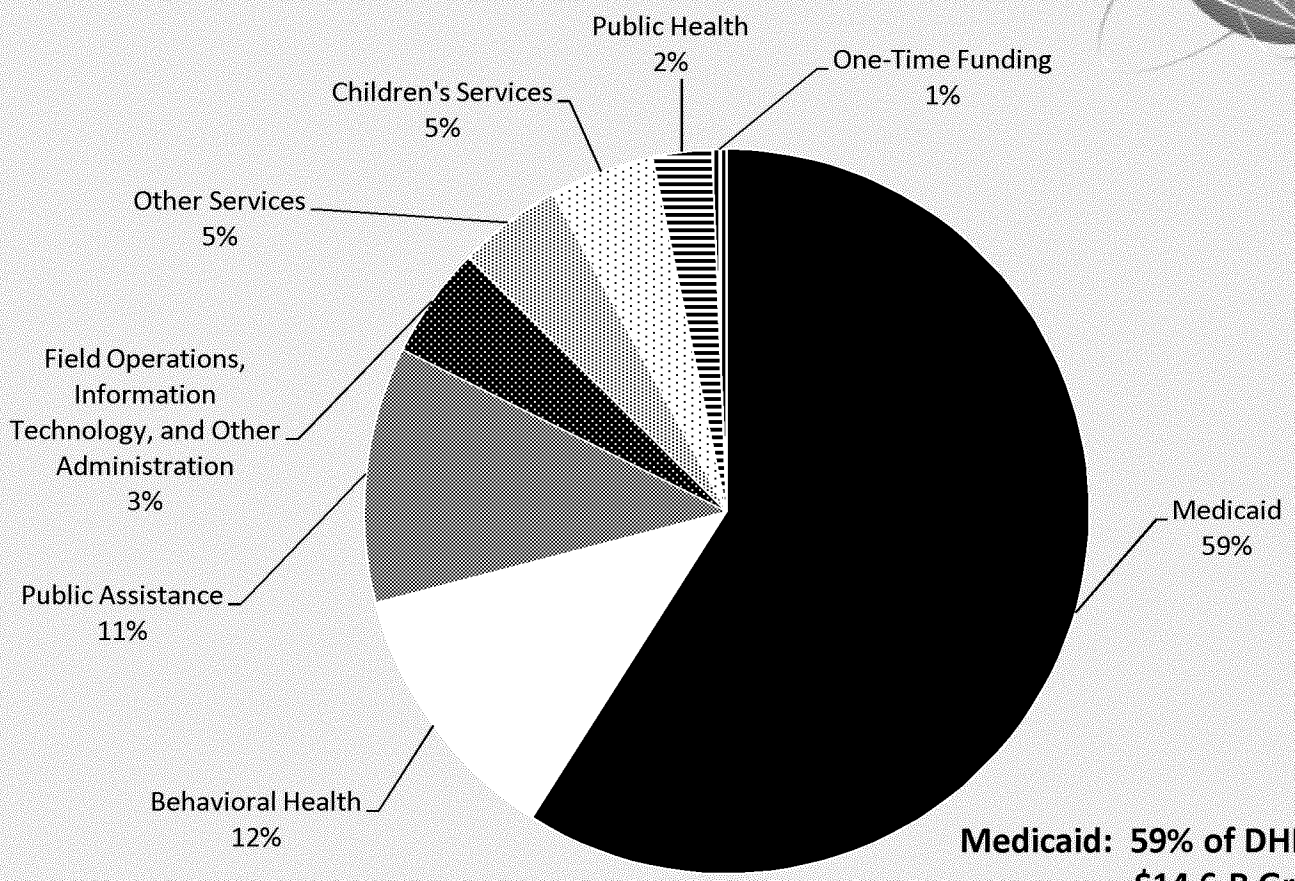
32

# MDHHS 2017 Budget Recommendations



**Medicaid: 59% of DHHS budget**
**$14.6 B Gross**
**$ 1.9 GF/GP**

MDHHS
Michigan Department of Health & Human Services
RICK SNYDER, GOVERNOR | NICK LYON, DIRECTOR

33

# FY 17 Investments

**Healthy Kids Dental Expansion**

- Expand coverage to youth ages 13-20 in Wayne, Oakland, and Kent counties.
- Completes phase-in of statewide coverage.
- All Michigan children under age 21 have access to dental care.
- $25.6 M Gross, $8.9 M GF/GP investment to cover an additional 130,000 children.

**Medicaid Funding for Specialty Pharmacy**

- Provides funding for the cost of specialty pharmacy products to treat:
  - Hepatitis C: $327.8 M Gross, $91.5 M GF/GP, to treat approximately 7,600 individuals
  - Cystic Fibrosis: $66.3 M Gross, $43.7 M GF/GP, to treat approximately 320 children
- Recommended by Pharmacy and Therapeutics Committee
- Establishes a one-time $86.1 M Gross, $30 M GF/GP Pharmacy Reserve Fund for future high-cost pharmaceuticals

# FY 17 Adjustments

Other adjustments:

Recoup CHIP funds for CHIP kids previously financed with Medicaid dollars.

- Adjustment accounts for increased Federal matching funds for Title XXI enrolled children. Reduction of $30.0 M GF/GP

Healthy Michigan Plan State Gainshare from Provider Tax Supplemental Payments

- Adjustment accounts for new formula for retaining funds related to MHP Hospital Provider Tax finance payments that offset GF. Reduction of $105.0 M GF/GP

- Request to Federal Government will include:
  - Expanded Medicaid eligibility for all residents in the impacted areas up to age 21, regardless of income level;
  - Additional community-based resources to ensure all children have access to comprehensive medical treatment (targeted case management); and
  - Federal Medicaid match for lead abatement activities in the impacted areas.
- Waiver request currently in development. Highest priority issue.

# Healthy Michigan Plan

- 601,889 individuals enrolled as of January 19, 2016
- Key components of program:
  - Incentives for beneficiaries to promote personal responsibility
    - Beneficiary cost sharing
    - Healthy behavior incentives
  - Incentives for MHPs and providers to promote accountability around quality, cost, and utilization
    - Performance metrics/monitoring
    - Performance bonus incentive pool

# Healthy Michigan Plan- Second Waiver

- Pursuant to Public Act 107 of 2013, Michigan was required to obtain a second waiver in order to maintain coverage for all beneficiaries enrolled in the Healthy Michigan Plan.
  - Waiver was submitted 9/1/15 and approved 12/17/15
- Effective April 1, 2018, all individuals above 100% FPL, except those who are medically frail or newly enrolled, will have a choice:
  - Option 1 – Attest to a healthy behavior and choose to continue Healthy Michigan Plan coverage or receive subsidized coverage through the federal marketplace
  - Option 2 – Receive subsidized coverage through the Federal Marketplace

[Speaker Notes For Slide: 23]

Other Provisions of Note:
Newly enrolled individuals will have a 12-month grace period in which they can attest to a healthy behavior.
Pursuant to the approved waiver, MDHHS must work with CMS to improve the ability of individuals to complete the Health Risk Assessment and healthy behaviors.
As of November 2015, 91,272 individuals completed the Health Risk Assessment with their primary care provider. Of these, 99% chose to address or maintain at least one healthy behavior.
Individuals who do not make an affirmative choice between the two aforementioned options will be automatically transferred to the Federal Marketplace.

Potential Impacts:
As of January 4, 2016, there are 114,772 individuals enrolled in the Healthy Michigan Plan who are above 100% FPL.

Next Steps:
Intensive efforts will now begin with various partners and stakeholders to operationalize the waiver amendment's approved terms and conditions. Collaboration with CMS, the Michigan Department of Insurance and Financial Services (DIFS), the Michigan Legislature, and the state's Medicaid Health Plans will be critical to ensuring successful waiver implementation.

# MI Health Link

- Three year demonstration to improve quality and access to care for dual eligible residents by aligning Medicare and Medicaid services, rules, and funding
- Program launched in March 2015 and is currently operating in four regions of the state (Upper Peninsula, Eight counties in Southwest Michigan, Wayne County and Macomb County)
- 36,260 individuals are currently enrolled in the demonstration

[Speaker Notes For Slide: 25]

94% of these individuals are receiving community based services through the demonstration.

Notes:
54% of enrollees are in Wayne
23% in Southwest
12% in Macomb
11% in UP

# Healthy Kids Dental Expansion

- Funding was appropriated in FY16 to continue expansion of Healthy Kids Dental
- _____Children birth to 12 are now covered in Kent, Oakland, and Wayne Counties
  - 57% of continuously enrolled children are currently receiving an annual dental visit.
- MDHHS also expects to bid the Healthy Kids Dental contract for the first time in 2016.

[Speaker Notes For Slide: 27]

# Specialty Pharmaceuticals

- 70% of the drugs currently in the FDA pipeline are specialty pharmaceuticals.
- In December, the MDHHS Pharmacy and Therapeutics (P&T) Committee recommended Medicaid coverage of specialty pharmaceuticals to treat Hepatitis C and Cystic Fibrosis.
- After a Legislative Transfer was approved in January, the Department began the development of coverage policies.
- _____ : Target date for coverage

[Speaker Notes For Slide: 29]

Specialty Pharmaceuticals are drugs that have one or more of the following key characteristics:
High cost ($600+ per 30 day supply)
Intended for use in rare or complex diseases
Requires focused, in-depth patient education and/or close clinical monitoring and management
Limited access or distribution via select (specialty) pharmacies

# Specialty Pharmaceuticals Examples

| Medication* | Average Retail Price (Per Person)** | Condition |
|---|---|---|
| Orkambi | $260,000/year | Cystic Fibrosis |
| Praluent & Repatha | $14,000/year | High Cholesterol |
| Keveyis | $120,000/year | Primary hypokalemic & hyperkalemic periodic paralysis |
| Opdivo & Keytruda | $120,000/year | Non-Small Cell Lung Cancer |
| Ataluren, Drisapersen & Eterplirsen | $300,000/year, $350,000/year & $400,000/year, respectively | Duchenne Muscular Dystrophy |
| Mepolizumab & Cinquil | $45,000/year | Severe Eosinophilic Asthma |
| Imbruvica | $130,000/year | Chronic lymphocytic Leukemia |

**The chart above reflects a small subset of specialty pharmaceuticals and is provided for example purposes only.*

***The average retail prices listed do not take Medicaid best pricing/potential rebates into account.*

[Speaker Notes For Slide: 31]

The above chart shows a just a few examples. It should be noted that nearly

We'll once again be hosting a legislative breakfast along with other partners toward the end of April in the Capitol View Building to unveil the County Health Rankings document. This document will provide you with an in-depth look at the health status of your districts. You'll be receiving more information on this in the near future.

I'd like to thank you for your time and attention today and invite any questions you may have.

# Behavioral Health and Developmental Disabilities Administration

## Fiscal Year 2017

**Presentation to {Senate/House} {Full/Sub}Appropriations Committee on Health & Human Services**

**{DATE}**

**Lynda Zeller**, Senior Deputy Director, Behavioral Health and Developmental Disabilities Administration
**Farah Hanley**, Senior Deputy Director, Financial Operations Administration

# Our Guiding Principles

## Mission

The Michigan Department of Health and Human Services provides opportunities, services, and programs that promote a healthy, safe, and stable environment for residents to be self-sufficient.

## Vision

Develop and encourage measurable health, safety and self-sufficiency outcomes that reduce and prevent risks, promote equity, foster healthy habits, and transform the health and human services system to improve the lives of Michigan families.

# Behavioral Health & Developmental Disability Administration

*Promoting wellness

*Strengthening communities and families

*Facilitating recovery

*Supporting independence & Self-Determination

*Diminishing the impact and incidence of addiction, emotional disturbance, mental illness and developmental disability

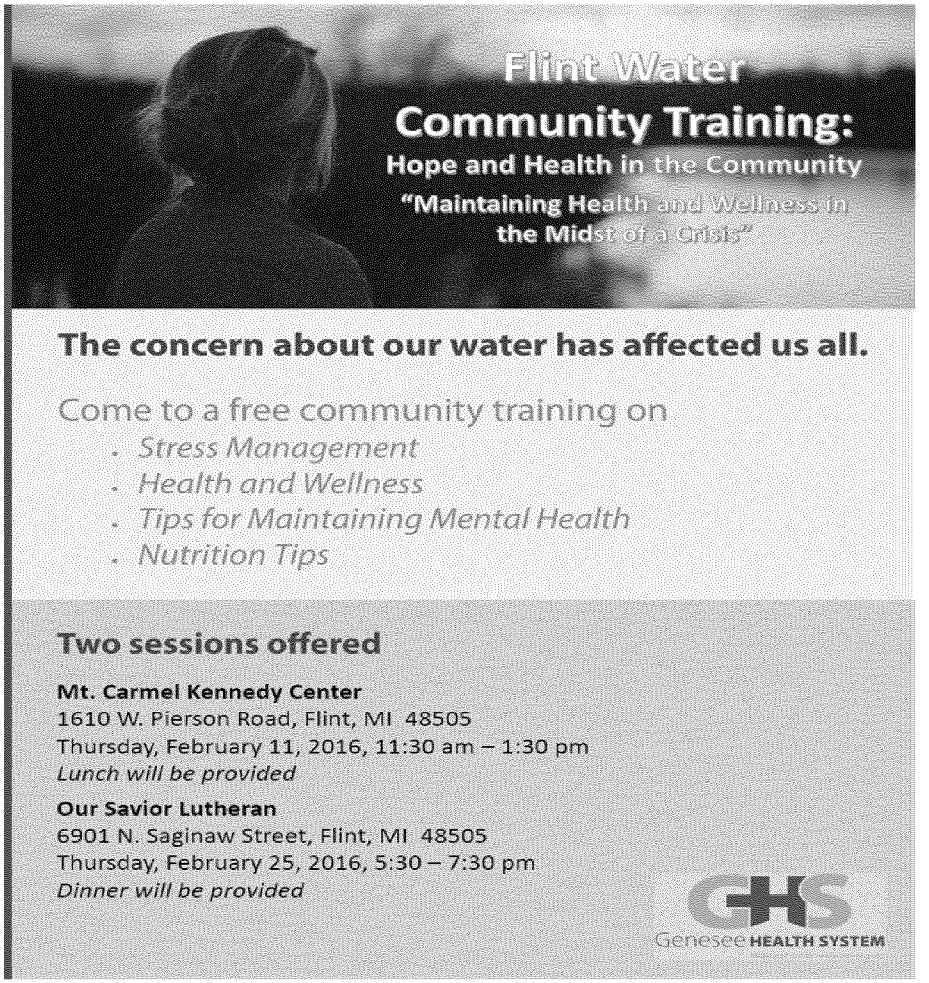
[Speaker Notes For Slide: 3]

Slide three builds on the Mission and Vision of DHHS, further defining the purpose of the BHDD administration. The Behavioral Health and Developmental Disabilities administration purpose includes promoting wellness, strengthening communities and reducing impact and incidence of addiction, emotional disturbance, mental illness and developmental disability.

# 2016 Initiatives
# Services for Flint Children & Families

- Psychological First Aid, Genesee Health Systems (CMH)

- Support from SAMHSA (Substance Abuse and Mental Health Administration
  - Targeted Messaging
  - Rapid Community Needs Assessment
  - Response & Recovery Plan (short, mid, long term)
- Service Examples:
  - Developmental Screening
  - Targeted Case Management
  - Therapies (CBT, etc)
  - Wrap Around, Home Based, Intensive Services



# Behavioral Health & Developmental Disability Service Statistics

- 46 Community Mental Health Services Programs
- 10 Prepaid Inpatient Health Plans
- 241,329 people served by Community Mental Health Services Programs and Prepaid Inpatient Health Plans in 2014
- 5 state-operated hospitals and centers
- 683 State Hospital census in house (January 28, 2015)
- 2018 licensed psychiatric beds in the community for adults; 256 for children
- A reported 61,173 persons received substance use disorder treatment and recovery services in FY15
- 45.0% of persons admitted to substance use disorder treatment, in FY15, also had a mental health issue
- In 2003, combined heroin and opioid admissions were less than one-sixth of all treatment admissions; in 2015, combined heroin and opioid admissions reached over two-fifths (43%) of all treatment admissions
- 10,970 persons received medication-assisted treatment during FY15, up from 5,875 during FY06
- (JOHN SANFORD TO UPDATE) 8,364 allegations investigated and processed by Office of Recipient Rights
- 2490 children diagnosed and eligible for Applied Behavioral Analysis Service (Autism)
- 80% increase since 2012 in Certified Behavioral Analyst workforce (Autism)
- 900 women reported being pregnant at admission to substance use disorder treatment in FY 15
- Michigan's reported drug-abstinence rate at treatment discharge exceeded the national average rate by 5% in 2015
- The reported percentage of persons employed increased 22.9% during the course of substance use disorder treatment in FY15
- The reported percentage of persons homeless decreased 27.3% during the course of substance use disorder treatment in FY15
- Persons reporting a recent arrest decreased 24.3% during the course of substance use disorder treatment in FY15
- More than 288,000 persons attended substance abuse prevention programs in FY15
- 819 callers to the problem gambling help-line were provided referrals for problem gambling assistance in FY15
- 582 persons received problem gambling treatment in FY15; including 33 veterans and 72 problem gambling diversion program referrals
- 97.8% of discharges from a psychiatric inpatient unit are seen for Community Mental Health Services Program follow-up care within seven days
- 98.6% of mental health consumers received the initial face-to-face assessment with a professional within 14 days of request
- (VENDELLA TO UPDATE) 42 Developmental Disabilities Council grants
- $8.7 million received from successful federal grant applications for substance use disorder prevention and recovery

MDHHS
Michigan Department of Health & Human Services

[Speaker Notes For Slide: 6]

This slide is presented for your reference. It includes a few statistics intended to give you an idea of the type of work that is done in the administration

Items noted here include things like the number of CMHs, and managed care plans called PIHPs, numbers of services of various types, and a few examples of outcome measures from a couple programs.

This is in no way intended to represent something from all areas of our administration but is intended as a high level overview or as a tool for future reference.

NEXT SLIDE

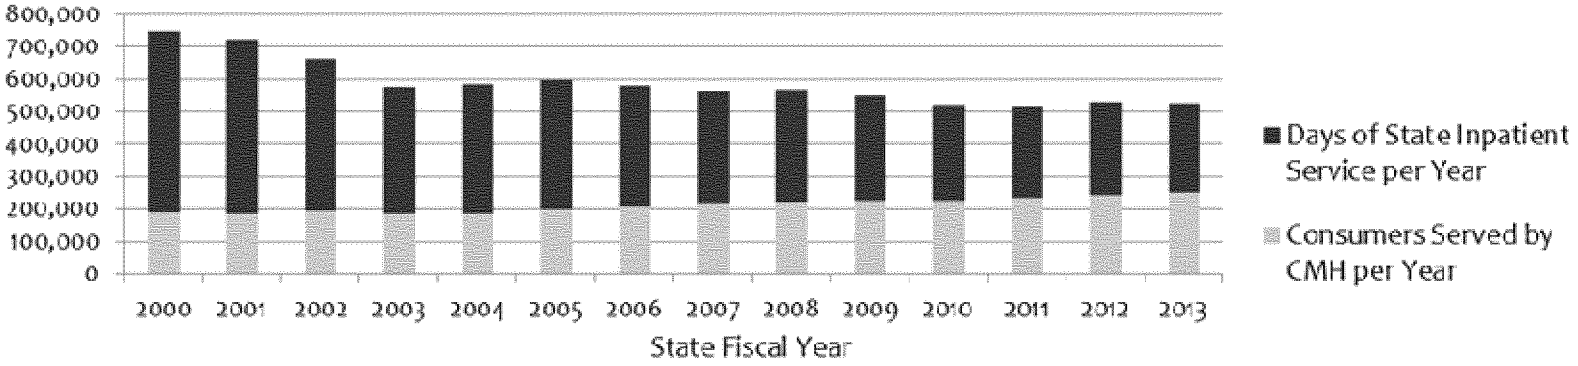
# Services, Trends and Outcomes

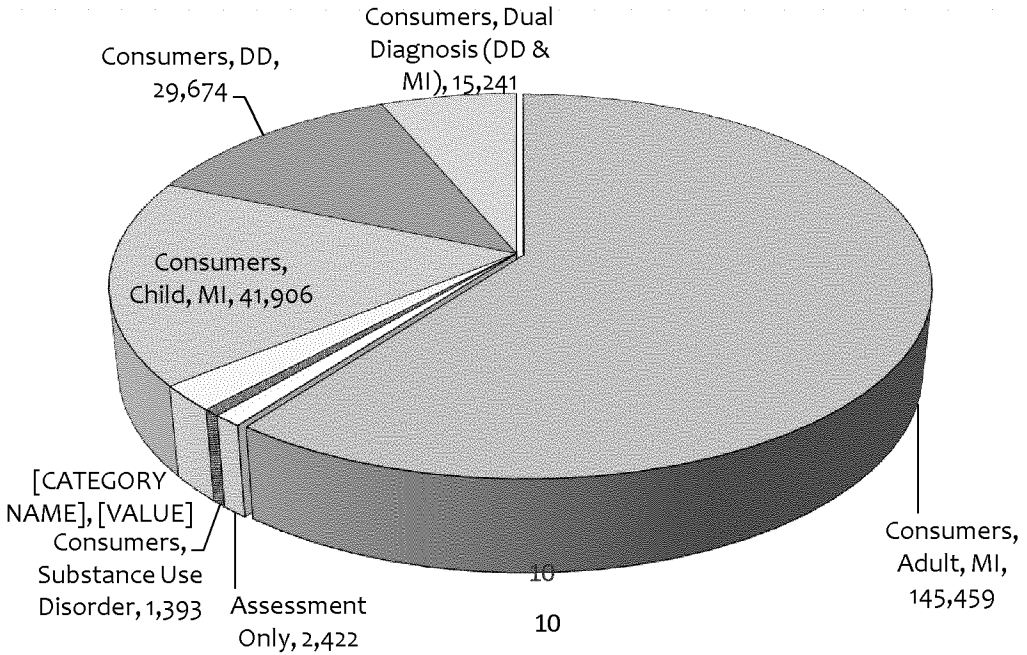
# Michigan Mental Health First Aid

* Initiated January 1, 2013 with Mental Health Innovation Funding
* Mental Health and Wellness Funding in FY15
* 20,389- total number of individuals trained in Mental Health First Aid (MHFA) or Youth Mental Health First Aid (YMHFA) January 1, 2013-September 30, 2015
* 149 MHFA certified instructors and 228 YMHFA certified instructors

# Individuals Served by Michigan's Public Mental Health System

## (FY 2000 – 2013)





MI=Mentally Ill
DD=Developmentally Disabled

Total Served 241,329

MDHHS
Michigan Department of Health & Human Services

[Speaker Notes For Slide: 10]

The top graphic on this slide show the growth in numbers served in the Community Mental Health system of care, (the darker blue bar on the top graph), along with the number of state inpatient days per year. Note that as the state hospital days has gone down, the numbers served in CMYs has increased from 190,000 in 2000 to 241,329 in 2014.

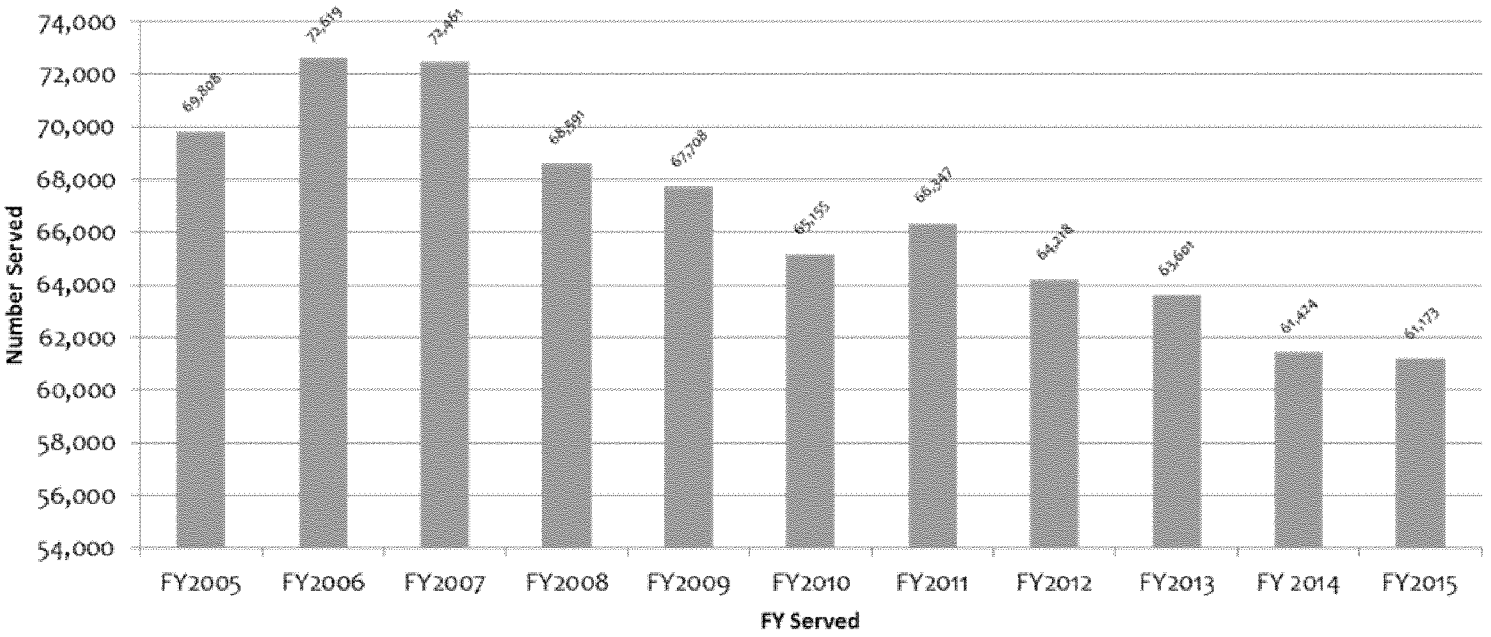
his slide also contains a breakout at the bottom showing persons served in the CMH system by major population group.

---

Note from Kathy H Jan 2016: Hi Lynda - the number of consumers served who do not have Medicaid insurance, dropped between FY13 and FY14 from 76,697 to 43,428. There was a increase in the number of Medicaid consumers (including Healthy Michigan) for these two fiscal years from 174,322 to 197,901. However, this increase did not offset the drop in consumers served who did not have health care coverage.

# Individuals Served in Substance Use Disorder Treatment, Prevention & Recovery Systems

**Treatment**



| | |
|---|---|
| **Prevention** | 288,000 persons attended substance abuse prevention programs |
| **Recovery** | 4,369 persons received recovery support services |

MDHHS Michigan Department of Health & Human Services

12

[Speaker Notes For Slide: 12]

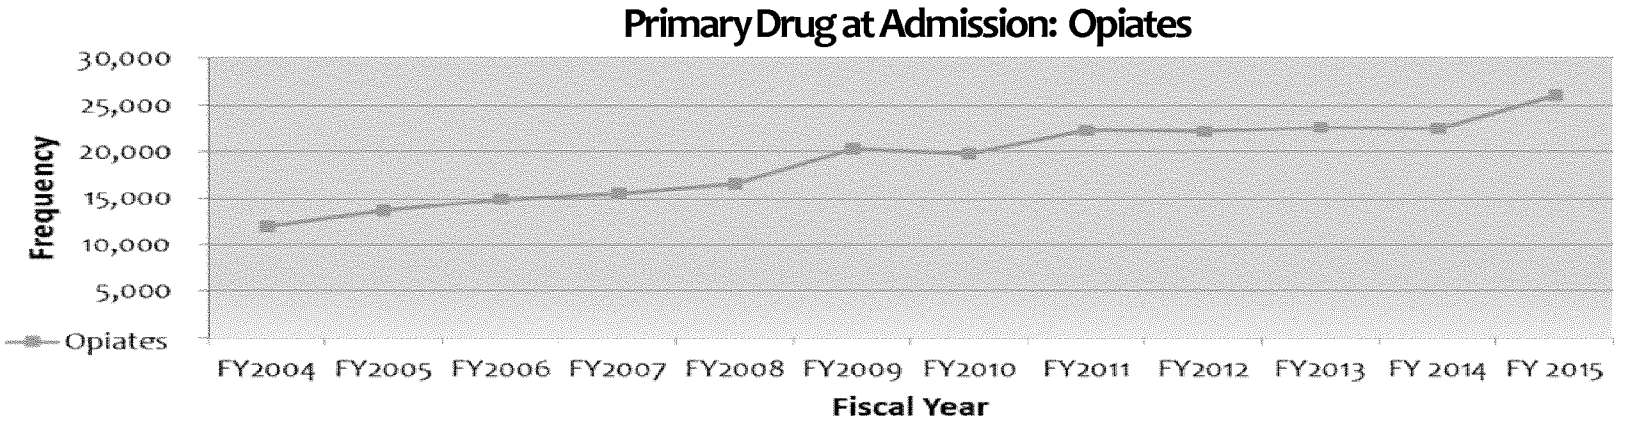
Moving on to the substance abuse prevention and treatment area of our administration. This slide reflects the persons served Regarding the downward trend of numbers served starting in 2007. As the primary drug at admission has moved away from alcohol and increasingly become addiction to heroin and other opiates it has resulted in the ability to treat far fewer persons overall as we prioritize most at risk and most at need.

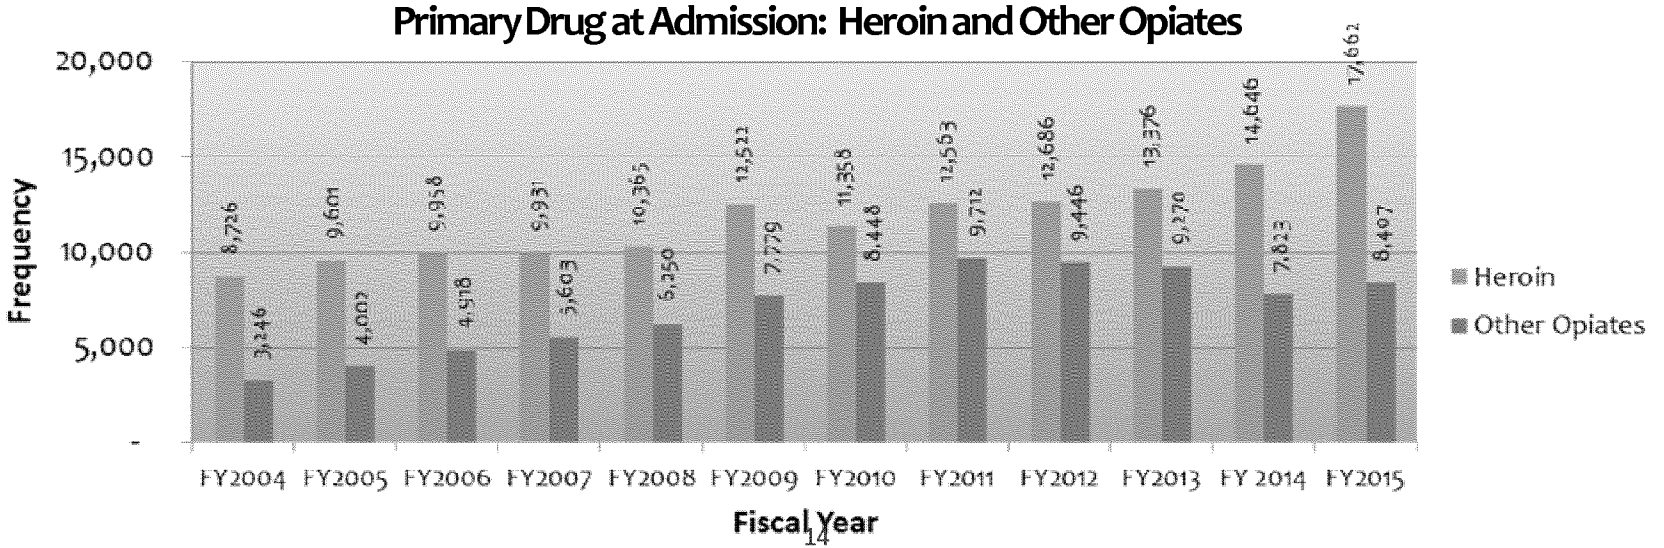
.Treatment of Heroin and Other Opiates (including prescription drugs) requires about four times length of stay in treatment, as compared to alcohol. I will provide more detail about medication assisted treatment and the differences between treatment protocols between alcohol and opiates when I discuss 2016 investments.

---

Note: Recovery 4369 persons up from 3150 prior year

# Trends: Substance Use Disorder Treatment, Prevention & Recovery Systems





SOURCE: FY 2004 to 2015 TEDS treatment admission records.

[Speaker Notes For Slide: 14]

This slide shows the increasing challenge of heroin and other opiates, in our treatment system.

While these graphs are specific to Michigan, this is a nationwide epidemic as well. As you are aware, in October of last year a report was released by the Governor making recommendations to address opioid and prescription drug abuse. I will review those recommendations later in this presentation.

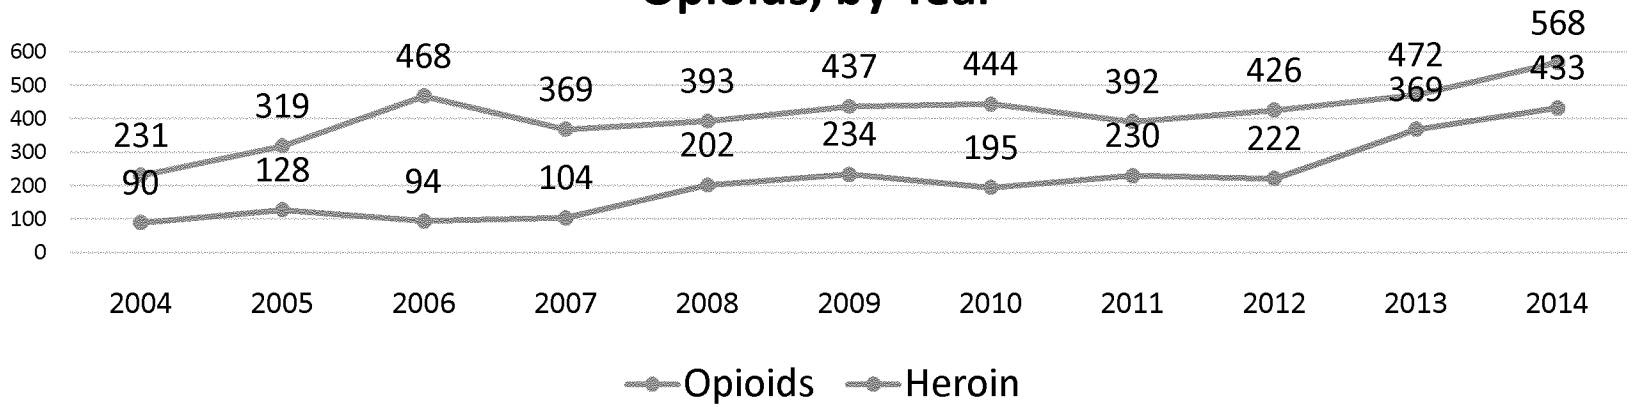
NEXT SLIDE

---

NOTE: "Opiates" include synthetic opiates Percocet, vicodin, oxycoton

# Trends: Substance Use Disorder Treatment, Prevention & Recovery Systems

## Number of Drug Poisoning Deaths Related to Heroin or Opioids, by Year



Source: Michigan Death Certificates, Division for Vital Records and Health Statistics/MDHHS

Between 2009 and 2012 in Michigan:

- 4,772 reported deaths due to unintentional or undetermined intent overdose (rate: 12.3 per 100,000 population)
- 930 reported opioid-related overdose deaths, nearly half (48%) of decedents had no prescription filled for opioids in the 30 days prior to death.
- Opioid overdose decedents with no opioid prescription (i.e., drug diversion) almost twice as likely to have cocaine or heroin at the time of death compared to those had an opioid prescription within the 30 days prior to death.

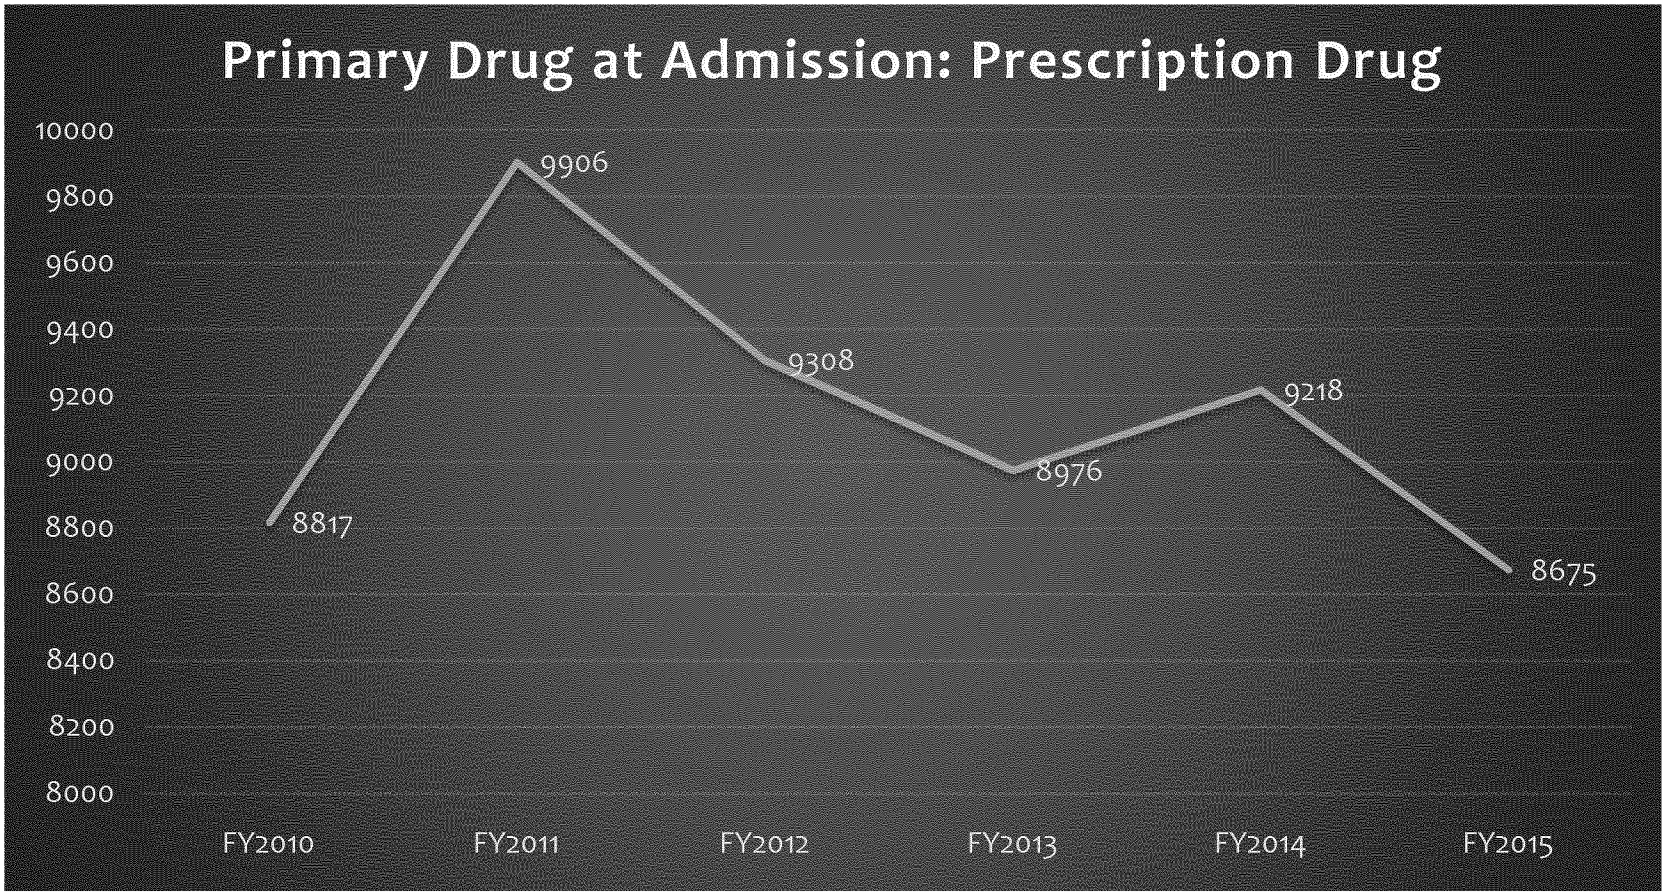
Source: Michigan Automated Prescription System (MAPS)

MDHHS
Michigan Department of Health & Human Services

[Speaker Notes For Slide: 16]

Although we saw some decreases in the number of drug overdose deaths related to heroin, it increased rapidly from 2012 to 2014.

# Trends: Substance Use Disorder Treatment, Prevention & Recovery Systems



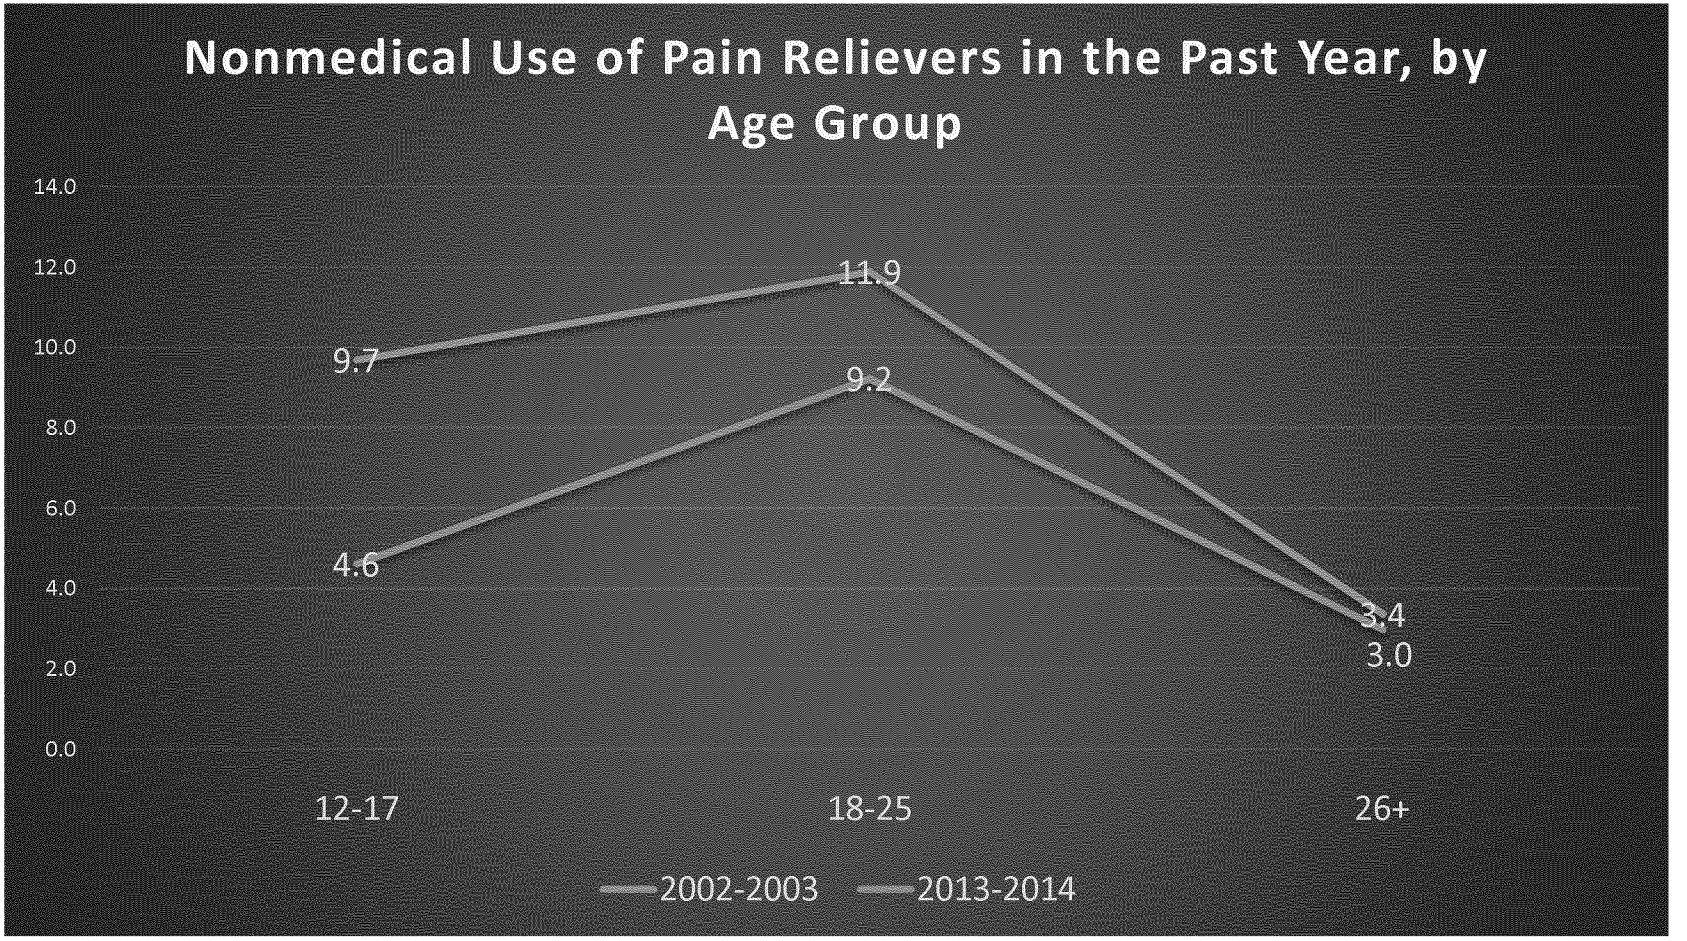
Source: FY2010 to 2015 TEDS treatment admission records, BHDDA/MDHHS

*Prescription Drugs include: Antidepressants, Other Amphetamines, Benzodiazepines, Tranquilizers, Synthetics Sedatives, Barbiturates, and Synthetic Opiates.*

[Speaker Notes For Slide: 18]

Between 2010 and 2015, the primary prescription drug treatment admission contributed about 14% of total treatment admissions in each year.

# Trends: Substance Use Disorder Treatment, Prevention & Recovery Systems

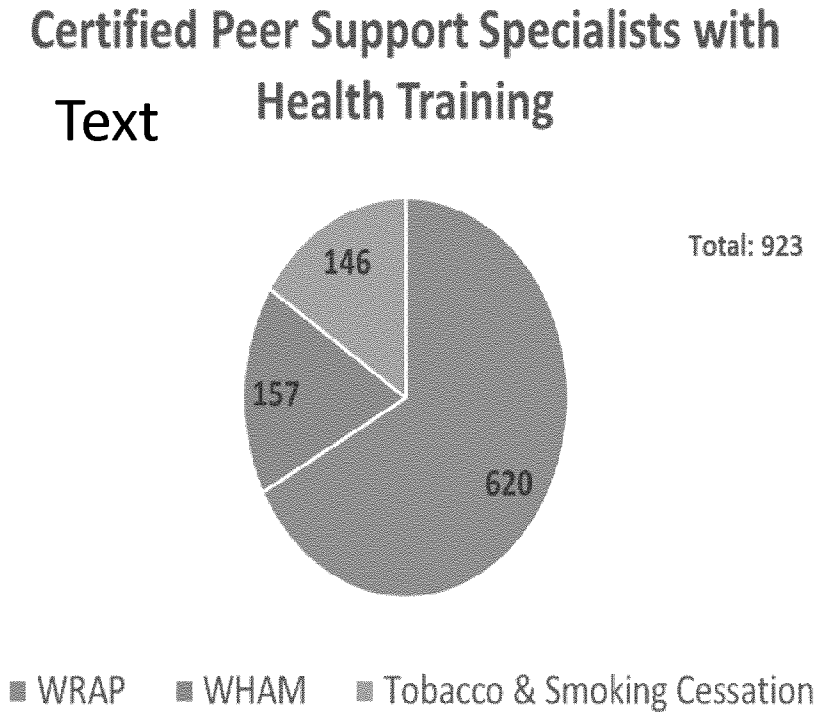


Source: National Survey on Drug Use and Health (NSDUH), 2002-2003 and 2013-2014, SAMHSA

[Speaker Notes For Slide: 20]

Nonmedical use of pain relievers in the past year decreased from 2003 to 2014 in general, more so for adolescents aged 12 to 17 compared to adults 26 and older.

# Peer Workforce & Wellness



[Speaker Notes For Slide: 22]

An important trend in Michigan is increasing strength of our Peer workforce. These two graphics show the increasing trend in that workforce, and the specialty in personal health and wellness that is also increasing in this workforce.

# Services to Children and Families

**New Medicaid Service: Youth Peer Support**

- Youth Peer Support (YPS) provides youth with empowerment and hope through:
  - Direct support from someone with shared experience
  - Skill building on self-care and system navigation
  - Information sharing in a way that can be understood
- Provided by Youth Peer Support Specialists (aged 18 - 26) who have received mental health services as a youth. Preferably also have experience receiving services as a youth in multiple child-serving systems
- Youth Peer Support Specialists are willing to share personal experience

[Speaker Notes For Slide: 24]

The SED Waiver:
Provides home and community based services to children who meet the MDHHS criteria for the state psychiatric hospital for children.
Eligible children must reside with their birth, adoptive family or foster family.
Approved to serve up to XXX children in FY 16.
Currently served 357 children in FY 15.
State match for children in foster and adoptive care provided by Department of Human Services in participating counties
State match for non-foster care children comprised of Community Mental Health Services Programs (CMHSP) General Fund dollars in participating counties
Limited access to SEDW due to lack of General Fund dollars for the CMHSP.
With CMS approval of the proposed 1115 waiver, the SEDW will become statewide.

The next slide shows the counties where this important service is available today, and where it is not available due to the non-availability of general funds as match for this program.

# Services to Children and Families

**Serious Emotional Disturbance Waiver (SEDW)**

- 1915 (c) Waiver for children with Serious Emotional Disturbance (SEDW)
- Available in 33 of 83 Counties; limited by general fund available
- Community based services for non-Medicaid, state-psychiatric-hospital-eligible children
- Children must reside with their birth, adoptive family or foster family
- State match for children *in foster and adoptive* care provided by **Department of Health and Human Services in participating counties**
- State match for *non-child welfare children* comprised **of Community Mental Health Services Programs (CMHSP)** General Fund dollars **in participating counties**

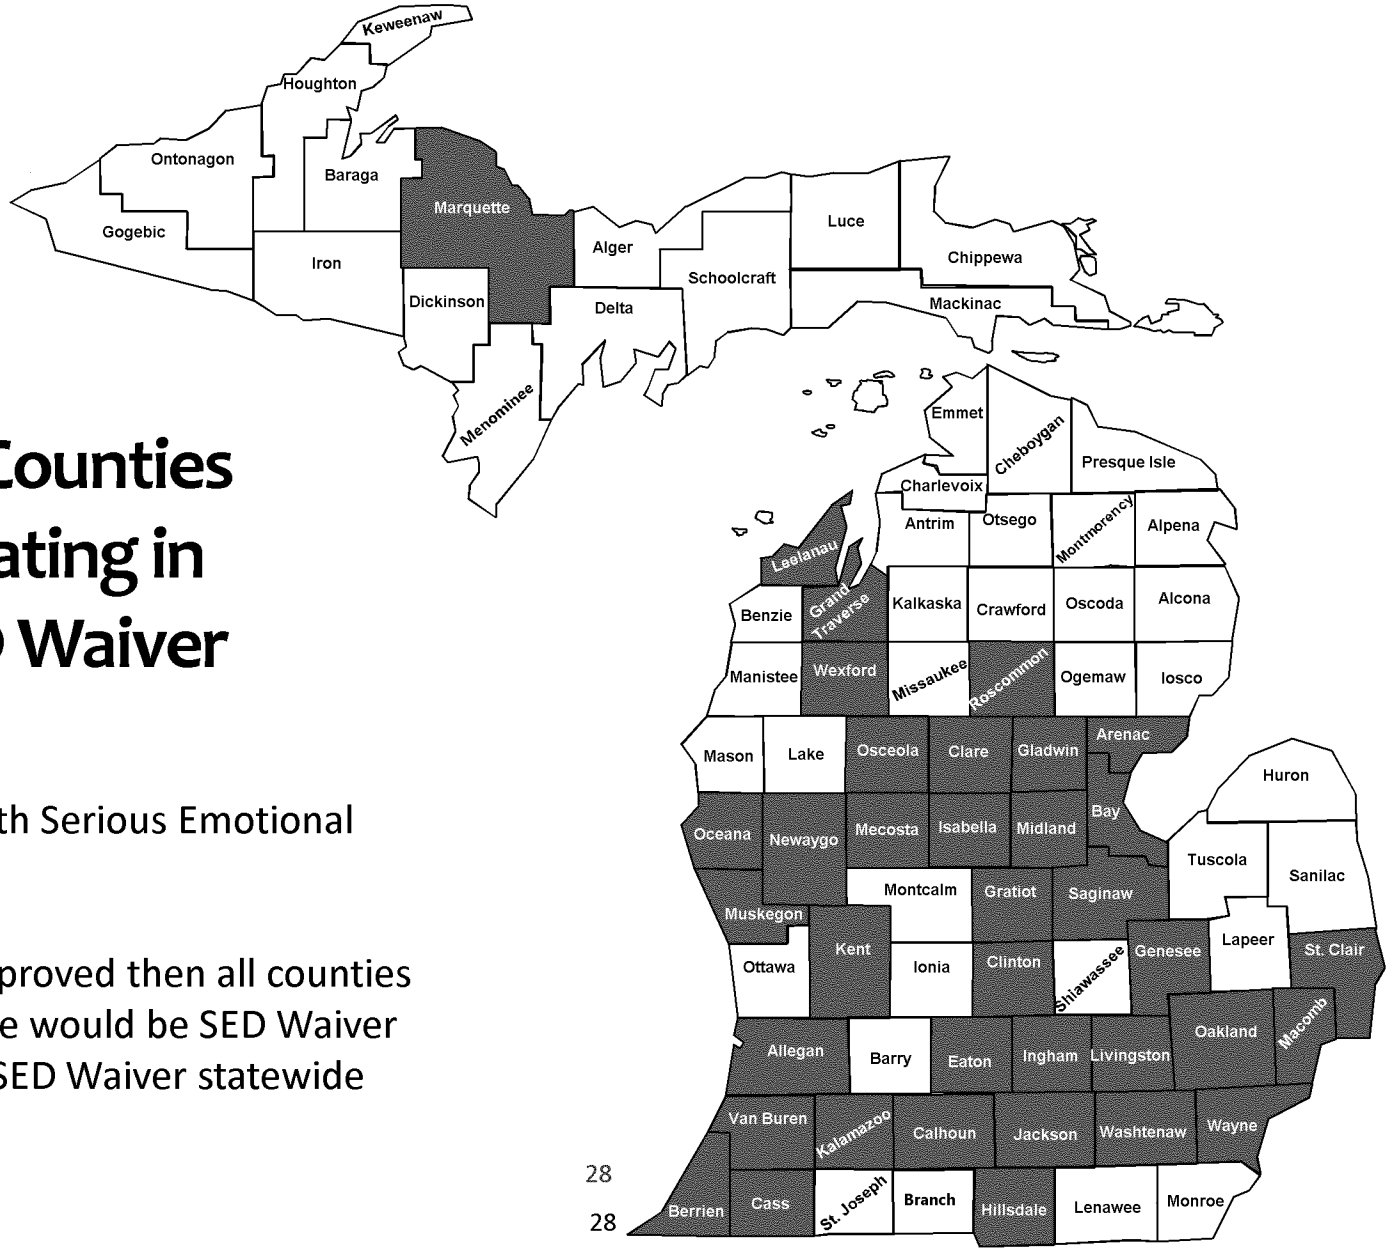
[Speaker Notes For Slide: 26]

The SED Waiver:
Provides home and community based services to children who meet the MDHHS criteria for the state psychiatric hospital for children.
Eligible children must reside with their birth, adoptive family or foster family.
Approved to serve up to XXX children in FY 16.
Currently served 357 children in FY 15.
State match for children in foster and adoptive care provided by Department of Human Services in participating counties
State match for non-foster care children comprised of Community Mental Health Services Programs (CMHSP) General Fund dollars in participating counties
Limited access to SEDW due to lack of General Fund dollars for the CMHSP.
With CMS approval of the proposed 1115 waiver, the SEDW will become statewide.

The next slide shows the counties where this important service is available today, and where it is not available due to the non-availability of general funds as match for this program.

# Services to Children and Families

## Current Counties Participating in the *SED Waiver



*SED-Children with Serious Emotional Disturbance.

*If the 1115 is approved then all counties not shaded in blue would be SED Waiver sites making the SED Waiver statewide

28

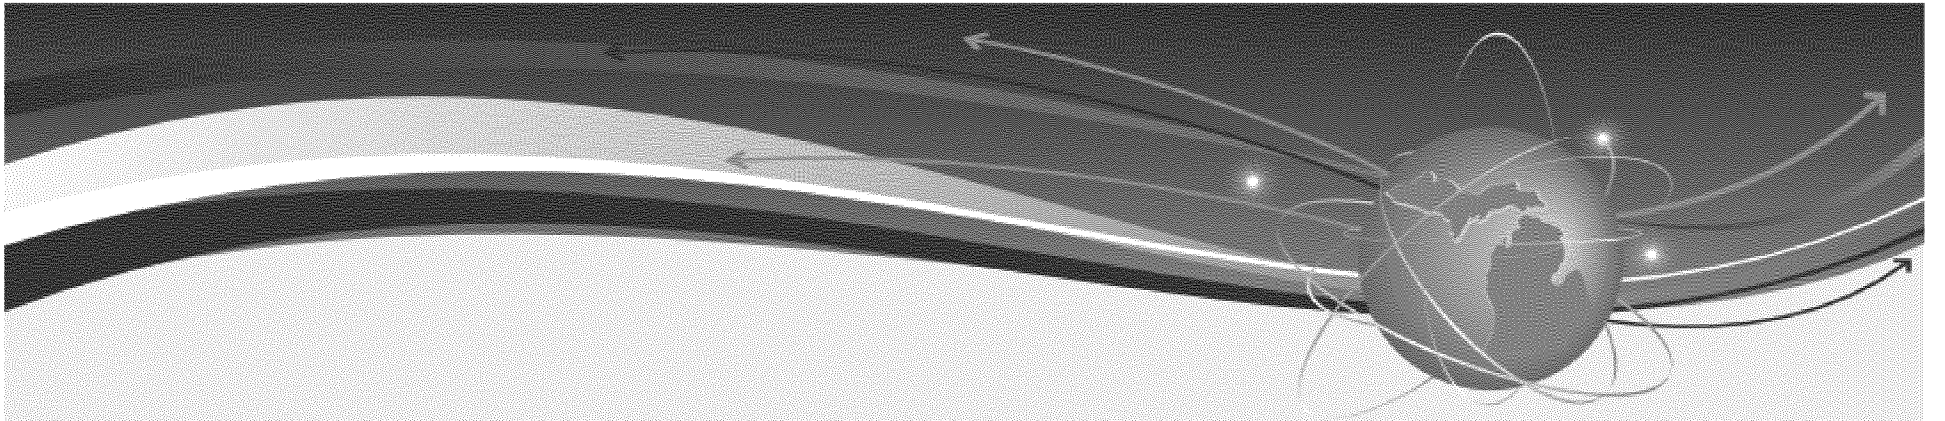
[Speaker Notes For Slide: 28]

If you are interested during time we may have available for questions, I can outline for you a vignette of the challenges of children served in these counties highlighted in blue, through the SEDW program.

NEXT SLIDE:

---

Vignette of Child Served in SEDW (Non Medicaid may have Commercial Insurance)
14-year-old teenage boy who has had 10 private psychiatric hospitalizations since the age of 7 when he first reported "seeing things that were not there"
Involved in outpatient therapy and psychiatric medication monitoring utilizing private insurance with no clinical improvement for many years
Out of pocket cost of psychotropic medications/copays approximately $300 a month and private insurance mental health coverage were exhausted for the year
Youth unable to attend school most of the time due to behavioral health symptoms
Supportive mother and step father but they are at the end of their rope with cycle of hospitalizations, police contacts, property destruction, self harm and aggression
Younger siblings terrified of youth's unpredictable outbursts and aggression
Youth was on probation for domestic violence and property destruction (broke family's van windows on way to hospital in a violent rage)
Youth desperately needed intensive services offered through PIHP/CMHSP not covered by private insurance (Wraparound, Home-Based Therapy using evidenced- based practices, respite, community living supports)
Family could not afford to access CMHSP services without the SED Waiver which makes children Medicaid-eligible if they meet the criteria for psychiatric hospital level of care and are one of the 33 counties who have the SED Waiver and the CMHSP has General Fund match
Outcome for child from SED Waiver- the youth accessed needed CMHSP intensive services, cycle of hospitalization stopped, regularly attending special education program at school , off probation and still safely in the family home.



Michigan Department of Community Health

# State Hospitals and Centers

**Adult Hospitals:**

- Caro (147)
- Reuther (151)
- Kalamazoo (131)

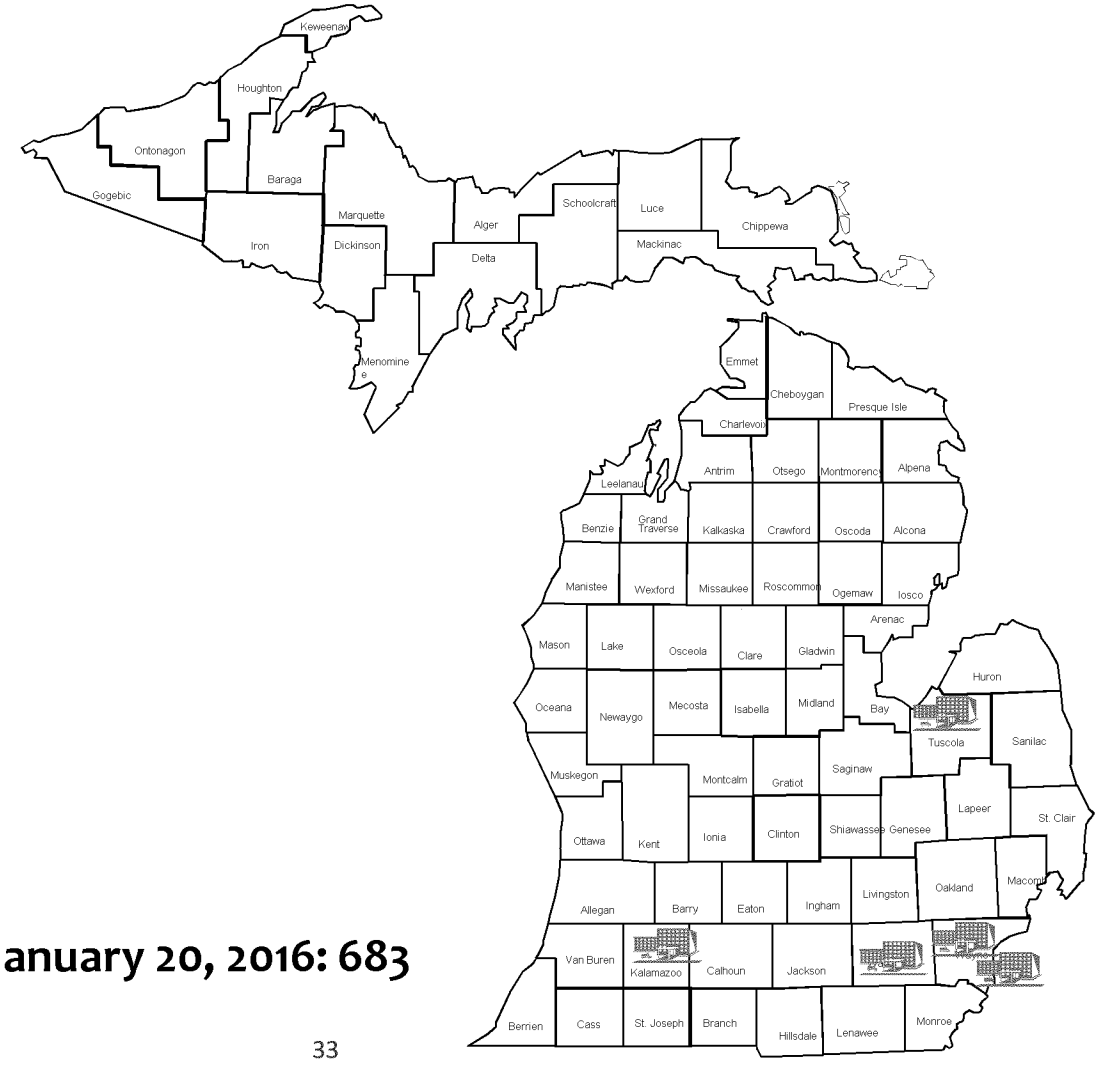
**Forensic:**

- CFP (213)

**Children:**

- Hawthorn (41)

**In-house census as of January 20, 2016: 683**



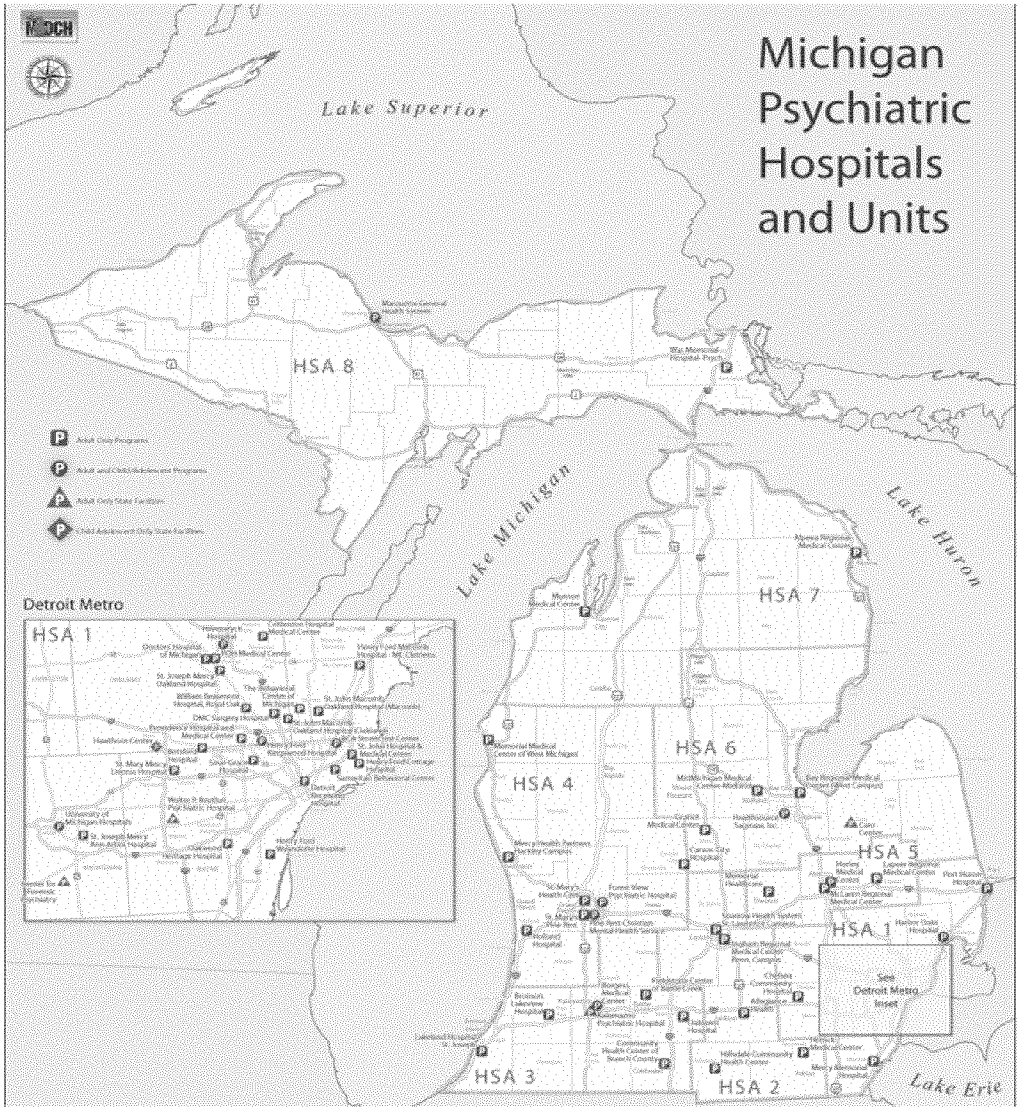
33

[Speaker Notes For Slide: 33]

This slide shows the location of and point in time census of the state hospitals. Again, state hospital is considered the acute setting of last resort for those whom can not be safely and effectively served in community inpatient settings. Census listed on this slide is as of, January 28, 2015:

NEXT SLIDE:

# Private Psychiatric Inpatient Facilities



**Total Inpatient Licensed Beds***

Adult – 2018 beds, 59 facilities

Child/Adolescent – 256 beds, 10 facilities

*Does not include State Psychiatric facilities

35

[Speaker Notes For Slide: 35]

The public behavioral health and developmental disabilities administration provides a full continuum of services for persons with MI, DD, SUD, and children with SED. This includes acute inpatient stays.

The far majority of acute psychiatric inpatient stays are in local private inpatient settings. The locations of these psychiatric units are depicted on this slide.

For persons with Medicaid these inpatient stays are funded through 10 Medicaid Pre Paid Inpatient Health Plans who develop the provider networks and contracts, and authorize and purchase services through these local inpatient units. For persons whom are indigent, the CMH must use general fund or local dollars to pay for the stay in a local private inpatient setting.

If local inpatient units are unable to meet the intensity of need for someone, then admission to the state hospital may be considered, and then purchase of service general fund dollars are used.

NEXT SLIDE

# Update: 2016 Initiatives

# Children's Behavioral Action Team (CBAT)

## Overview

- Transition Plans from Hawthorn Center to community
- 50 extremely complex children/youth
- Program goal: facilitate successful transition from Hawthorn.
- Address system barriers and gaps across Health Plans/Community Mental Health Services Programs, county offices of DHHS, schools, courts, primary care, families/guardians
- Target population: children/youth with serious emotional disturbance, ages 5 to 18, currently admitted at Hawthorn, multiple hospitalizations and failed community placements
- Extensive trauma histories
- Youth served to date: , 17% Fetal Alcohol Spectrum Disorder; 50% Autism Spectrum Disorder; 38% Intellectual/Developmental Disabilities; 71% special education; 29% are adopted, 29% Child Welfare system
- Mental Health and Wellness funds
- Contract provider: The Guidance Center, contract initiated March 16, 2015

[Speaker Notes For Slide: 38]

The CBAT is responsible for overseeing development of collaborative transition plans to support 50 extremely complex children/youth to be discharged from Hawthorn Center to return home to their families, or if this is not possible, to the most family-like setting with the necessary community supports and services. The goal of the CBAT is to address system barriers and concerns in conjunction with Hawthorn Center, Prepaid Inpatient Health Plans/Community Mental Health Services Programs, county offices of DHHS, schools, courts, primary care, families/guardians and the children and youth themselves in order to facilitate successful transitions for these children/youth. CBAT staff began work at Hawthorn on March 16, 2015.

The target population of the CBAT includes children/youth with serious emotional disturbance, ages 5 to 18 currently residing in Hawthorn Center. The children/youth served by CBAT have experienced multiple hospitalizations and failed community placements and have extensive trauma histories. Of the children/youth served thus far, 17% have Fetal Alcohol Spectrum Disorder; 50% have Autism Spectrum Disorder; 38% have Intellectual/Developmental Disabilities; 71% receive special education services; 29% are adopted and 29% are involved in the Child Welfare system.

The CBAT is funded by Mental Health and Wellness funds. The Guidance Center was awarded the contract to provide CBAT services which runs through September 30, 2016.

# Children's Behavioral Action Team (CBAT)

## Outcome data as of December 31, 2015:

- 24 children/youth, representing 14 counties
- 6 yet to be discharged from Hawthorn
- 18 have been discharge
- Status post discharge of 18: 15 (83%) remain in community
- 3 (17%) in community based residential placements. Work continues to further transition family-like setting
- 75% of children discharged have not returned to inpatient care
- 7 psychiatric readmissions for 5 children/youth since March 2015, with 5 successful transitions back to the community
- Psychiatric hospital re-admission days reduced 65-70%

# Children's Transitional Program Overview

- 24 bed program , age 5-17
- For transition to an aftercare setting, hospital level of care (Hawthorn)
- Program to intensively prepare youth for home and school
- Youth served: severe emotional/behavioral disturbance who need complex/sophisticated aftercare plans, who have been repeatedly hospitalized and/or placed
- Average stay 3-6 months
- All youth also served in the Children's Behavioral Action Team program;
- The 24 beds alleviate some capacity challenges with Hawthorn, with benefit of moving children into treatment more quickly and out of emergency departments
- Transitional program administered by MDHHS through Hawthorn Center, beds managed by the CMH, possible additional university/vendor partnerships
- Target opening: Fall 2016
- Mental Health and Wellness Commission Recommendation

[Speaker Notes For Slide: 41]

Treatment Goals:
encourage strong connection to community (family, school, etc.)
supporting family in learning skills that will permit successful transition
Using evidence based/supported treatment methods
How:
Family, group, individual therapy
ABA, CBT, PMT, DBT and other appropriate evidence based/supported treatment methods
Therapeutic education program (self-contained classroom instruction; off grounds instruction when feasible)
OT, RT, speech/language therapy
Psychiatric, pediatric, dental, nursing, dietary, and psychological assessments, treatments, care and services
Active milieu treatment
social and daily living skills development
recreational activities (including off grounds activities)
Work-study programs
Treatment focused leaves of absence with family
Discharge Goals: through CBAT and the transitional program treatment team, reintegrate youth back into the community (family or the most family-like setting)
Discharge Goals: development of complex/sophisticated aftercare plans that comprehensively include patients and their families, schools, juvenile justice, the foster care system, community mental health and its service providers, physical medicine, etc.

# Autism Services

## Autism Applied Behavior Analysis-Medicaid

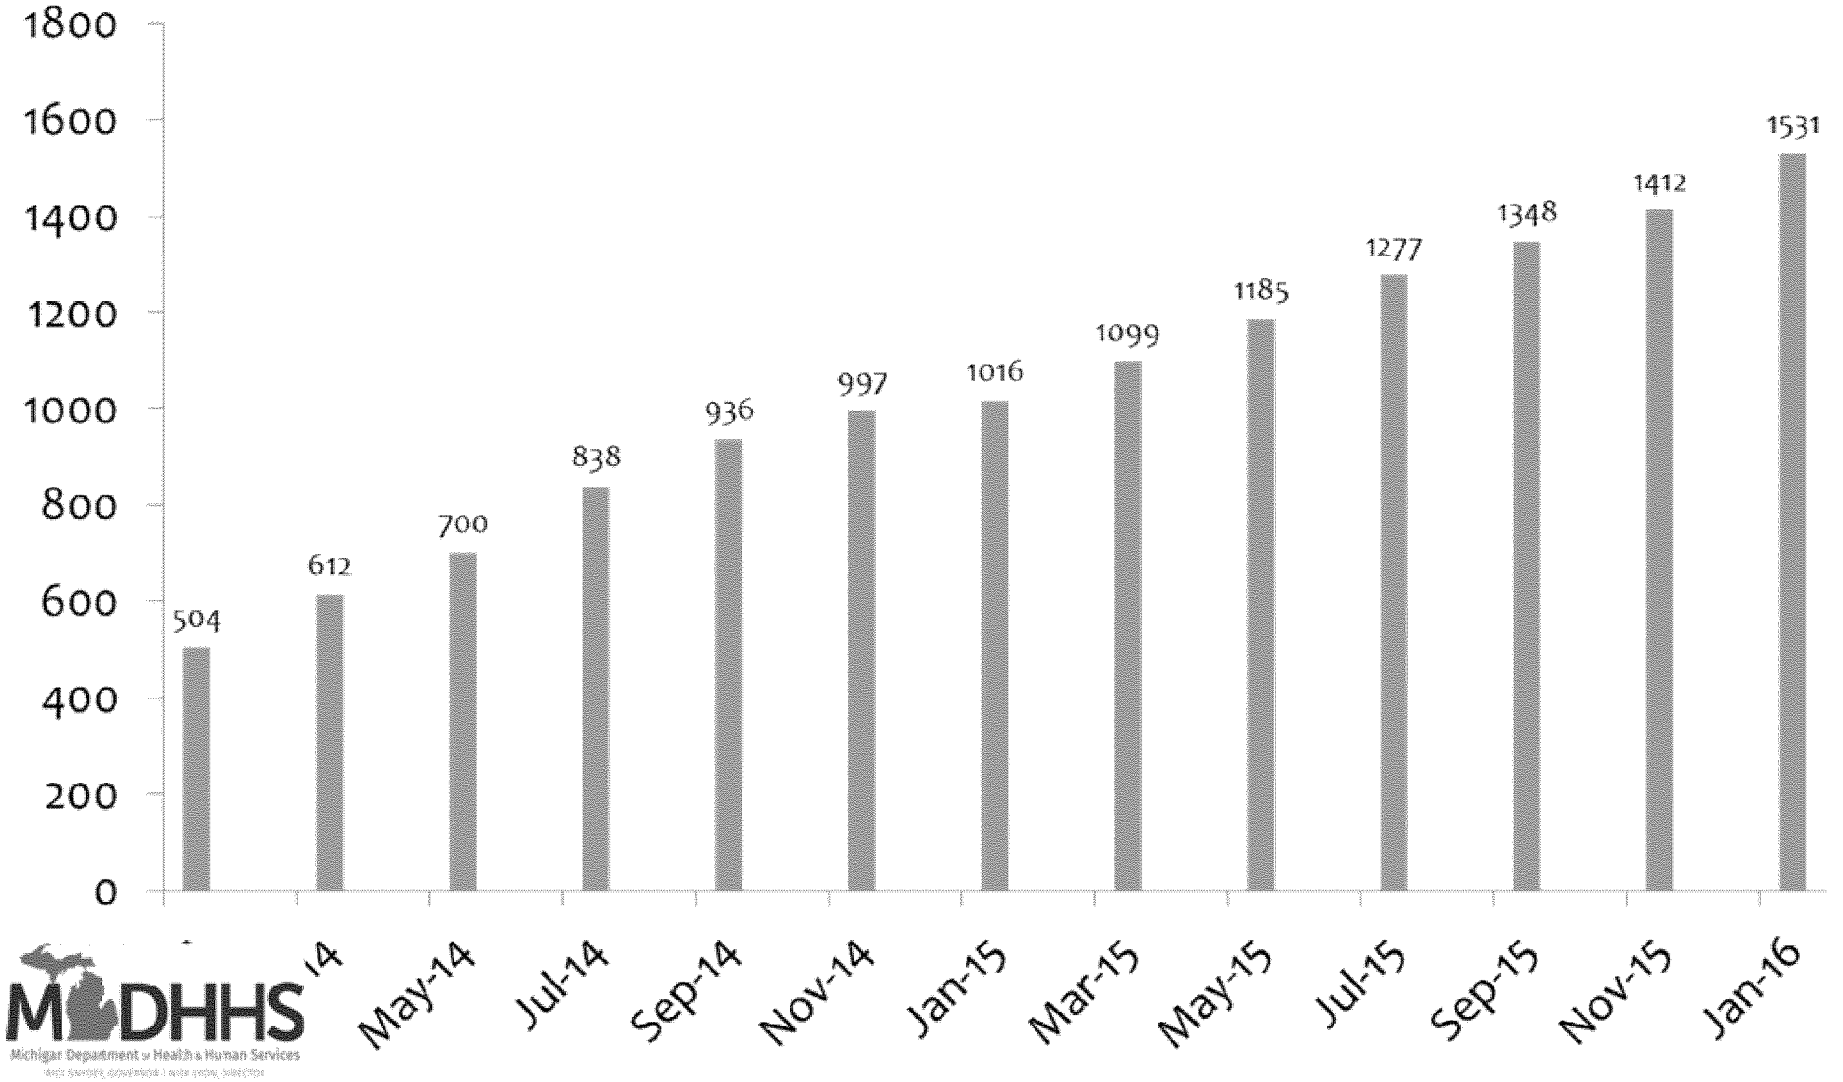
- April 1, 2013 – December 31, 2015
- 18 months through 5 years
- 3,328 received diagnostic services
- 2,490 diagnosed and eligible for Applied Behavior Analysis Services (ABA)
- 442 ineligible due to age
- 98% retention rate of eligible children continuing ABA

## Autism Applied Behavior Analysis-Medicaid

- January 1, 2016 policy expanded
- Through 20 years
- State Plan Amendment, included under EPSTD
- 1,564 diagnosed and eligible (1/22/16)
- 146 over 5 years old (1/22 /16)

[Speaker Notes For Slide: 43]

# Medicaid Autism ABA Beneficiaries



MDHHS
Michigan Department of Health & Human Services

[Speaker Notes For Slide: 45]

200 + aged off

# Autism Services: 2016 Initiatives

## Autism State Plan: MDHHS Priority Areas for 2016

- Increase ABA service providers
- Expand the education services and supports
- Improve the crisis management systems and coordination
- Increase the ASD training within health care providers and students
- Expand the knowledge of ABA and collaboration of providers

## Autism Family Supports Services Program

- Build infrastructure to assist individuals with health care, educational supports, and employment
- 2015 equipped over 600 families with services and resources (2016 target 1,000)
  - Including case management to complex situations
- 2015 ASD Safety Training provided to 2,448 emergency responders and service providers. (2016 target 2,500)
  - 84 of 90 Flint Police Department Officers trained January 2016

[Speaker Notes For Slide: 47]

Autism Council appointed by Governor Snyder is actively working to advise all aspects of the state through DHHS in the best ways to meet the ten goals areas of the Autism state plan, with top three priorities for 2015 and 2016 being:
Increase applied behavior analysis service providers to assure all children with autism spectrum disorder can access the intensity and hours of applied behavior analysis medically necessary for them.
Expand the education services and supports for students with autism spectrum disorder in the public schools.
Improve the crisis management systems and coordination of responses and care for families experiencing extreme behavior challenges with youth and young adults with autism spectrum disorder.
In 2015 a statewide infrastructure t referred to as "Autism Supports Services Program" is being built o assist individuals with autism spectrum disorder with resources for health care, educational supports and employment. In 2015-2016 it will include:
Providing assistance in a minimum of four prosperity regions (36 counties, including Wayne and Oakland)
Equipping over 1,000 families with services and resources
Administering case management to complex situations
This effort includes allocating $1,125,000 to Autism Alliance of Michigan for this work.

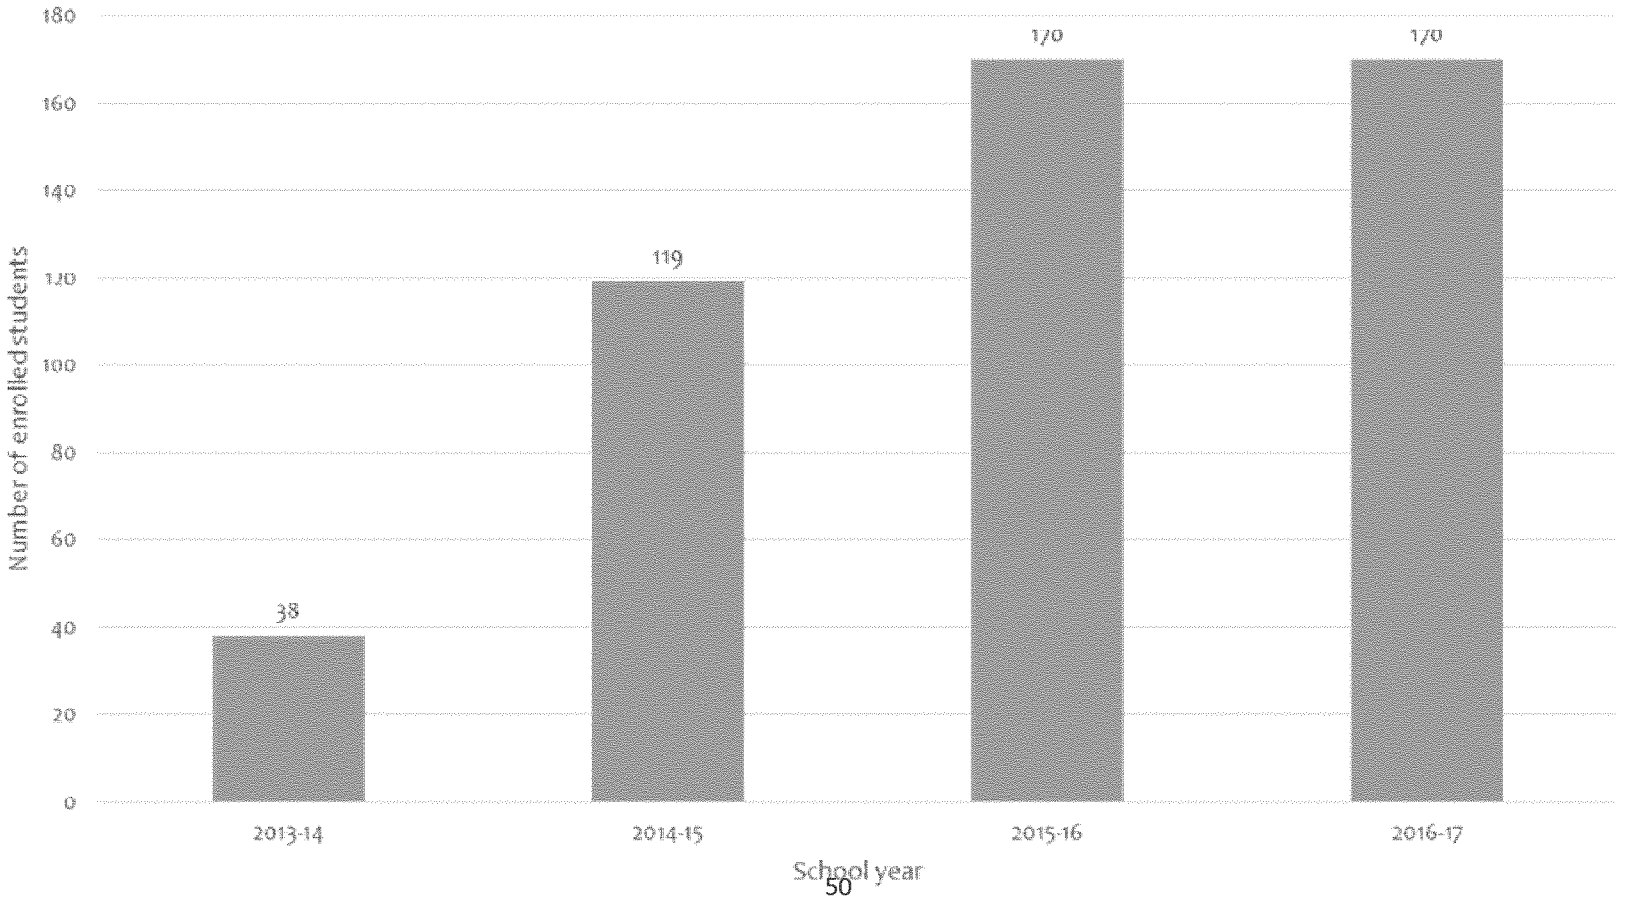
# Autism Services: 2016 Initiatives

## Autism Applied Behavior Analysis Workforce Capacity (Medicaid and Other Payers)

- **Board Certified Behavior Analysts:**
  - 370 in Michigan as of December 31, 2015
  - 49% increase from 2014 (248) and 214% increase from April 2012 (118)
- **University Programs:**
  - Two (2) universities with degree programs in 2012 and eight (8) in 2015-16
  - U of Michigan Dearborn on schedule to offer a degree program in 2016-2017
- **Universities funded:**
  - Central Michigan University
  - Eastern Michigan University
  - Michigan State University
  - Oakland University
  - University of Michigan – Dearborn
  - Wayne State University
  - Western Michigan University

# Autism Services: 2016 Initiatives

## Autism Applied Behavior Analysis Workforce Capacity
### Number of Students Enrolled in Master-Level ABA Program in MI



50

# Autism Services: 2016 Initiatives

## Autism Applied Behavior Analysis Workforce Capacity (Medicaid and Other Payers)

- Board Certified Assistant Behavior Analysts (Bachelor Level)
  - 18 in Michigan as of December 31, 2015
  - 80% increase from April 2012 (10)

- **University Programs:**
  - No degree programs in 2013
  - Central Michigan University started in 2014-15
  - Oakland University, University of Michigan – Dearborn, Wayne State University and Western Michigan University are scheduled to offer it in 2016-2017

# 2015-2017 Diversion Council Pilots

## Community Diversion Pilots:

| | |
|---|---|
| * Barry | CIT, jail screening and treatment groups (cont.) |
| * Berrien | CIT, in jail services/staffing (cont.) |
| * Detroit Central City | In jail services, forensic ACT team, housing (cont.) |
| * Kalamazoo | CIT, CIT-Y, longer term housing (cont.) |
| * Kent | In jail services/pre release services (cont.) |
| * Livingston | CIT, In jail services (new 2 yr. grant) |
| * Marquette | CIT, MRT, in jail assessments/screening (cont.) |
| * Monroe | In jail services/pre release services (cont.) |
| * Oakland | CIT, CIT-Y, in jail staffing (cont./new 2 yr. grant) |
| * St. Joseph | On site diversion center/CIT (cont.) |
| * SW Community Court | Post booking services thru court (cont.) |

## Learning:

* Before pilots: no uniform mechanism for measuring mental health need (across jails/state)
* Pilots: utilized consistent screening process across the 8 pilot sites
* **On average, 22% of those entering these 8 sites have symptoms indicative of a serious MH problem; however there is variability across counties that ranges from a low of 15% to a high of 38%.**
    * these numbers allow us to establish a bench mark for future measurement of increasing or decreasing need within the jail

# 2015-2017 Diversion Council Pilots Evaluation Focus

* Implementation Report: March 2016
  * First year progress including numbers of those admitted to the jail with a MH problem, those served by diversion, those trained in CIT, and interviews with stakeholders
* Short term outcomes: Fall 2016
  * Assessment of recidivism of those provided diversion services within the jail
  * Assessment of CIT training activities; community service utilization
* Long term outcomes: Fall 2017
  * Recidivism after 1 year
  * Treatment engagement in the community

# Other Notable 2016 Initiatives

- Certified Community Behavioral Health Clinics planning grant (application to be demonstration state due October 31, 2016
- Home and Community Based Services Transition Plan
- Change in Medicaid Waiver Foundation (1915b,c to 1115)
- Integration-Whole Health & Wellness
  - Substance Abuse, Mental Health and Developmental Disabilities
  - Physical Health and CMH Delivery and Management Systems
  - Human Services and CMH, Substance Use, and I/DD

# Prescription Drug and Opioid Abuse Task Force Recommendations

*Red text denotes DHHS lead agency for action in 2016-2017

* Prevention
  * Create additional training for prescribers
  * Increase prescription drop-off bins
  * Improve prescription monitoring program
* Treatment
  * Increase access to Naloxone
  * Increase access to care
  * Increase the number of addition specialists
  * Require a bona-fide physician patient relationship
  * Develop best practices for reducing neo-natal abstinence syndrome
* Regulation
  * Create a tiered licensing system
  * Good faith exemption for pharmacists
  * Review and endorse a best practices policy for hospitals and doctors
* Policy and Outcomes
  * Create ongoing Task Force
  * Create a State Dashboard to measure outcomes
* Enforcement
  * Improve the MI Automated Prescription System (MAPS)
  * Increase access to MAPS
  * Increase sanctions

# Governor Snyder's FY17 Recommendation

(LEAVE PAGE BLANK)

# FY 17 Program Investments and Other Adjustments
## (in millions)

| Description | FY 2017 Recommendation | |
|---|---|---|
| | GF/GP | Gross |
| Investments: | | |
| New Patient Unit at the Center for Forensic Psychiatry (on going) | $7.6 | $7.6 |
| Autism Navigator/Autism Alliance (one-time) | $1.1 | $1.1 |
| Other Adjustments: | | |
| Actuarial Soundness Rate Adjustments | | |
| 1.5% for Prepaid Inpatient Health Plan (PIHP) Actuarial Soundness | $12.1 | $35.3 |
| 1.5% for Healthy Michigan Plan (HMP) Mental Health & Substance Use | $0.0 | $4.6 |
| Community Mental Health Non-Medicaid Services | $20.0 | $20.0 |

# Additional Unit at the Center for Forensic Psychiatry (CFP)

* CFP is mandated by statute to provide specialized mental health services to individuals adjudicated Incompetent to Stand Trial and Not Guilty by Reason of Insanity
* In recent years, there has been a nationwide increase in the demand for forensic psychiatric beds for such individuals
* Michigan has experienced a 30% increase in demand over five years, which the state hospital system has not been able to absorb
* As a result, there is a long waiting list for admission to CFP, and individuals who are unable to proceed to trial as a result of mental illness and who have been court-ordered for treatment sit in jails throughout the state
* Similar situations in other states have resulted in successful class-action lawsuits against the state, with subsequent federal oversight
* Open an additional 34 bed unit at CFP, allowing 12,410 additional patient days of specialized treatment

[Speaker Notes For Slide: 58]

Among the states successfully sued are Louisiana and Washington. The ACLU filed a suit in California this summer. Michigan is vulnerable. Judges, attorneys, county executives, and others from across the state are aware of and protesting the lack of available beds.

The delay in admission results in many cases in significant deterioration in the individuals' conditions: the jails cannot (and should not be expected to) meet the mental health needs of individuals who have been court-ordered for treatment to CFP or other DHHS hospitals

The wait list for male IST admissions to CFP is 39 as of today. All but 4 are incarcerated. 15 have been awaiting admission since last fiscal year, 4 since July.

Here's the statute that mandates CFP's existence. The "such services as are required by law" to which it refers include, for example, competency evaluation & restoration (330.2026 et seq, 330.1476), criminal responsibility evaluations (768.20a et seq), evaluation and oversight of NGRI acquittees (330.2050), etc.

330.1128 Center for forensic psychiatry.
Sec. 128.
The department shall maintain under its jurisdiction an entity to be known as the center for forensic psychiatry. The center shall perform such services as are required by law and may, with the approval of the director of the department, perform any other service or activity, including research, that pertains to mental health and the criminal law.

History: 1974, Act 258, Eff. Aug. 6, 1975

# 2017 Diversion Council Pilots

- Site visits and review of short-term outcomes with each site in early 2016; recommendations to be provided to each site to enhance Yr. 2 activities
- Collection of recidivism data from each jail for short/long term outcomes
- Collection of 2nd round of MH screening data using the standardized instrument from all jails
- Measuring the utilization of community treatment alternatives in communities that implement CIT
- Long term outcomes: Fall 2017
  - Recidivism after 1 year
  - Treatment engagement in the community

[Speaker Notes For Slide: 62]

We'll once again be hosting a legislative breakfast along with other partners toward the end of April in the Capitol View Building to unveil the County Health Rankings document. This document will provide you with an in-depth look at the health status of your districts. You'll be receiving more information on this in the near future.

I'd like to thank you for your time and attention today and invite any questions you may have.

# Medical Services Administration

## Fiscal Year 2017

**Presentation to {Senate/House} {Full/Sub}Appropriations Committee on Health & Human Services**

**March 1, 2016**

**Chris Priest**, Senior Deputy Director, Medical Services Administration
**Farah Hanley**, Senior Deputy Director, Financial Operations Administration

# Our Guiding Principles

## Mission

The Michigan Department of Health and Human Services provides opportunities, services, and programs that promote a healthy, safe, and stable environment for residents to be self-sufficient.

## Vision

Develop and encourage measurable health, safety and self-sufficiency outcomes that reduce and prevent risks, promote equity, foster healthy habits, and transform the health and human services system to improve the lives of Michigan families.

MDHHS
Michigan Department of Health & Human Services

# MEDICAID OVERVIEW

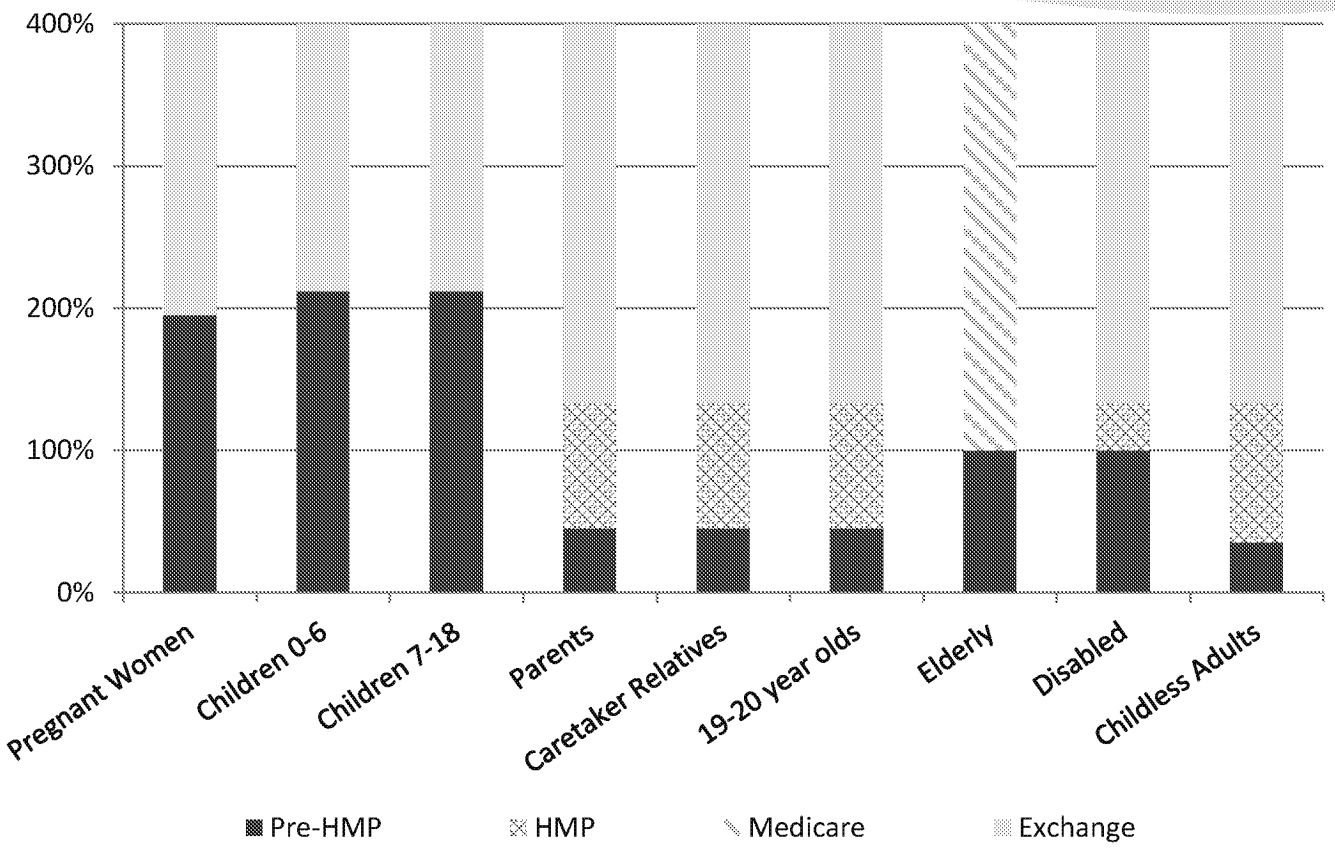
MDHHS
Michigan Department of Health & Human Services

# Medicaid Primer

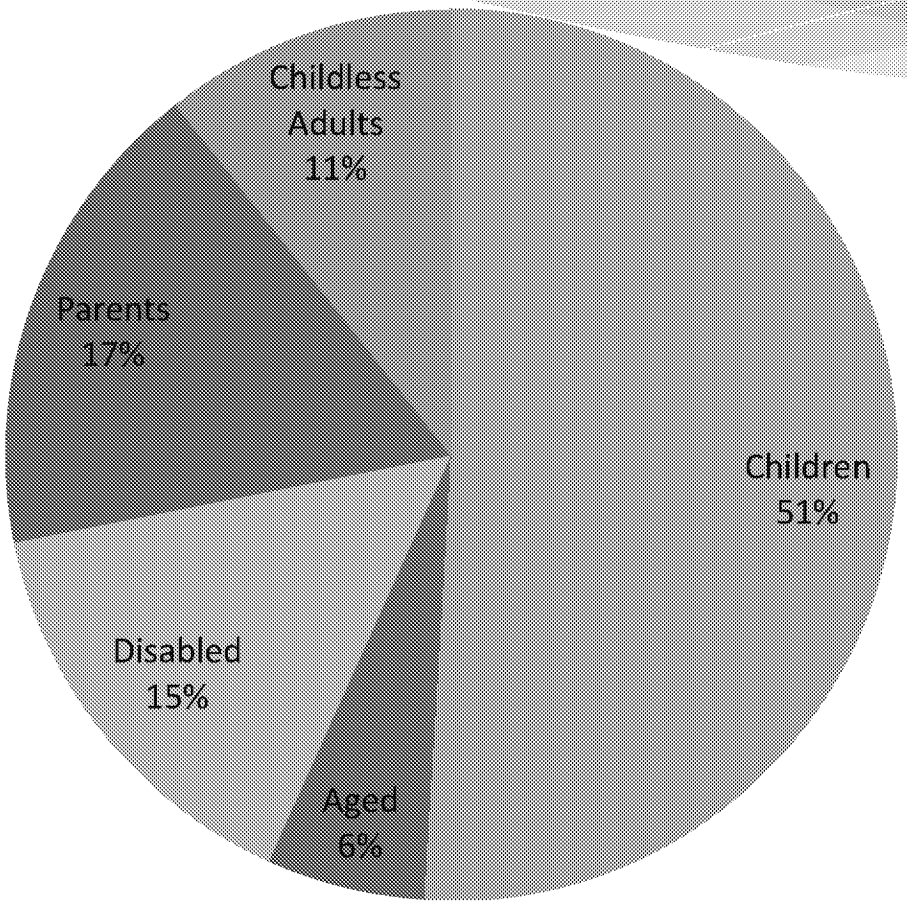
- Medicaid is the largest health insurance program in the U.S.
  - State and federal partnership
  - Mandatory services with state options for broader coverage
- Michigan Medicaid covers many different populations, including:
  - 1.2 million children
  - 600,000 who receive health care under the Healthy Michigan Plan
  - 148,000 Michigan seniors get their health care through Medicaid
  - 380,000 people with disabilities who receive the care and support they need to live independently
- FY16 Medicaid Budget in Michigan: $17,635,516,000

MDHHS
Michigan Department of Health & Human Services

# Eligible Populations



# Medicaid Consumers



# Examples of Medicaid's Impact on Michiganders

- 50% of Michigan's children received health coverage through Medicaid at some point in the last year
- 216,583 children had at least one dental visit
- 1,404 children were screened for Autism Spectrum Disorder (ASD)
- 55,365 babies were delivered to women on Medicaid
- 393,535 women were screened for cervical cancer
- Nearly 30 million unique prescriptions were filled
- Cancer treatment for 129,699 adults & 15,184 children
- 140,097 adults with Type 1 or Type 2 Diabetes
- 2/3 of all Michigan Nursing Home Beds are supported by Medicaid

MDHHS
Michigan Department of Health & Human Services

# Examples of the Healthy Michigan Plan's Impact on Michiganders

Since the program began in April 2014:

- 435,769 enrollees received a primary care visit
- 276,479 preventive visits have been covered
- 229,745 enrollees received a dental visit.
- 7,010 enrollees received an OB visit (Antepartum, Delivery, Postpartum)
- 136,283 mammograms have been covered
- 32,575 enrollees were screened for colon cancer
- 158,881 enrollees received mental health services
- Nearly 915,000 mental health encounters (through the MHPs/PIHPs)
- 67% of newly eligible enrollees have received a visit with their Primary Care Provider within 150 days of enrollment.

MDHHS
Michigan Department of Health & Human Services

# DELIVERY SYSTEM

# Michigan Medicaid Managed Care

- 76% of Medicaid beneficiaries are enrolled in one of the eleven contracted Medicaid Health Plans (MHPs)
  - Full-risk contracts with a mix of profit and non-profit; national and local health plans
- MHP coverage responsibilities include:
  - Comprehensive physical health care (acute, primary, and specialty services)
  - Most Prescription drugs
  - Outpatient mental health care for the mild-moderate population
  - Transportation
- Emphasis on high quality, low cost, and care coordination

MDHHS
Michigan Department of Health & Human Services

# Medicaid Health Plans-Effective January 1, 2016

**Region 1 –**
Upper Peninsula Health Plan

**Region 2 –**

# Michigan Medicaid Fee For Service (FFS)

- 24% of Medicaid beneficiaries are covered through FFS on an ongoing basis
  - Dual Eligibles (Medicaid/Medicare)
  - Migrant populations
  - Native Americans
  - Long Term Care
  - Spend Down
- 16.5 million FFS claims annually—totaling approximately $2.6 billion

MDHHS
Michigan Department of Health & Human Services

# UPDATE ON MAJOR INITIATIVES

MDHHS
Michigan Department of Health & Human Services

# Flint Declaration of Emergency

- Federal waiver request includes:
  - Expanded Medicaid eligibility for all residents in the impacted areas up to age 21, regardless of income level;
  - Additional community-based resources to ensure all children have access to comprehensive medical treatment (targeted case management); and
  - Federal Medicaid match for lead abatement activities in the impacted areas.

MDHHS
Michigan Department of Health & Human Services

# Healthy Michigan Plan

- 601,889 individuals enrolled as of January 19, 2016
- Key components of program:
  - Incentives for beneficiaries to promote personal responsibility
    - Beneficiary cost sharing
    - Healthy behavior incentives
  - Incentives for MHPs and providers to promote accountability around quality, cost, and utilization
    - Performance metrics/monitoring
    - Performance bonus incentive pool

MDHHS
Michigan Department of Health & Human Services

# Healthy Michigan Plan- Second Waiver

- Pursuant to Public Act 107 of 2013, Michigan was required to obtain a second waiver in order to maintain coverage for all beneficiaries enrolled in the Healthy Michigan Plan.
  - Waiver was submitted 9/1/15 and approved by CMS on 12/17/15
- Effective April 1, 2018, all individuals above 100% FPL, except those who are medically frail or newly enrolled, will have a choice:
  - Option 1 – Attest to a healthy behavior and choose to continue Healthy Michigan Plan coverage or receive subsidized coverage through the federal marketplace
  - Option 2 – Receive subsidized coverage through the Federal Marketplace

MDHHS
Michigan Department of Health & Human Services

# MI Health Link

- Three year demonstration to improve quality and access to care for dual eligible residents by aligning Medicare and Medicaid services, rules, and funding
- Program launched in March 2015 and is currently operating in four regions of the state (Upper Peninsula, Eight counties in Southwest Michigan, Wayne County and Macomb County)
- 36,260 individuals are currently enrolled in the demonstration

MDHHS
Michigan Department of Health & Human Services

# Healthy Kids Dental Expansion

- Funding was appropriated in FY16 to continue expansion of Healthy Kids Dental
- Over 250,000 children birth to 12 are now covered in Kent, Oakland, and Wayne Counties
  - 57% of continuously enrolled children are currently receiving an annual dental visit.
- MDHHS also expects to bid the Healthy Kids Dental contract for the first time in 2016

MDHHS
Michigan Department of Health & Human Services

# Specialty Pharmaceuticals

- 70% of the drugs currently in the FDA pipeline are specialty pharmaceuticals.
- In December, the MDHHS Pharmacy and Therapeutics (P&T) Committee recommended Medicaid coverage of specialty pharmaceuticals to treat Hepatitis C and Cystic Fibrosis.
- After a Legislative Transfer was approved in January, the Department began the development of coverage policies.
- Targeting coverage of these medications by March 2016.

MDHHS
Michigan Department of Health & Human Services

# Specialty Pharmaceuticals Examples

| Medication* | Condition | Average Retail Price (Per Person)** |
|---|---|---|
| Selexipag | Pulmonary Arterial Hypertension | $150,000/year |
| Praluent & Repatha | High Cholesterol | $14,000/year |
| Keveyis | Primary hypokalemic & hyperkalemic periodic paralysis | $120,000/year |
| Entinostat | Breast Cancer | $120,000/year |
| Opdivo & Keytruda | Non-Small Cell Lung Cancer | $120,000/year |
| Ataluren, Drisapersen & Eterplirsen | Duchenne Muscular Dystrophy | $300,000/year, $350,000/year & $400,000/year, respectively |
| Mepolizumab & Cinquil | Severe Eosinophilic Asthma | $45,000/year |
| Imbruvica | Chronic lymphocytic Leukemia | $130,000/year |

**The chart above reflects a small subset of specialty pharmaceuticals and is provided for example purposes only.*

***The average retail prices listed do not take Medicaid best pricing/potential rebates into account.*

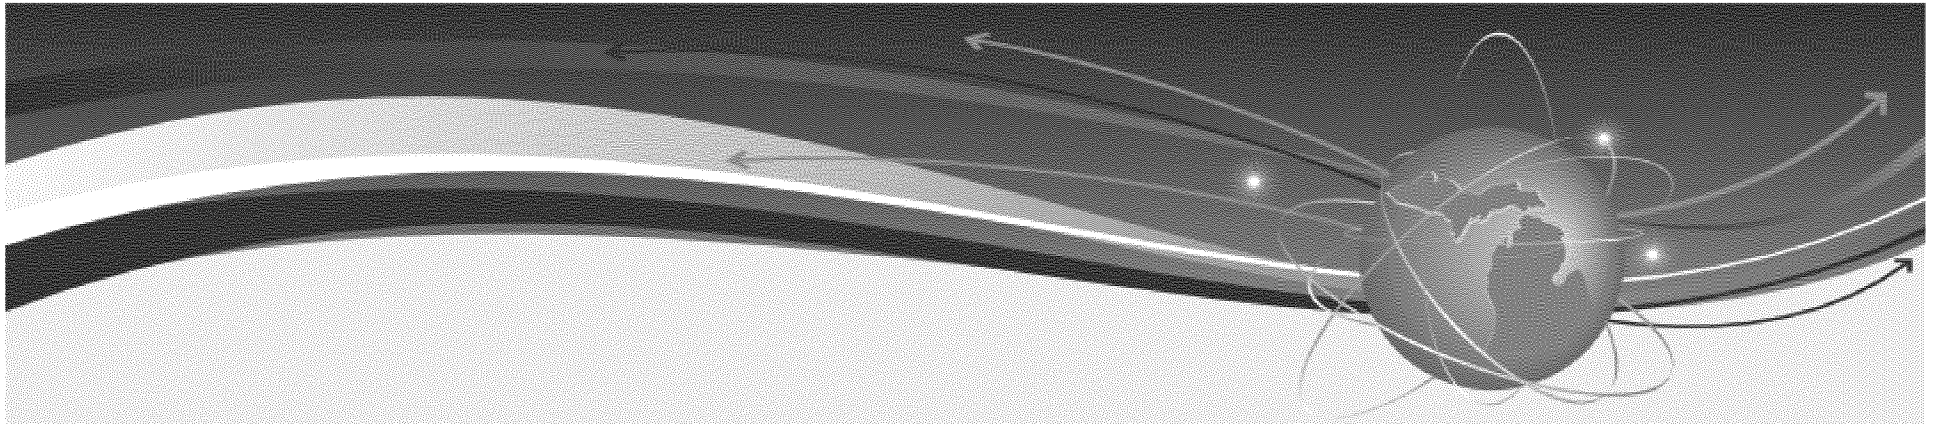
[Speaker Notes For Slide: 12]

Michigan remains committed to providing high quality health care. In fact, the National Committee for Quality Assurance's latest report card scored 7 of Michigan's 11 continuing Medicaid Health Plans in the top 40 Medicaid Health Plans nationwide.

# Michigan Medicaid Fee For Service (FFS)

- 24% of Medicaid beneficiaries are covered through FFS on an ongoing basis
  - Dual Eligibles (Medicaid/Medicare)
  - Migrant populations
  - Native Americans
  - Long Term Care
  - Spend Down
- 16.5 million FFS claims annually—totaling approximately $2.6 billion



# UPDATE ON MAJOR INITIATIVES

MDHHS
Michigan Department of Health & Human Services
RICK SNYDER, GOVERNOR | NICK LYON, DIRECTOR

# Flint Declaration of Emergency

- Federal waiver request includes:
  - Expanded Medicaid eligibility for all children up to age 21 and pregnant women in the impacted area, regardless of income level;
  - Additional community-based resources to ensure all children have access to comprehensive medical treatment (targeted case management); and
  - Federal Medicaid match for lead abatement activities in the impacted areas.

# Healthy Michigan Plan

- 597,558 individuals enrolled as of February 8, 2016
- Key components of program:
  - Incentives for beneficiaries to promote personal responsibility
    - Beneficiary cost sharing
    - Healthy behavior incentives
  - Incentives for MHPs and providers to promote accountability around quality, cost, and utilization
    - Performance metrics/monitoring
    - Performance bonus incentive pool

# Healthy Michigan Plan- Second Waiver

- Pursuant to Public Act 107 of 2013, Michigan was required to obtain a second waiver in order to maintain coverage for all beneficiaries enrolled in the Healthy Michigan Plan.
  - Waiver was submitted 9/1/15 and approved by CMS on 12/17/15
- Effective April 1, 2018, all individuals above 100% FPL, except those who are medically frail or newly enrolled, will have a choice:
  - Option 1 – Attest to a healthy behavior and choose to continue Healthy Michigan Plan coverage or receive subsidized coverage through the federal marketplace
  - Option 2 – Receive subsidized coverage through the Federal Marketplace

[Speaker Notes For Slide: 18]

Other Provisions of Note:
Newly enrolled individuals will have a 12-month grace period in which they can attest to a healthy behavior.
Pursuant to the approved waiver, MDHHS must work with CMS to improve the ability of individuals to complete the Health Risk Assessment and healthy behaviors.
As of November 2015, 91,272 individuals completed the Health Risk Assessment with their primary care provider. Of these, 99% chose to address or maintain at least one healthy behavior.
Individuals who do not make an affirmative choice between the two aforementioned options will be automatically transferred to the Federal Marketplace.

Potential Impacts:
As of January 4, 2016, there are 114,772 individuals enrolled in the Healthy Michigan Plan who are above 100% FPL.

Next Steps:
Intensive efforts will now begin with various partners and stakeholders to operationalize the waiver amendment's approved terms and conditions. Collaboration with CMS, the Michigan Department of Insurance and Financial Services (DIFS), the Michigan Legislature, and the state's Medicaid Health Plans will be critical to ensuring successful waiver implementation.

# MI Health Link

- Three year demonstration to improve quality and access to care for dual eligible residents by aligning Medicare and Medicaid services, rules, and funding
- Program launched in March 2015 and is currently operating in four regions of the state (Upper Peninsula, Eight counties in Southwest Michigan, Wayne County and Macomb County)
- 33,312 individuals are currently enrolled in the demonstration

[Speaker Notes For Slide: 20]

94% of these individuals are receiving community based services through the demonstration.

Notes:
54% of enrollees are in Wayne
23% in Southwest
12% in Macomb
11% in UP

# Healthy Kids Dental Expansion

- Funding was appropriated in FY16 to continue expansion of Healthy Kids Dental
- Over 250,000 children birth to 12 are now covered in Kent, Oakland, and Wayne Counties
  - 57% of continuously enrolled children are currently receiving an annual dental visit.
- MDHHS also expects to bid the Healthy Kids Dental contract for the first time in 2016

[Speaker Notes For Slide: 22]

# Specialty Pharmaceuticals

- 70% of the drugs currently in the FDA pipeline are specialty pharmaceuticals.
- In December, the MDHHS Pharmacy and Therapeutics (P&T) Committee recommended Medicaid coverage of specialty pharmaceuticals to treat Hepatitis C and Cystic Fibrosis.
- After a Legislative Transfer was approved in January, the Department began the development of coverage policies.
- Targeting coverage of these medications by March 2016.

[Speaker Notes For Slide: 24]

Specialty Pharmaceuticals are drugs that have one or more of the following key characteristics:
High cost ($600+ per 30 day supply)
Intended for use in rare or complex diseases
Requires focused, in-depth patient education and/or close clinical monitoring and management
Limited access or distribution via select (specialty) pharmacies

# Specialty Pharmaceuticals Examples

| Medication* | Condition | Average Retail Price (Per Person)** |
|---|---|---|
| Praluent & Repatha | High Cholesterol | $14,000/year |
| Mepolizumab & Cinquil | Severe Eosinophilic Asthma | $45,000/year |
| Entinostat | Breast Cancer | $120,000/year |
| Opdivo & Keytruda | Non-Small Cell Lung Cancer | $120,000/year |
| Imbruvica & Ventoclax | Leukemia | $130,000/year |
| Selexipag | Pulmonary Arterial Hypertension | $150,000/year |
| Ataluren, Drisapersen & Eterplirsen | Duchenne Muscular Dystrophy | $300,000/year, $350,000/year & $400,000/year, respectively |

**The chart above reflects a small subset of specialty pharmaceuticals and is provided for example purposes only.*

James K. Haveman, Director

# FY 17 Investments

**Healthy Kids Dental Expansion**

- Expand coverage to youth ages 13-20 in Wayne, Oakland, and Kent counties.
- Completes phase-in of statewide coverage.
- All Michigan children under age 21 have access to dental care.
- $25.6 M Gross, $8.9 M GF/GP investment to cover an additional 130,000 children.

**Medicaid Funding for Specialty Pharmacy**

- Provides funding for the cost of specialty pharmacy products to treat:
  - Hepatitis C: $327.8 M Gross, $91.5 M GF/GP, to treat approximately 7,600 individuals
  - Cystic Fibrosis: $66.3 M Gross, $43.7 M GF/GP, to treat approximately 320 children
- Recommended by Pharmacy and Therapeutics Committee
- Establishes a one-time $86.1 M Gross, $30 M GF/GP Pharmacy Reserve Fund for future high-cost pharmaceuticals

# FY 17 Adjustments

Other adjustments:

Recoup CHIP funds for CHIP kids previously financed with Medicaid dollars.

- Adjustment accounts for increased Federal matching funds for Title XXI enrolled children. Reduction of $30.0 M GF/GP

Healthy Michigan Plan State Gainshare from Provider Tax Supplemental Payments

- Adjustment accounts for new formula for retaining funds related to MHP Hospital Provider Tax finance payments that offset GF. Reduction of $105.0 M GF/GP

# Our Guiding Principles

## Mission

The Michigan Department of Health and Human Services provides opportunities, services, and programs that promote a healthy, safe, and stable environment for residents to be self-sufficient.

## Vision

Develop and encourage measurable health, safety and self-sufficiency outcomes that reduce and prevent risks, promote equity, foster healthy habits, and transform the health and human services system to improve the lives of Michigan families.

MDHHS
Michigan Department of Health & Human Services

[Speaker Notes For Slide: 3]

You will recognize this first slide in all appropriations hearings for DHHS. Today, I will highlight ways the BH and DD administration promotes healthy safe and stable environments and promotes self sufficiency. I will review a sampling of services provided, highlight some trends and outcomes that we use to determine the degree of success in reaching the visionary state of measureable health, safety and self sufficiency outcomes, and ultimately improving the lives of Michigan families.

GHS Genesee HEALTH SYSTEM

MDHHS Michigan Department of Health & Human Services

[Speaker Notes For Slide: 7]

Before I highlight the overall services provided, trends and outcomes, I want to highlight Actions the BH and DD administration is taking to address the emergency in Flint.

On the left hand side of this slide are the major areas of activity underway that the BH DD administration is working to support locally through the community mental health, whose name is Genesee Health Systems.

The major activities happening related to behavioral health now include:
Psychological first aid and crisis counseling. The first week of February, $500,000 additional general fund was provided to the CMH GHS, to support this type of crisis response.
Second area I'd like to highlight are activity areas that are also supported by the federal SAMHS administration or (SAMSHA). SAMHSA is helping with targeted messaging, rapid community needs assessment and development of a response and recovery plan which includes evaluation of capacity to meet those needs.
Some examples of the types of services that will increase in Flint to meet the needs of the community, particularly children are listed here as service examples including: developmental screening, targeted case management, therapies including cognitive behavioral therapy as an example, and intensive services such as wrap around and home based services for children.

The right hand side of this slide is a picture of one of the examples of community outreach and crisis support provided by the GHS community mental health agency

NEXT SLIDE

# Service Statistics

- 46 Community Mental Health Services Programs
- 10 Prepaid Inpatient Health Plans
- 241,329 people served by Community Mental Health Services Programs and Prepaid Inpatient Health Plans in 2014
- 5 state-operated hospitals and centers
- 683 State Hospital census in house (January 28, 2015)
- 2018 licensed psychiatric beds in the community for adults; 256 for children
- A reported 61,173 persons received substance use disorder treatment and recovery services in FY15
- 45.0% of persons admitted to substance use disorder treatment, in FY15, also had a mental health issue
- In 2003, combined heroin and opioid admissions were less than one-sixth of all treatment admissions; in 2015, combined heroin and opioid admissions reached over two-fifths (43%) of all treatment admissions
- 10,970 persons received medication-assisted treatment during FY15, up from 5,875 during FY06
- 9,164 allegations investigated and processed by Office of Recipient Rights in 2015
- 2490 children diagnosed and eligible for Applied Behavioral Analysis Service (Autism)
- 80% increase since 2012 in Certified Behavioral Analyst workforce (Autism)
- $8.7 million received from successful federal grant applications for substance use disorder prevention and recovery
- 900 women reported being pregnant at admission to substance use disorder treatment in FY 15
- Michigan's reported drug-abstinence rate at treatment discharge exceeded the national average rate by 5% in 2015
- The reported percentage of persons employed increased 22.9% during the course of substance use disorder treatment in FY15
- The reported percentage of persons homeless decreased 27.3% during the course of substance use disorder treatment in FY15
- Persons reporting a recent arrest decreased 24.3% during the course of substance use disorder treatment in FY15
- More than 288,000 persons attended substance abuse prevention programs in FY15
- 819 callers to the problem gambling help-line were provided referrals for problem gambling assistance in FY15
- 582 persons received problem gambling treatment in FY15; including 33 veterans and 72 problem gambling diversion program referrals
- 97.8% of discharges from a psychiatric inpatient unit are seen for Community Mental Health Services Program follow-up care within seven days
- 98.6% of mental health consumers received the initial face-to-face assessment with a professional within 14 days of request

[Speaker Notes For Slide: 9]

This slide is presented for your reference. It includes a few statistics intended to give you an idea of the type of work that is done in the administration

Items noted here are the number of CMHs in the state, which is 46, and the number of managed care plans called PIHPs, which is 10, and numbers of services of various types, and a few examples of outcome measures from a couple programs.

I'll highlight just a couple examples of what is on this slide to give you a flavor of what may be valuable to reference in the future:
61, 173 persons received SUD treatment in 2015, 45% of whom also had a mental health issue
Michigan's drug abstinence rate upon discharge from treatment exceeded the national average rate by 5% in 2015
97.8 % of discharges from a psychiatric inpatient unit, persons are seen for CMH service within 7 days
There has been an 80% increase in the Certified Behavioral Analyst workforce for Autism since 2012

Again, this is in no way representative of all areas of our administration but is intended as a high level overview or as a tool for future reference.

NEXT SLIDE

# Services, Trends and Outcomes

[Speaker Notes For Slide: 11]

This next section I will provide some graphics and data to highlight services provided and some trends and outcomes.

NEXT SLIDE

# Michigan Mental Health First Aid

- Initiated January 1, 2013 – Mental Health Innovation Funding
- Mental Health and Wellness Funding in FY15
- 20,389 - total number of individuals trained in Mental Health First Aid (MHFA) or Youth Mental Health First Aid (YMHFA) January 1, 2013-September 30, 2015
- 149 MHFA certified instructors and 228 YMHFA certified instructors

[Speaker Notes For Slide: 13]

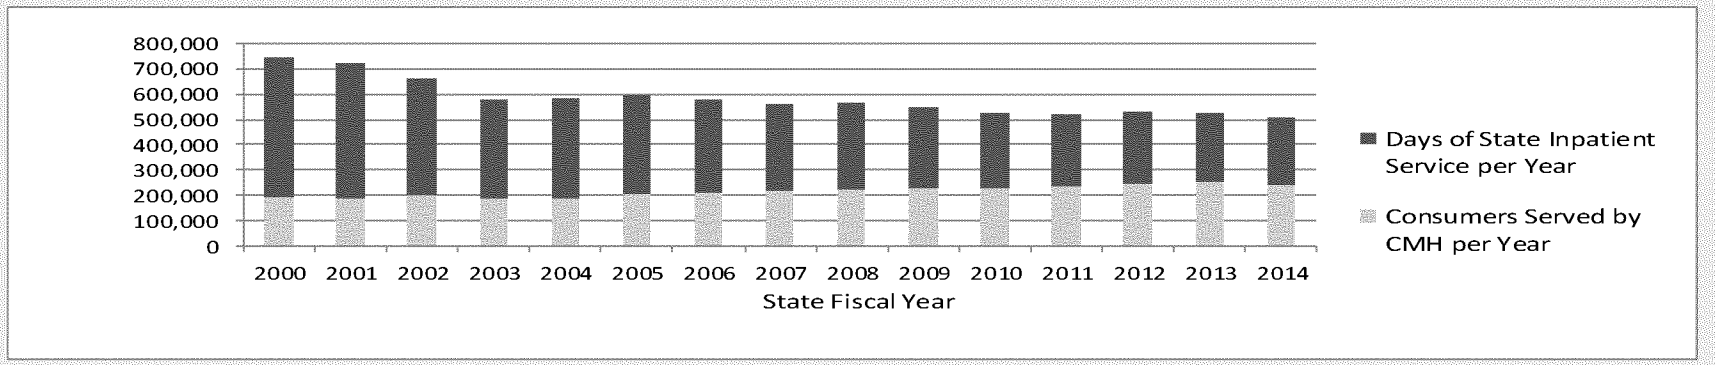
This first slide in this section gives you some statistics of the numbers of individuals trained in MH First Aid from 2013 to 2015. 20389 persons were trained and 149 instructors were certified, with an additional 228 certifications for Youth MH First Aid

This enhanced effort was made possible through both Innovation Funds through DCH budget in prior years, and then further strengthened by some one time MH and Wellness Commission Funding.

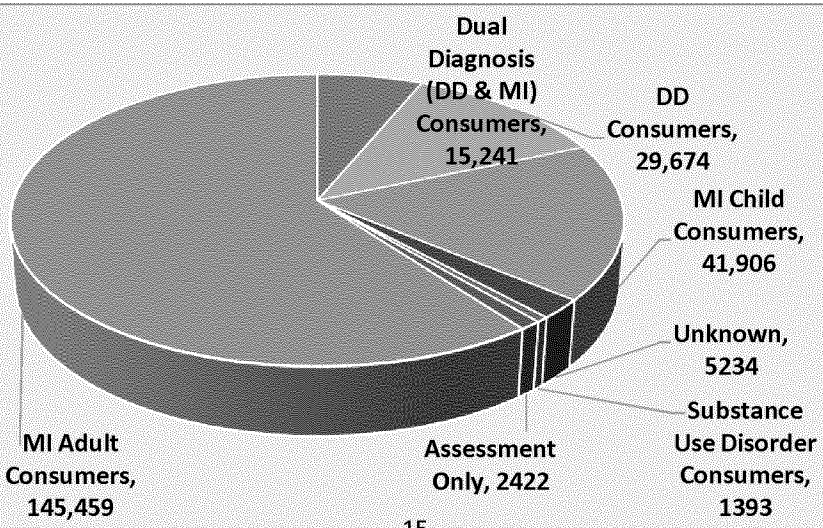
We are very grateful for the support of this important effort which will make a lasting difference in our state's ability to more quickly and effectively recognize mental health emergencies and appropriately respond to them, by the broad community.

NEXT SLIDE

# Individuals Served by Michigan's Public Mental Health System (FY 2000 – 2014)



241,329 Total CMH Consumers Served



MI=Mentally Ill
DD=Developmentally Disabled

MDHHS Michigan Department of Health & Human Services

15

[Speaker Notes For Slide: 15]

The top graphic on this slide shows the growth in numbers served in the Community Mental Health system of care, (the lighter blue bar on the bar graph), along with decline in the number of state inpatient days per year (represented by the darker blue on the same bar graph). Note that as the state hospital days has gone down, the numbers served in CMHs with a broad spectrum of services and supports has increased from 190,000 in 2000 to 241,329 in 2014.

This slide also contains a pie chart representing persons served in the CMH system by major population group.

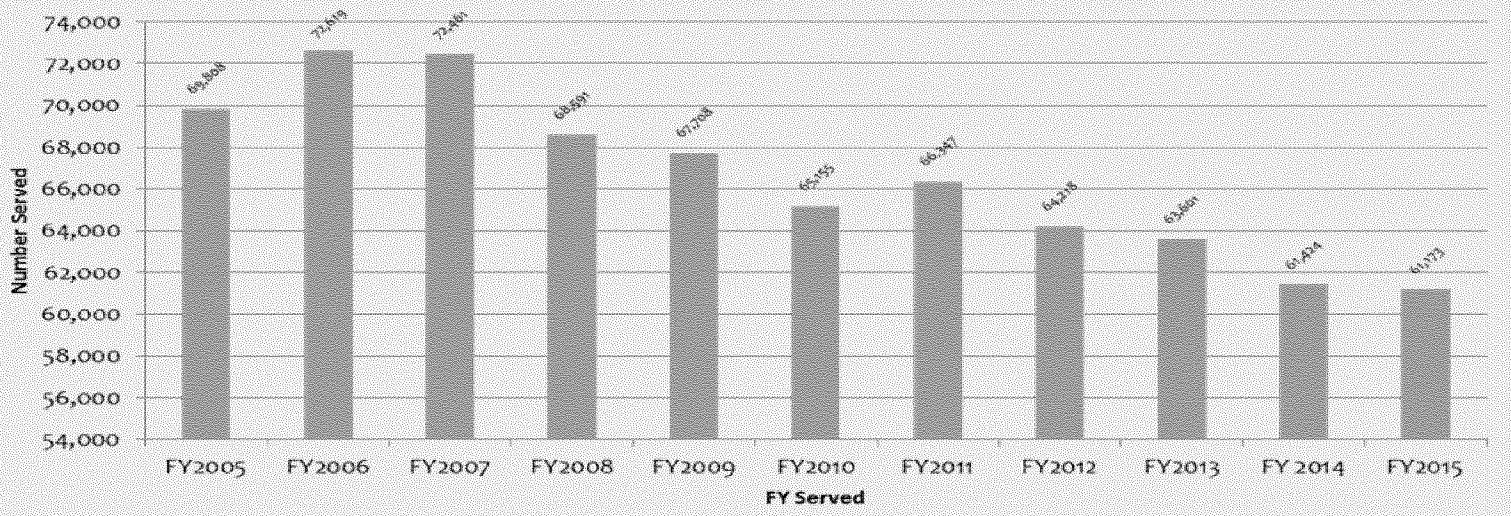
NEXT SLIDE

---

Note from Kathy H Jan 2016: Hi Lynda - the number of consumers served who do not have Medicaid insurance, dropped between FY13 and FY14 from 76,697 to 43,428. There was a increase in the number of Medicaid consumers (including Healthy Michigan) for these two fiscal years from 174,322 to 197,901. However, this increase did not offset the drop in consumers served who did not have health care coverage.

# Individuals Served in Substance Use Disorder Treatment, Prevention & Recovery Systems

**Treatment**



**Prevention**

288,000 persons attended substance abuse prevention programs

**Recovery**

4,369 persons received recovery support services

MDHHS
Michigan Department of Health & Human Services
RICK SNYDER, GOVERNOR | NICK LYON, DIRECTOR

17

[Speaker Notes For Slide: 17]

Moving on to the substance abuse prevention and treatment area of our administration. This slide reflects the persons served in areas of treatment, prevention and recovery supports.

Regarding the downward trend of numbers served starting in 2007. As the primary reason for treatment at admission has moved away from alcohol and increasingly become addiction to heroin and other opiates it has resulted in the ability to treat far fewer persons overall with consistent resources.

.Treatment of Heroin and Other Opiates (including prescription drugs) requires about four times length of stay in treatment, as compared to alcohol. This reinforces the importance of a multi system strategy to address the opioid and prescription drug problem in Michigan.

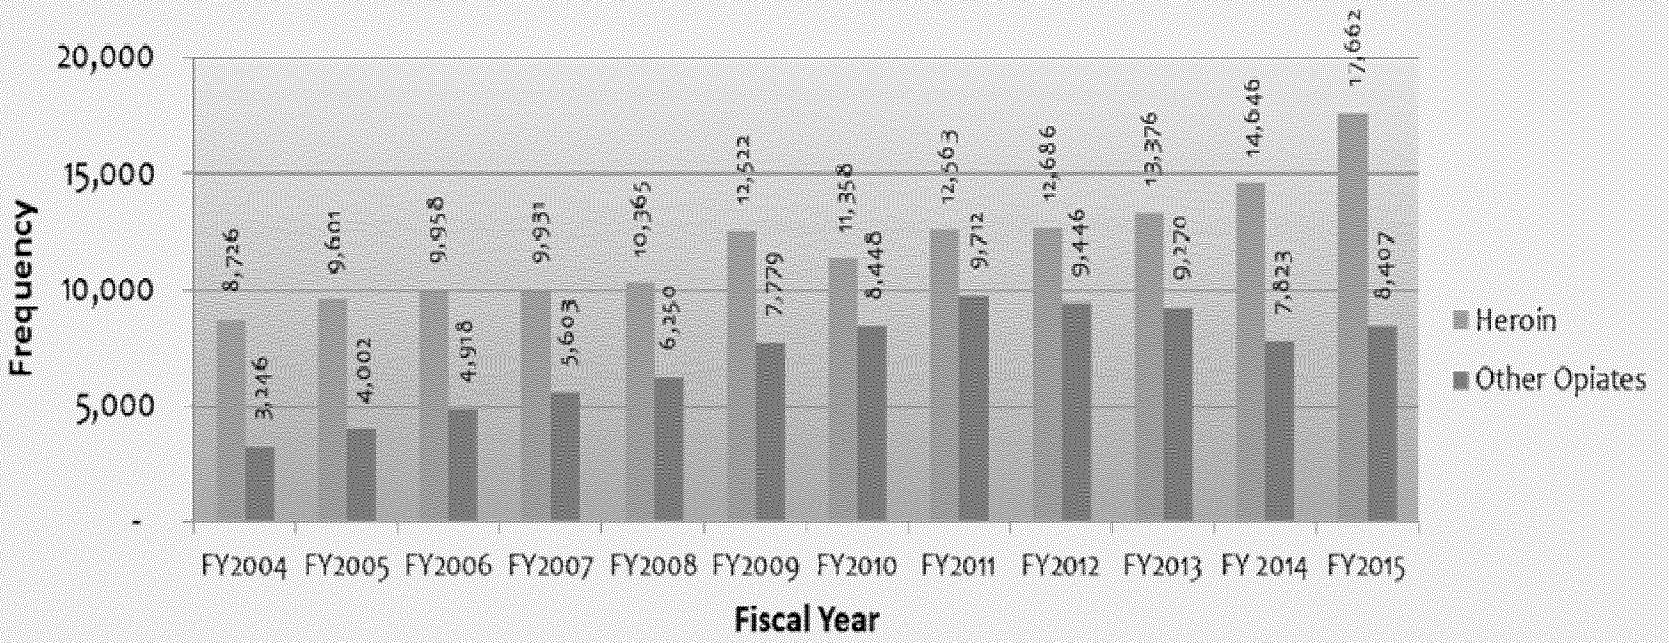
NEXT SLIDE:

---

Note: Recovery 4369 persons up from 3150 prior year

# Trends: Substance Use Disorder Treatment, Prevention & Recovery Systems

## Heroin and Other Opiates as Primary Addiction-Related Treatment Need on Admission



SOURCE: FY 2004 to 2015 TEDS treatment admission records.

19

[Speaker Notes For Slide: 19]

This provides a little more detail about the increasing challenge of heroin and other opiates, in our treatment system.

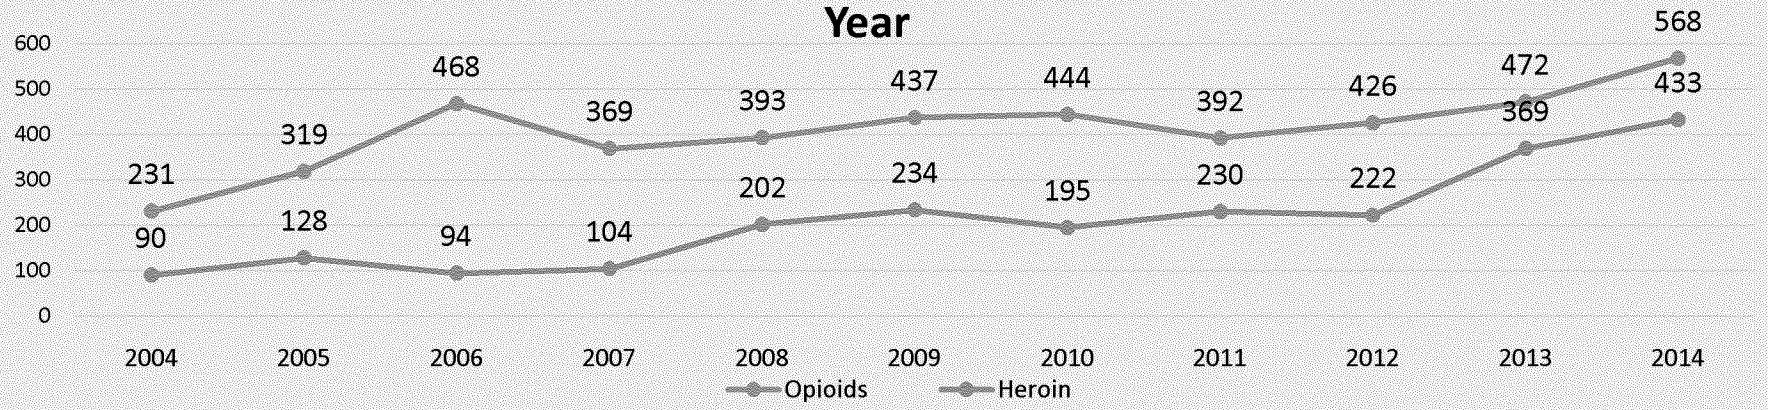
While this data is specific to Michigan, this is a nationwide epidemic as well. As you are aware, in October of last year a report was released by the Governor making recommendations to address opioid and prescription drug abuse. I will review those recommendations later in this presentation.

NEXT SLIDE

---

NOTE: "Opiates" include synthetic opiates Percocet, vicodin, oxycoton

## Number of Drug Poisoning Deaths Related to Heroin or Opioids, by Year



Source: Michigan Death Certificates, Division for Vital Records and Health Statistics/MDHHS

Between 2009 and 2012 in Michigan:

- 4,772 reported deaths due to unintentional or undetermined intent overdose (rate: 12.3 per 100,000 population)
- 930 reported opioid-related overdose deaths, nearly half (48%) of decedents had no prescription filled for opioids in the 30 days prior to death.
- Opioid overdose decedents with no opioid prescription (i.e., drug diversion) almost twice as likely to have cocaine or heroin at the time of death compared to those had an opioid prescription within the 30 days prior to death.

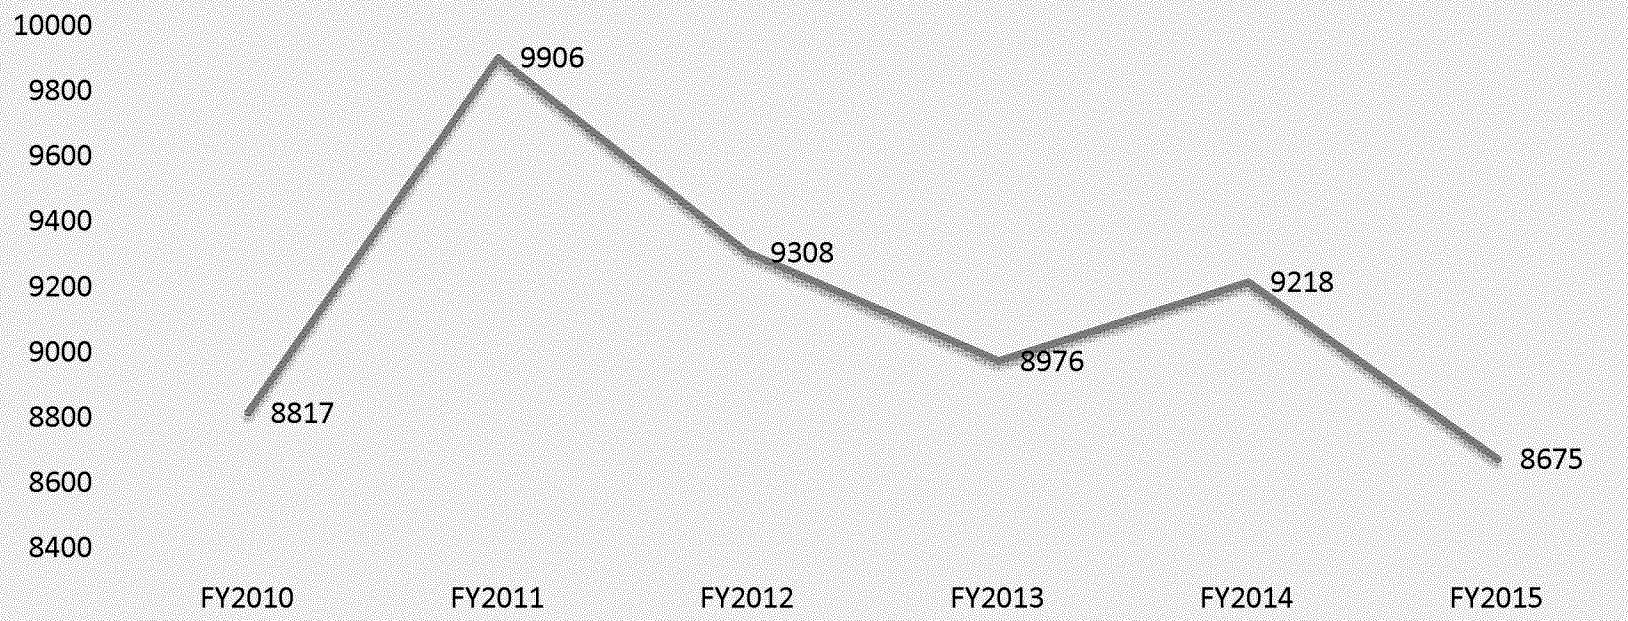
Source: Michigan Automated Prescription System (MAPS)

[Speaker Notes For Slide: 21]

Another slide, related to heroin and opioids here, focuses on the number of deaths related to poisoning by heriot or Opioids. Note the rapid increase in heroin related deaths from 2012 to 2014 represented by the red line graph above. Some additional statistics for your reference are included in the narrative section of this slide related to overdoses in general and relationship to prescription drugs that were prescribed to someone other than the person who died.

NEXT SLIDE

# Primary Prescription Drug Treatment Admissions



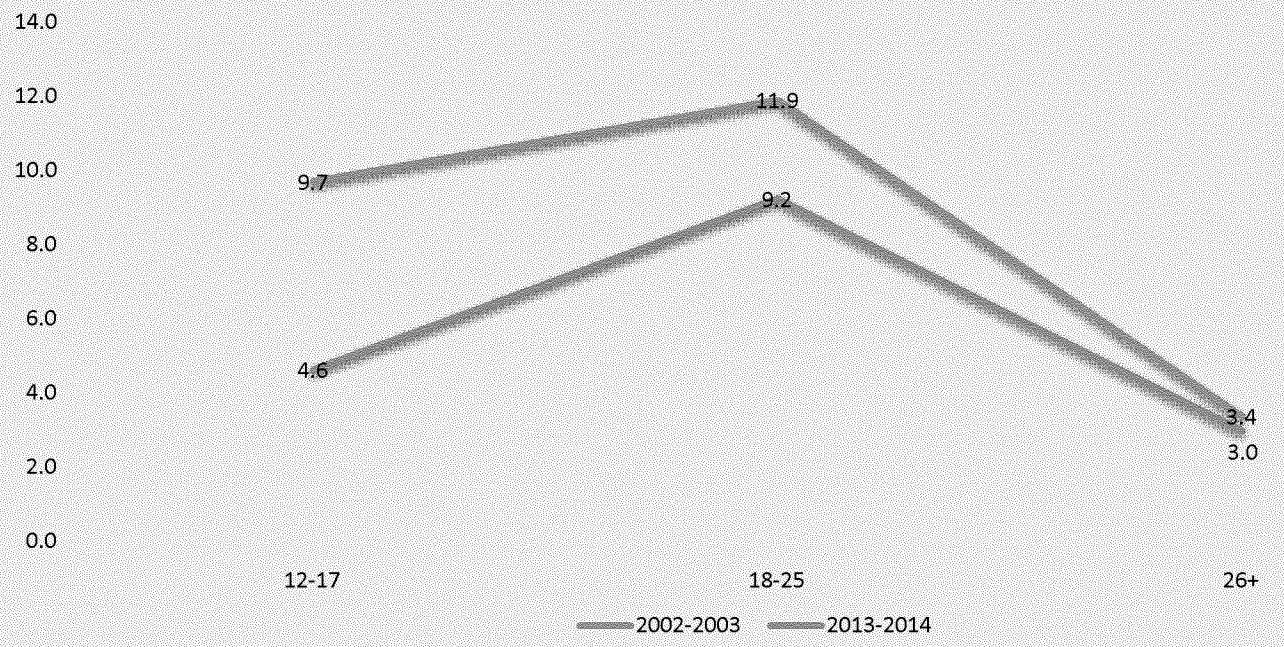
Source: FY2010 to 2015 TEDS treatment admission records, BHDDA/MDHHS

*Prescription Drugs include: Antidepressants, Other Amphetamines, Benzodiazepines, Tranquilizers, Synthetics Sedatives, Barbiturates, and Synthetic Opiates.*

[Speaker Notes For Slide: 23]

Between 2010 and 2015, the primary prescription drug treatment need at admission contributed about 14% of total treatment admissions in each year.

## Nonmedical Use of Pain Relievers in the Past Year, by Age Group



Source: National Survey on Drug Use and Health (NSDUH), 2002-2003 and 2013-2014, SAMHSA

[Speaker Notes For Slide: 25]

This slide shows the progress that has been made decreasing abuse of pain relievers for non medical use. Most encouraging is the improvement in adolescents aged 12 to 17 compared to adults 26 and older.

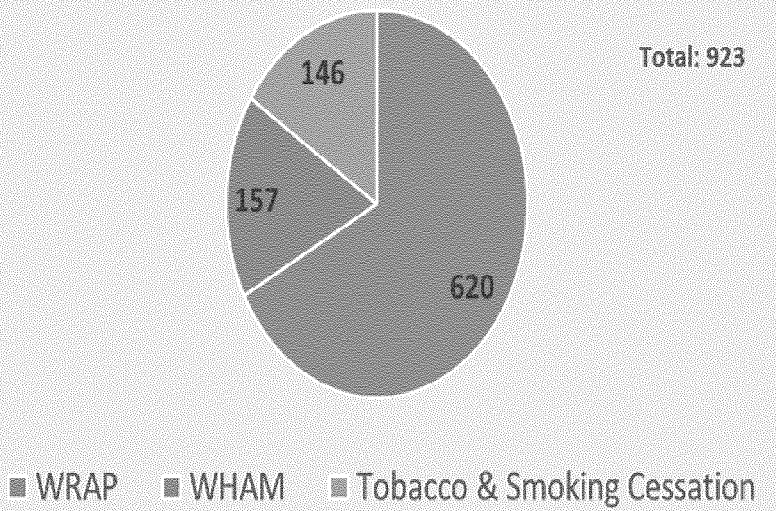
NEXT SLIDE:

---

NOTE TO LYNDA, GET AN IDEA OF WHAT THE RATIO IS (NUMERATOR AND DENOMIATOR)

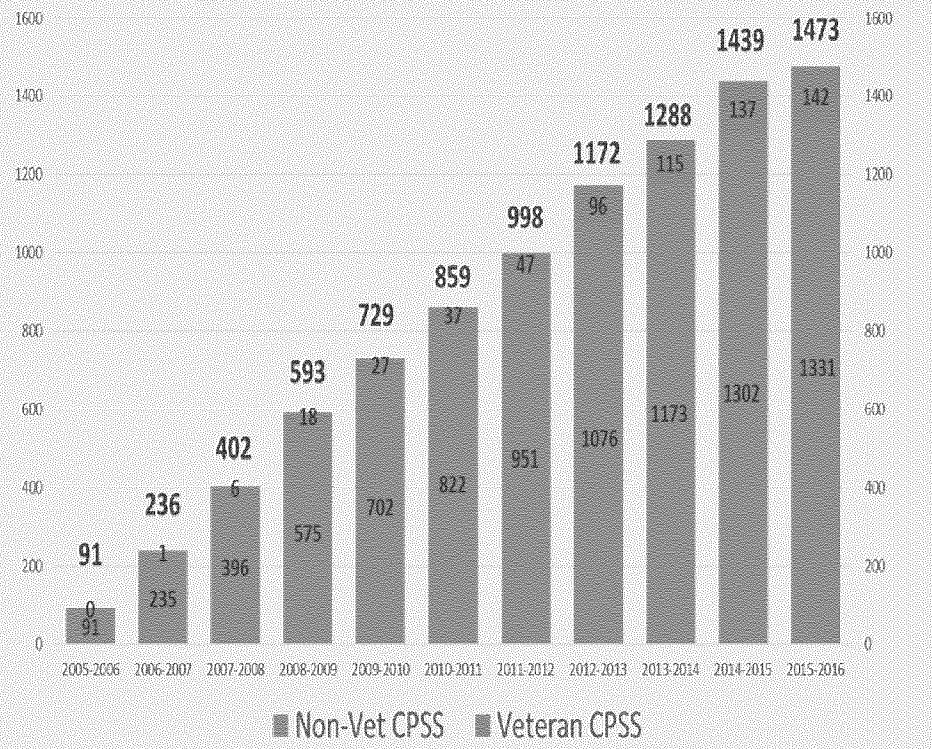
# Peer Workforce & Wellness

## Certified Peer Support Specialists with Health Training



Wellness Recovery Action Plan = WRAP
Whole Health Action Management = WHAM

## Certified Peer Support Specialist Workforce



[Speaker Notes For Slide: 27]

Evidence shows great success managing both mental health and substance use disorders when peers or persons with lived experience provide an active role. An important trend in Michigan is increasing strength of our Peer workforce. These two graphics show the increasing trend in that workforce, and the specialty in personal health and wellness that is also increasing in this workforce.

NEXT SLIDE:

---

NOTE TO LYNDA: Need to defined "WRAP" and WHAM

# Services to Children and Families

**Youth Peer Support**

- Youth Peer Support (YPS) provides youth with empowerment and hope through:
  - Direct support from someone with shared experience
  - Skill building on self-care and system navigation
  - Information sharing in a way that can be understood
- Provided by Youth Peer Support Specialists (aged 18 - 26) who have received mental health services as a youth. Preferably also have experience receiving services as a youth in multiple child-serving systems
- Youth Peer Support Specialists are willing to share personal experience
- Added to Medicaid Manual in 2015

[Speaker Notes For Slide: 29]

The use of peers and persons in recovery is showing value in the new development of our Youth Peer support program. This is a new effort where youth ages 18 to 26 provide important support to other children, as someone who also received services as child. Often from multiple child serving systems which could include protective services as example.

NEXT SLIDE:

---

NEED TO ASK KIM IF THIS IS A BILLABLE MEDICAID SERVICE< AND IF ANY OTHER FUNDS ARE UTILIZED FOR NON MEDICAID LIKE MH BLOCK GRANT.

ASK KIM IF I CAN CLAIM THIS IS AN 'EVIDENCED BASED SERVICE' ACCORDING TO NATIONAL STANDARDS?

## Serious Emotional Disturbance Waiver (SEDW)

- 1915 (c) Waiver for children with Serious Emotional Disturbance (SEDW)
- Available in 33 of 83 Counties
- Approved to serve up to 969 children in FY 16. (357 FY 16 to date)
- With CMS approval of new waiver (1115), would become statewide
- Community based services for non-Medicaid, state-psychiatric-hospital-eligible children
- Children must reside with their birth, adoptive family or foster family
- State match for children in foster and adoptive care provided by Department of Health and Human Services in participating counties
- State match for non-child welfare children comprised of Community Mental Health Services Programs (CMHSP) General Fund dollars in participating counties

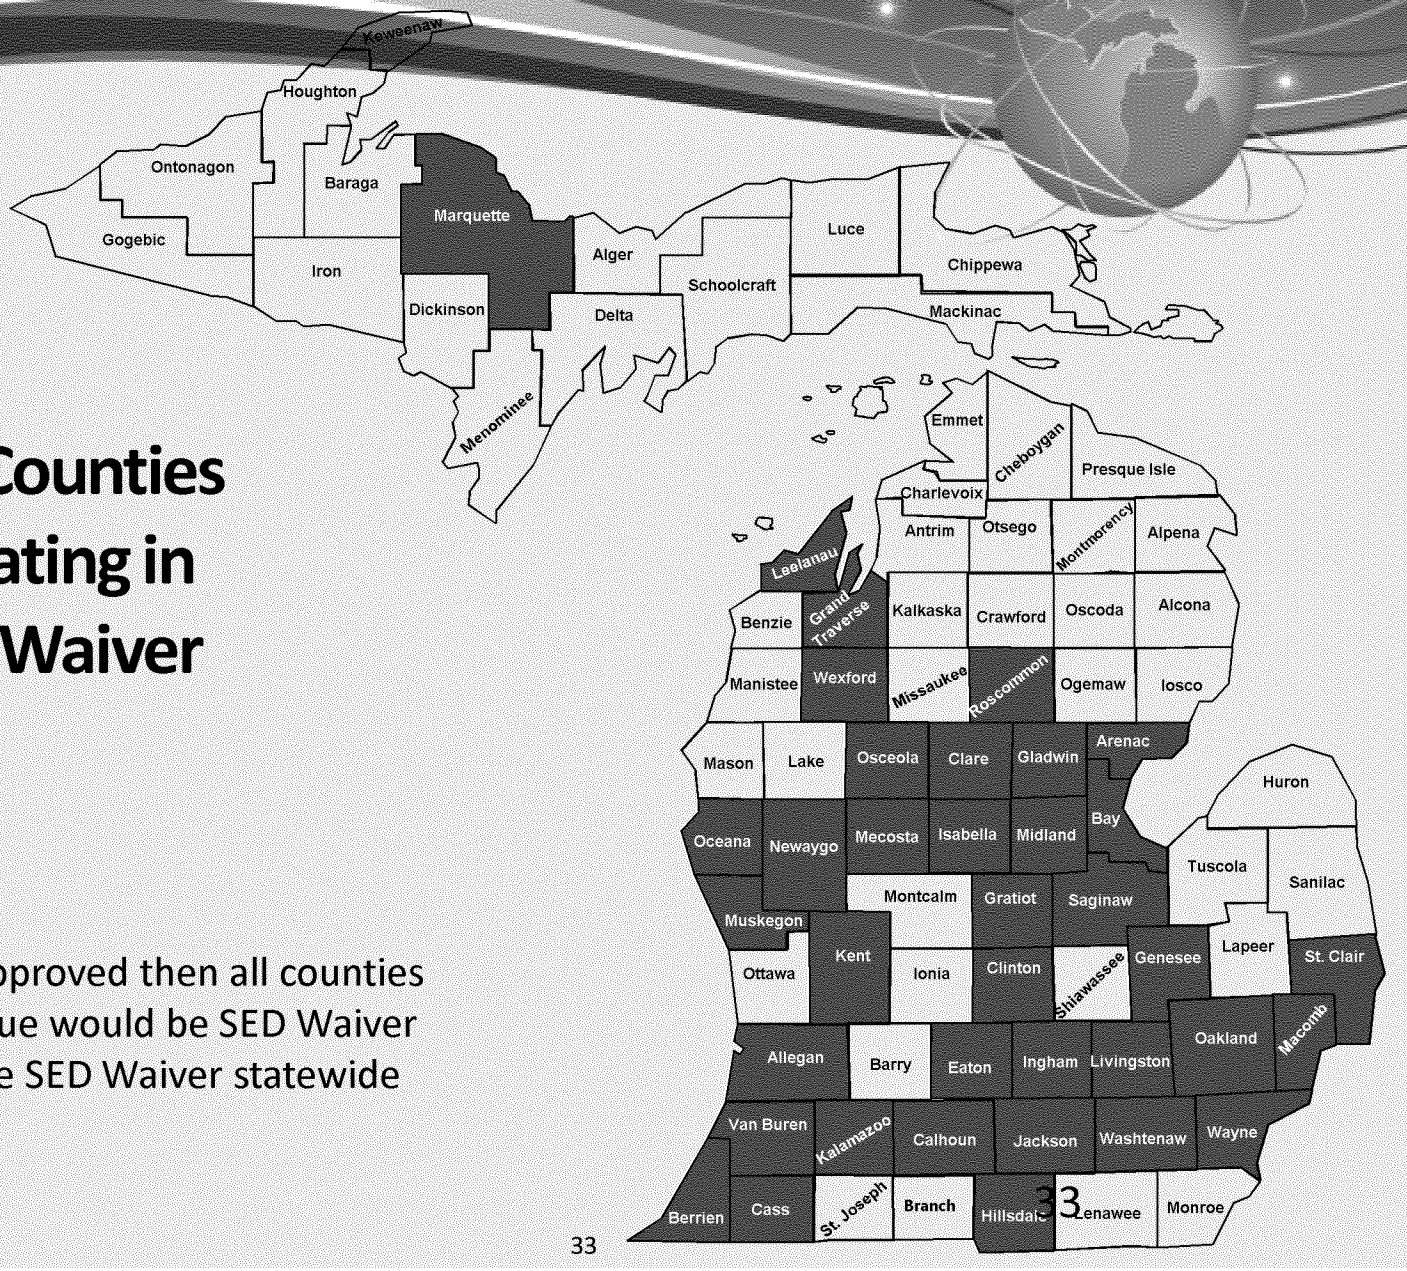
[Speaker Notes For Slide: 31]

Moving on to another important area of services to children:

The SED Waiver:
Provides home and community based services to children who meet the MDHHS criteria for the state psychiatric hospital for children.
Eligible children must reside with their birth, adoptive family or foster family.
Approved to serve up to 969 children in FY 16.
Currently served 357 children in FY 15.
State match for children in foster and adoptive care provided by Department of Human Services in participating counties
State match for non-foster care children comprised of Community Mental Health Services Programs (CMHSP) General Fund dollars in participating counties
Limited access to SEDW due to lack of General Fund dollars for the CMHSP.
With CMS approval of the proposed 1115 waiver, the SEDW will become statewide.

The next slide shows the counties where this important service is available today, and where it is not available due to the non-availability of general funds as match for this program.

# Current Counties Participating in the SED Waiver



*If the 1115 is approved then all counties not shaded in blue would be SED Waiver sites making the SED Waiver statewide

MDHHS
Michigan Department of Health & Human Services

[Speaker Notes For Slide: 33]

As you can see from this slide, we have significant gaps in these important services to children with serious emotional disturbances, which we are working hard to find ways to bridge. We are hoping to transition our existing waiver system (known as 1915 b, c) into a new waiver system that will allow expansion of this benefit to all 83 counties. We remain hopeful that this will be able to be accomplished in late 2016 or early 2017.

NEXT SLIDE:

---

Vignette of Child Served in SEDW (Non Medicaid may have Commercial Insurance)
14-year-old teenage boy who has had 10 private psychiatric hospitalizations since the age of 7 when he first reported "seeing things that were not there"
Involved in outpatient therapy and psychiatric medication monitoring utilizing private insurance with no clinical improvement for many years
Out of pocket cost of psychotropic medications/copays approximately $300 a month and private insurance mental health coverage were exhausted for the year
Youth unable to attend school most of the time due to behavioral health symptoms
Supportive mother and step father but they are at the end of their rope with cycle of hospitalizations, police contacts, property destruction, self harm and aggression
Younger siblings terrified of youth's unpredictable outbursts and aggression
Youth was on probation for domestic violence and property destruction (broke family's van windows on way to hospital in a violent rage)
Youth desperately needed intensive services offered through PIHP/CMHSP not covered by private insurance (Wraparound, Home-Based Therapy using evidenced- based practices, respite, community living supports)
Family could not afford to access CMHSP services without the SED Waiver which makes children Medicaid-eligible if they meet the criteria for psychiatric hospital level of care and are one of the 33 counties who have the SED Waiver and the CMHSP has General Fund match
Outcome for child from SED Waiver- the youth accessed needed CMHSP intensive services, cycle of hospitalization stopped, regularly attending special education program at school , off probation and still safely in the family home.

**Statewide Evaluation of Wrap Around Services (SEDW Funding Stream, October 2015)**

- 81% of Children Ages 0-6 showed significant clinical improvement (As measured by standardized tool, “PECFAS”)
- 80% of Children/Adolescents ages 7-18 showed significant clinical improvement (As measured by standardized tool, “CAFAS”)
- “Risky Behaviors” measured include:
  - Harm to Self or others
  - Substance Use
  - Trouble with the Law,
  - Truancy
- Presence of one or more “Risky Behaviors” decreased from 49% of youth at initial visit to 22% at exit.

[Speaker Notes For Slide: 35]

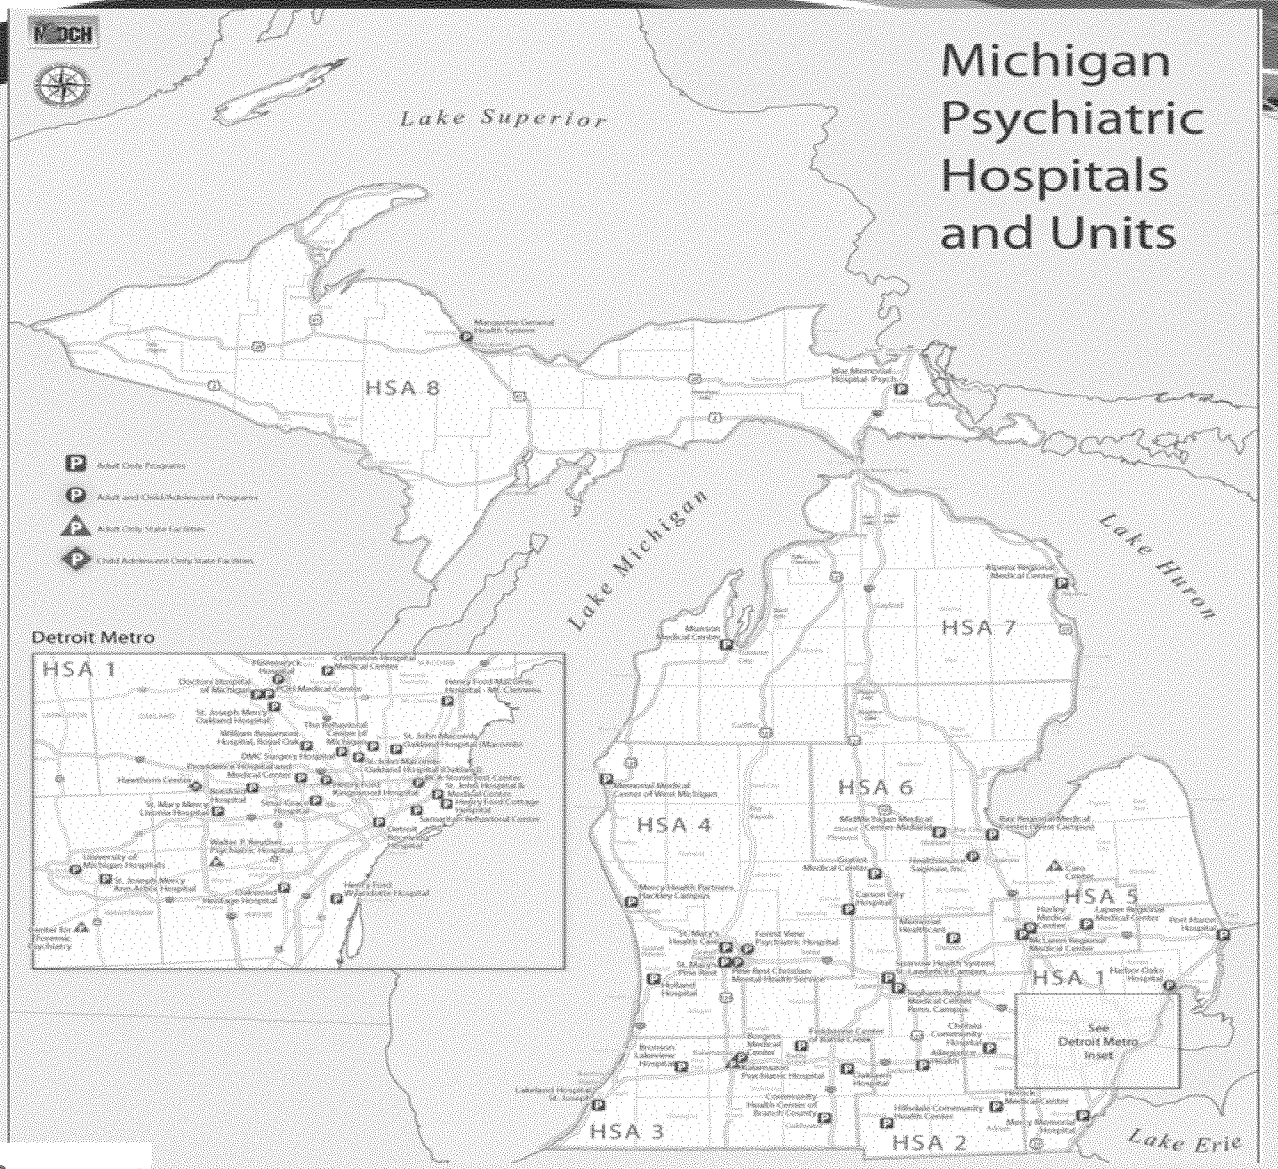
One of the reasons we believe it is so important to make sure all 83 counties can provide access to intensive services such as those provided in the SED waiver is because intensive services such as wrap around, really work. This slides highlights some of the Michigan data that shows just how effective this type of treatment is:

(READ SLIDE)

---

Note: Significant Improvement in CAFAS and PECAFAS is greater than or equal to 20 points

Note: Pediatric and Early Childhood Functional Assessment Scale (PECFAS)
Child and Adolescent Functional Assessment Scale (CAFAS)



**Total (Local) Inpatient Licensed Beds***

- Adult – 2018 beds, 59 facilities
- Child/Adolescent – 256 beds, 10 facilities

*Does not include State Psychiatric facilities

37

[Speaker Notes For Slide: 37]

The public behavioral health and developmental disabilities administration provides funding for a full continuum of services for persons with MI, DD, SUD, and children with SED. This includes acute inpatient stays. These next two slides depict the inpatient beds and sites available both privately in the community and those run by the state.

The far majority of acute psychiatric inpatient stays are in local private inpatient settings. The locations of these psychiatric units are depicted on this slide. I realize this slide is too small to read in both the printed power point and the projected screen, however you can see from the green dots on this slide the locations of the hospitals that have psychiatric beds.

For persons with Medicaid these inpatient stays are funded through 10 Medicaid Pre Paid Inpatient Health Plans who develop the provider networks and contracts, and authorize and purchase services through these local inpatient units. For persons whom are indigent, yet not eligible for Medicaid or Healthy Michigan, the CMH must use general fund or local dollars to pay for the stay in a local private inpatient setting.

If local inpatient units are unable to meet the intensity of need for someone, then admission to the state hospital may be considered, and then purchase of service general fund dollars are used.

NEXT SLIDE

# State Hospitals and Centers

**Adult Hospitals**:

- Caro (147)
- Reuther (151)
- Kalamazoo (131)

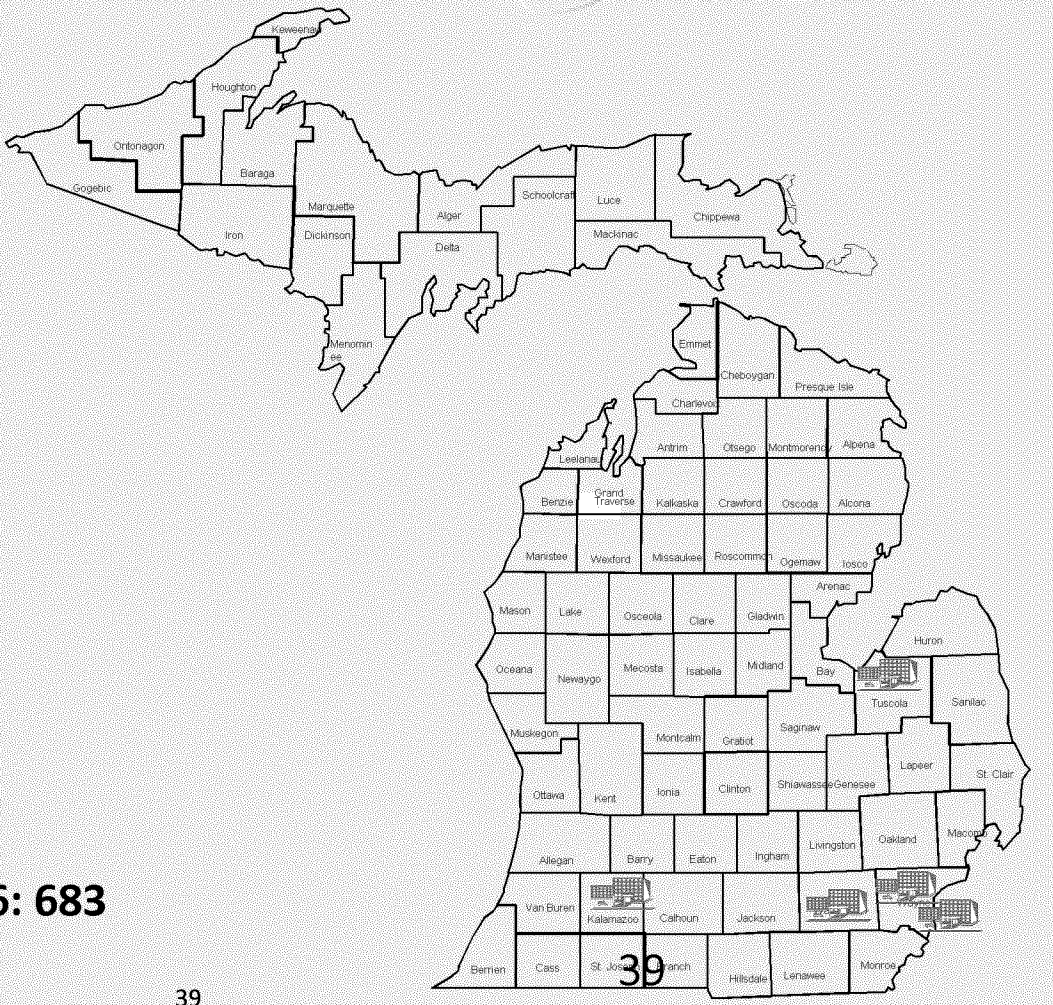
**Forensic:**

- CFP (213)

**Children:**

- Hawthorn (41)

**In-house census as of January 20, 2016: 683**



39

[Speaker Notes For Slide: 39]

This slide shows the location of and point in time census of the state hospitals. Again, state hospital is considered the acute setting of last resort for those whom can not be safely and effectively served in community inpatient settings. Census listed on this slide is as of, January 20 2016 is 683 persons.

It is important to note that we are working with many community stakeholders to increase access to inpatient "closer to home" than state hospitals for persons with serious mental illness often with challenging behaviors. In spite of data that shows available capacity with CON, hospitals stays locally are increasingly difficult to find for some of the publically patients with the highest need, both for persons with Medicaid and healthy Michigan, and those only eligible through general fund. For these highest need patients, it is not good when they have to travel far away to get the short term acute care needed to adjust medications or treatment before returning home. The best answer is not traveling multiple hours for placement in the state hospital, where families and care teams have to travel very far to visit and support their loved ones. We have a pilot underway with Bay Arenac CMH and the Mid State Health Network PIHP to evaluate reasons for denials of necessary inpatient stays at local psychiatric units, in order to better inform barriers that need to be addressed to get short term acute capacity strengthened, taking pressure off demand for state hospital beds especially for counties that are more than a couple hours away from existing state hospitals.

This access difficulty "close to home" for behaviorally challenging individuals, is not a situation unique to Michigan, however, it is a serious and complex policy problem requiring multiple stakeholders to brainstorm resolution. We are grateful for the willingness of these multiple stakeholders to continue to engage in dialogue and brainstorming to address this problem.

You will note in the section of the budget about 2017 investments, that there is a new unit for the CFP being recommended in the executive budget. This is to accommodate a more than 30% increase in Incompetent to Stand Trial decisions in Michigan, and to meet our legal requirements to timely serve forensically involved individuals. While the additional unit at CFP is an important part of the larger issue, it will not resolve this complex challenge. Solutions also must include PIHPs ensuring availability of additional crisis residential beds, and more crisis stabilization systems beyond just what is available in community hospital emergency departments.

NEXT SLIDE:

# Update: 2016 Initiatives

[Speaker Notes For Slide: 41]

During this next section of my presentation, I will highlight a couple of the activities in 2016 that either were priority investments from last years budget process, or are significant initiatives from a regulatory perspective.

NEXT SLIDE:

# Children's Behavioral Action Team (CBAT)

## Overview

- Transition from Hawthorn Center (state hospital) to community
- 50 extremely complex children/youth
- Program goal: facilitate successful transition from Hawthorn.
- Address system barriers and gaps across Health Plans/Community Mental Health Services Programs, county offices of DHHS, schools, courts, primary care, families/guardians
- Target population: children/youth with serious emotional disturbance, ages 5 to 18, admitted at Hawthorn, multiple hospitalizations and failed community placements
- Extensive trauma histories
- Mental Health and Wellness Commission recommended and funded
- Contract provider: The Guidance Center, contract initiated March 16, 2015

[Speaker Notes For Slide: 43]

This first slide is a new initiative that came out of a recommendation from the MH and Wellness Commission ,initiated in 2015.

The CBAT is responsible for overseeing development of collaborative transition plans to support 50 extremely complex children/youth to be discharged from Hawthorn Center to return home to their families, or if this is not possible, to the most family-like setting with the necessary community supports and services. The goal of the CBAT is to address system barriers and concerns in conjunction with Hawthorn Center, Prepaid Inpatient Health Plans/Community Mental Health Services Programs, county offices of DHHS, schools, courts, primary care, families/guardians and the children and youth themselves in order to facilitate successful transitions for these children/youth. CBAT staff, who are contracted through the Guidance Center, began work at Hawthorn on March 16, 2015.

The target population of the CBAT includes children/youth with serious emotional disturbance, ages 5 to 18 currently residing in Hawthorn Center. The children/youth served by CBAT have experienced multiple hospitalizations and failed community placements and have extensive trauma histories. Of the children/youth served thus far, 17% have Fetal Alcohol Spectrum Disorder; 50% have Autism Spectrum Disorder; 38% have Intellectual/Developmental Disabilities; 71% receive special education services; 29% are adopted and 29% are involved in the Child Welfare system.

The CBAT is funded by Mental Health and Wellness funds. The Guidance Center was awarded the contract to provide CBAT services which runs through September 30, 2016.

NEXT SLIDE

---

Youth served to date: , 17% Fetal Alcohol Spectrum Disorder; 50% Autism Spectrum Disorder; 38% Intellectual/Developmental Disabilities; 71% special education; 29% are adopted, 29% Child Welfare system

NOTE: NEED TO GET DETAILS FROM BRENDA FINK AND SHERI ABOUT WHAT HAS BEEN DONE FOR FASD THIS PAST YEAR AND WHAT IF ANYTHING IS PLANNED FOR 2017

## Children's Behavioral Action Team Outcome data as of December 31, 2015:

- 24 children/youth, representing 14 counties
- 6 yet to be discharged from Hawthorn
- 18 have been discharged
- Status post discharge of 18: 15 (83%) remain in community
- 3 (17%) in community based residential placements. Work continues to further transition family-like setting
- 75% of children discharged have not returned to inpatient care
- 7 psychiatric readmissions for 5 children/youth since March 2015, with 5 successful transitions back to the community
- **Psychiatric hospital re-admission days reduced 65-70%**

[Speaker Notes For Slide: 45]

READ SLIDE FOR OUTCOMES FOR CBAT

---

(IN case asked about Transition Center):24 bed program , age 5-17

For transition to an aftercare setting, hospital level of care (Hawthorn)
Program to intensively prepare youth for home and school
Youth served: severe emotional/behavioral disturbance who need complex/sophisticated aftercare plans, who have been repeatedly hospitalized and/or placed
Average stay 3-6 months
All youth also served in the Children's Behavioral Action Team program;
The 24 beds alleviate some capacity challenges with Hawthorn, with benefit of moving children into treatment more quickly and out of emergency departments
Transitional program administered by MDHHS through Hawthorn Center, beds managed by the CMH, possible additional university/vendor partnerships
Target opening: Fall 2016
Mental Health and Wellness Commission Recommendation

ALSO DOUBLE CHECK WITH KRISTEN ABOUT AMOUNT OF MH AND WELLNESS ONGOING DEDICATED TO TRANSITION CENTER

# Autism Services

## Autism Applied Behavior Analysis-Medicaid

- April 1, 2013 – December 31, 2015
- 18 months through 5 years
- 3,328 received diagnostic services
- 2,490 diagnosed and eligible for Applied Behavior Analysis Services (ABA)
- 442 ineligible due to age
- 98% retention rate of eligible children continuing ABA

## Autism Applied Behavior Analysis-Medicaid

- January 1, 2016 policy expanded
- Through 20 years
- State Plan Amendment, included under EPSTD
- 1,564 diagnosed and eligible (1/22/16)
- 146 over 5 years old (1/22/16)

[Speaker Notes For Slide: 47]

GET DOLLAR ESTIMATES FOR EXPANDED POPULATION FROM KRISTEN OR LISA (MILLIMAN).

# Autism Services: 2016 Initiatives

## Autism Applied Behavior Analysis Workforce Capacity (Medicaid and Other Payers)

- **Board Certified Behavior Analysts:**
  - 370 in Michigan as of December 31, 2015
  - 49% increase from 2014 (248) and 214% increase from April 2012 (118)
- **University Programs:**
  - Two (2) universities with degree programs in 2012 and eight (8) in 2015-16
  - U of Michigan Dearborn on schedule to offer a degree program in 2016-2017
- **Universities funded:**
  - Central Michigan University
  - Michigan State University
  - Oakland University
  - University of Michigan – Dearborn
  - Wayne State University
  - Western Michigan University
  - Eastern Michigan University (extended)

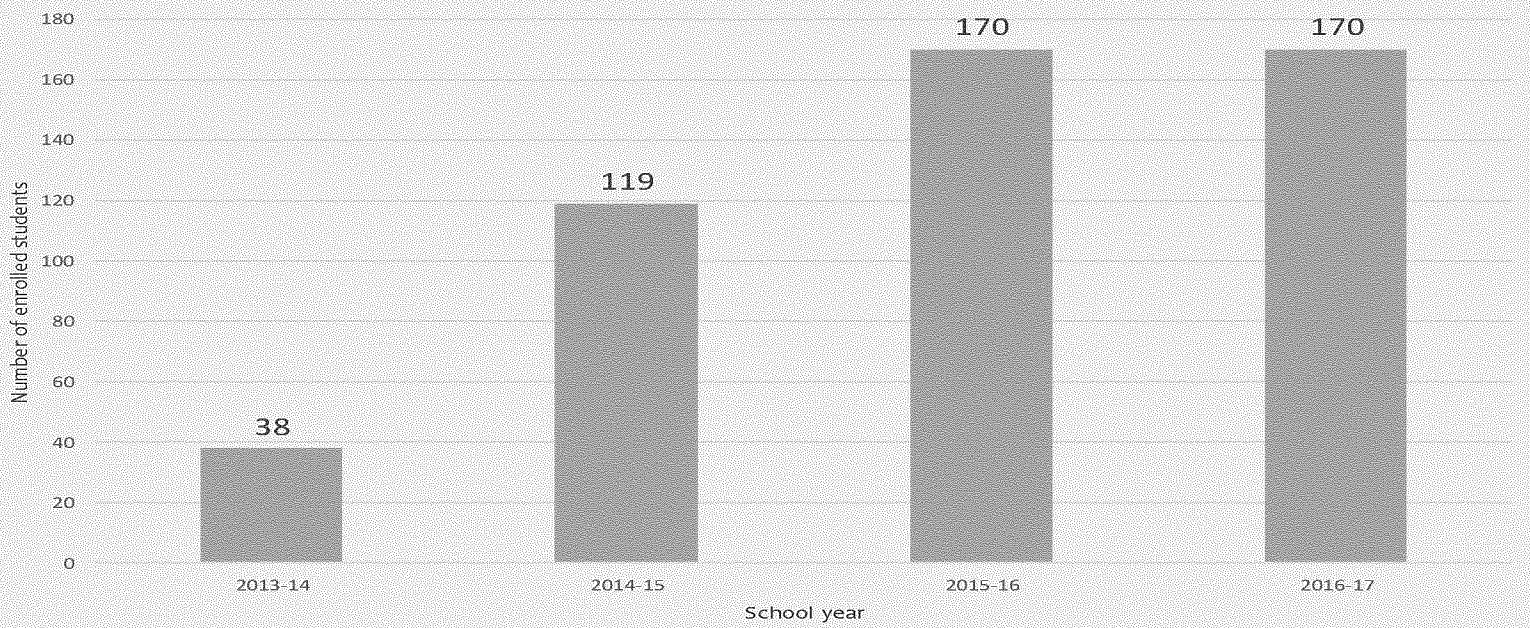
[Speaker Notes For Slide: 49]

Eastern was extended through 9/30/2016, but not in 2017.

# Autism Services: 2016 Initiatives

## Autism Applied Behavior Analysis Workforce Capacity

## Number of Students Enrolled in Master-Level ABA Program in Michigan



MDHHS
Michigan Department of Health & Human Services

51

[Speaker Notes For Slide: 51]

Autism Applied Behavior Analysis Workforce Capacity
(Medicaid and Other Payers)

Board Certified Assistant Behavior Analysts (Bachelor Level)
18 in Michigan as of December 31, 2015
80% increase from April 2012 (10)

University Programs:
No degree programs in 2013
Central Michigan University started in 2014-15
Oakland University, University of Michigan – Dearborn, Wayne State University and Western Michigan University are scheduled to offer it in 2016-2017

# 2015-2017 Diversion Council Pilots

## Community Diversion Pilots:

- Barry County - Crisis Intervention Training (CIT), jail screening and treatment groups (cont.)
- Berrien County - CIT, in-jail services and staffing (cont.)
- Detroit Central City – In-jail services, Forensic Assertive Community Treatment (ACT) team, housing (cont.)
- Kalamazoo County - CIT, CIT-Youth, longer term housing (cont.)
- Kent County – In-jail services/pre release services (cont.)
- Livingston County - CIT, in-jail services (new 2 yr. grant)
- Marquette County - CIT, Moral Reconation Therapy (MRT), in-jail assessments and screening (cont.)
- Monroe County – In-jail services and pre-release services (cont.)
- Oakland County - CIT, CIT-Youth, in-jail staffing (cont./new 2 yr. grant)
- St. Joseph County – On-site diversion center, CIT (cont.)
- Southwest Community Court – Post-booking services through court (cont.)

## Findings:

- Before pilots: no uniform mechanism for measuring mental health need (across jails/state)
- Pilots: utilized consistent screening process across the 8 pilot sites
- **On average, 22% of those entering these 8 sites have symptoms indicative of a serious MH problem; however there is variability across counties that ranges from a low of 15% to a high of 38%.** These numbers allow us to establish a bench mark for future measurement of increasing or decreasing need within the jail

MRT: premier cognitive behavioral program for populations both offenders and substance use disorders

# 2015-2017 Diversion Council Pilots Evaluation Focus

- First Year Process Tracking:
  - First year progress including numbers of those admitted to the jail with a MH problem, those served by diversion, those trained in CIT, and interviews with stakeholders
- First Outcomes to be tracked:
  - Assessment of jail recidivism of those provided diversion services
  - Assessment of Crisis Intervention Training (CIT) activities; community service utilization
- Second level of Outcomes to be tracked:
  - Recidivism after 1 year
  - Treatment engagement in the community

[Speaker Notes For Slide: 55]

Implementation report (March 2016)
First Outcomes-(Fall 2016)
Second level Outcomes (Fall 2017)

Evaluation by MSU

# Other Notable 2016 Initiatives

- Certified Community Behavioral Health Clinics planning grant
  - application due October 31, 2016
  - 8 to 10 certified clinic sites
  - Increased focus on health, wellness, and broadening safety net
- Home and Community Based Services Transition Plan
- Change in Medicaid Waiver Foundation (1915b,c to 1115)
- Whole Health and Wellness Focus
  - CMH Health Home pilots
  - Integrated Care learning communities
  - Shared financial incentives and metrics between physical health care (Medicaid Health Plans) and Specialty Services and Supports (Pre-Paid-Inpatient-Health-Plans)

[Speaker Notes For Slide: 57]

NEED TO ADD BASIC NOTES HERE FROM PHIL FOR HCBS

# Prescription Drug and Opioid Abuse Task Force Recommendations – MDHHS Action Items

- Prevention
  - Increase prescription drop-off bins
  - Improve prescription monitoring program
- Treatment
  - Increase access to Naloxone
  - Increase access to care
  - Increase the number of addiction specialists
  - Develop best practices for reducing neo-natal abstinence syndrome
- Policy and Outcomes
  - Create ongoing Task Force
  - Create a State Dashboard to measure outcomes

[Speaker Notes For Slide: 59]

Note: MDHHS has lead responsibility for action steps in the areas of Prevention, Treatment and Policy/Outcomes. There are two other areas In which DHHS does not have lead responsibility for action, those being Enforcement and Regulation.

NOTE: NEED TO GET THE GRID FROM JARED OR GENEIVEVE SO I CAN SEE WHICH OF THE ABOVE ARE BHDDA LEAD ITEMS

# Governor Snyder's FY17 Recommendation

# MDHHS 2017 Budget Recommendations
## (in millions)

**New Patient Unit at Center for Forensic Psychiatry**

- Open unused wing to bring total capacity to 240 patient beds
- Move individuals currently housed in other regional hospitals or local jails to a facility better suited to address their mental health needs
- $7.6 M Gross and GF/GP investment to provide treatment for 30 additional patients

**Autism Navigator/Autism Alliance**

- Continues funding to the Autism Alliance for an assessment of the statewide roll-out of the Medicaid Autism benefit and for staff to assist families of autistic children in finding services.
- $1.1 M Gross and GF/GP.

# Additional Unit at the Center for Forensic Psychiatry (CFP)

- CFP –mandated (statute) to provide specialized mental health services to Incompetent to Stand Trial (IST) and Not Guilty by Reason of Insanity (NGRI)
- Nationwide increase in the demand for forensic psychiatric beds
- Michigan - 30% increase in demand over five years
- Resulting:
  - Long wait list for admission to CFP
  - Individuals with mental illness sit in jails awaiting court ordered treatment in CFP
  - Class-action lawsuits in other states, with subsequent federal oversight
- Recommended Action:
  - Open additional 34 bed unit at CFP
  - 12,410 additional patient days of specialized treatment available

[Speaker Notes For Slide: 63]

Among the states successfully sued are Louisiana and Washington. The ACLU filed a suit in California this summer. Michigan is vulnerable. Judges, attorneys, county executives, and others from across the state are aware of and protesting the lack of available beds.

The delay in admission results in many cases in significant deterioration in the individuals' conditions: the jails cannot (and should not be expected to) meet the mental health needs of individuals who have been court-ordered for treatment to CFP or other DHHS hospitals

The wait list for male IST admissions to CFP is 39 as of today. All but 4 are incarcerated. 15 have been awaiting admission since last fiscal year, 4 since July.

Here's the statute that mandates CFP's existence. The "such services as are required by law" to which it refers include, for example, competency evaluation & restoration (330.2026 et seq, 330.1476), criminal responsibility evaluations (768.20a et seq), evaluation and oversight of NGRI acquittees (330.2050), etc.

330.1128 Center for forensic psychiatry.
Sec. 128.
The department shall maintain under its jurisdiction an entity to be known as the center for forensic psychiatry. The center shall perform such services as are required by law and may, with the approval of the director of the department, perform any other service or activity, including research, that pertains to mental health and the criminal law.

History: 1974, Act 258, Eff. Aug. 6, 1975

# 2017 Diversion Council Pilots

- 2016-2017 Pilot Activities:
  - Collection of recidivism data from each jail
  - Collection of mental health screening data using standardized instrument
  - Measure utilization of community treatment alternatives in communities that implement CIT
- Long-term outcomes to be measured:
  - Recidivism after 1 year
  - Treatment engagement in the community

[Speaker Notes For Slide: 65]

Note: Early 2016 there are site visits that will result in recommendations to strengthen the pilots as they move into their second year

The 2017 data collected from the standardized screening tool will be the second year of such data

RICK SNYDER, GOVERNOR | NICK LYON, DIRECTOR

# Behavioral Health and Developmental Disabilities Administration

## Fiscal Year 2017

**Presentation to House Appropriations Subcommittee on Health & Human Services**

**February 23, 2016**

**Lynda Zeller**, Senior Deputy Director, Behavioral Health and Developmental Disabilities Administration
**Farah Hanley**, Senior Deputy Director, Financial Operations Administration

# *Our Guiding Principles*

## Mission

The Michigan Department of Health and Human Services provides opportunities, services, and programs that promote a healthy, safe, and stable environment for residents to be self-sufficient.

## Vision

Develop and encourage measurable health, safety and self-sufficiency outcomes that reduce and prevent risks, promote equity, foster healthy habits, and transform the health and human services system to improve the lives of Michigan families.

# *Behavioral Health & Developmental Disability Administration*

## Mission

Promoting Wellness

**Strengthening Communities and Families**

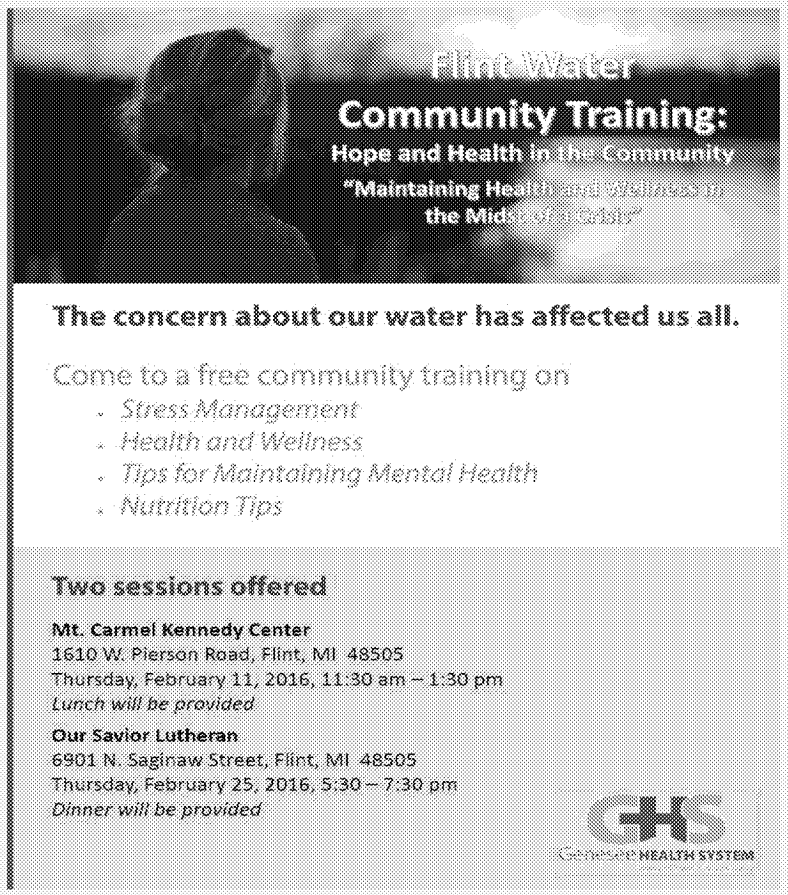
Facilitating Recovery

**Supporting Independence & Self-Determination**

Diminishing the impact and incidence of addiction, emotional disturbance, mental illness and developmental disability.

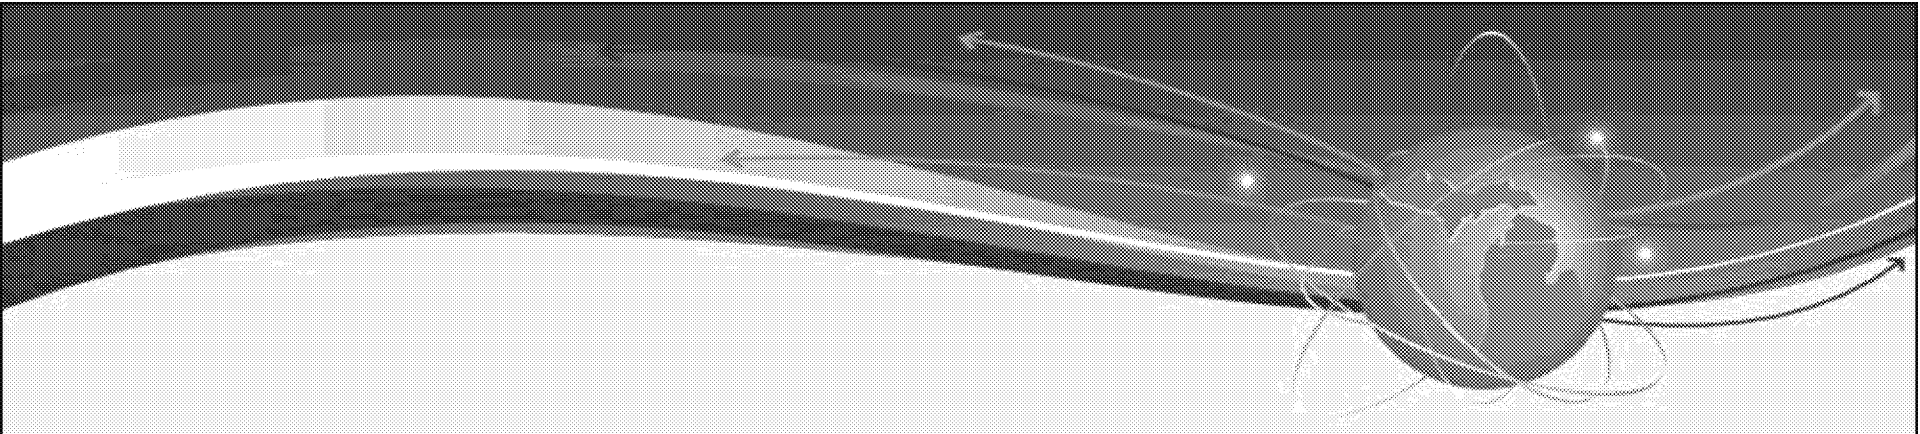
# *Action: Flint Declaration of Emergency*

- Psychological First Aid, Genesee Health Systems (CMH)
- $500,000 additional state general fund distributed to CMH (first aid and crisis counseling)
- $200,000 to expand the Michigan Child Care Collaborative (MC3) Program in Genesee County for additional support and clinical services to children and families
- Support from SAMHSA (Substance Abuse and Mental Health Administration)
  - Targeted Messaging
  - Rapid Community Needs Assessment
  - Response & Recovery Plan (short, mid, long term)
- Service Examples:
  - Developmental Screening
  - Targeted Case Management
  - Therapies (CBT, etc.)
  - Wrap Around, Home Based, Intensive Services

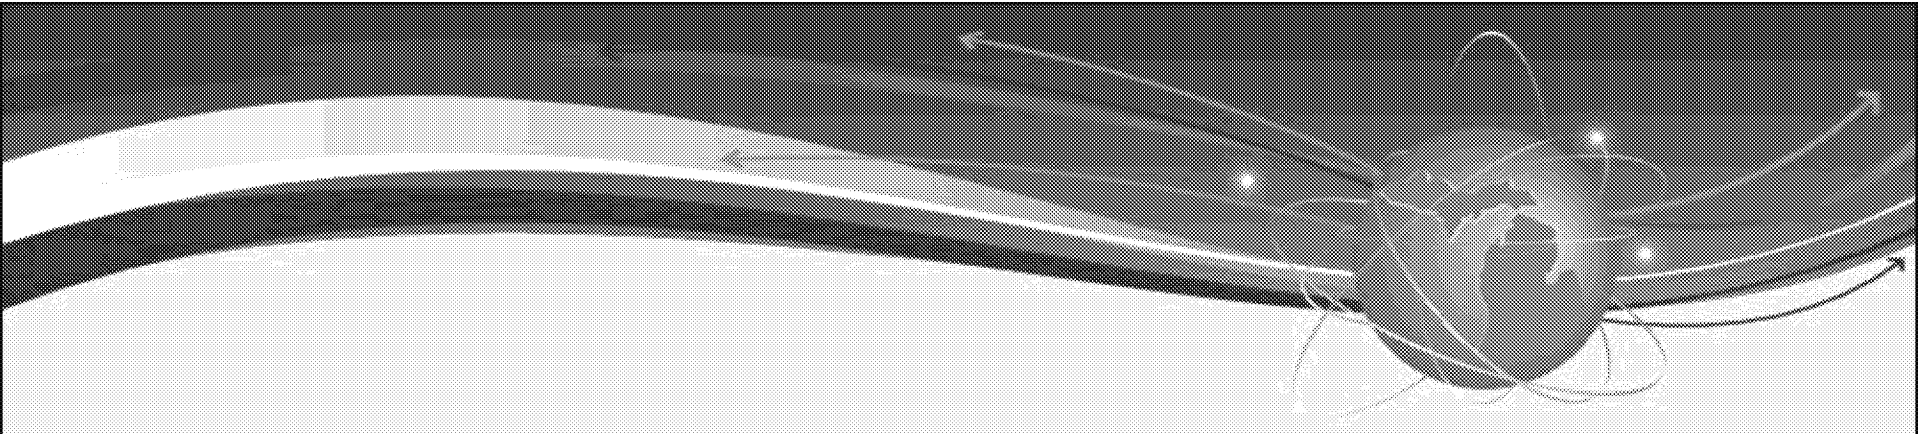


# Service Statistics

- 46 Community Mental Health Services Programs
- 10 Prepaid Inpatient Health Plans
- 241,329 people served by Community Mental Health Services Programs and Prepaid Inpatient Health Plans in 2014
- 5 state-operated hospitals and centers
- 683 State Hospital census in house (January 28, 2015)
- 2018 licensed psychiatric beds in the community for adults; 256 for children
- A reported 61,173 persons received substance use disorder treatment and recovery services in FY15
- 45.0% of persons admitted to substance use disorder treatment, in FY15, also had a mental health issue
- In 2003, combined heroin and opioid admissions were less than one-sixth of all treatment admissions; in 2015, combined heroin and opioid admissions reached over two-fifths (43%) of all treatment admissions
- 10,970 persons received medication-assisted treatment during FY15, up from 5,875 during FY06
- 9,164 allegations investigated and processed by Office of Recipient Rights in 2015
- 2490 children diagnosed and eligible for Applied Behavioral Analysis Service (Autism)
- 80% increase since 2012 in Certified Behavioral Analyst workforce (Autism)
- $8.7 million received from successful federal grant applications for substance use disorder prevention and recovery
- 900 women reported being pregnant at admission to substance use disorder treatment in FY 15
- Michigan's reported drug-abstinence rate at treatment discharge exceeded the national average rate by 5% in 2015
- The reported percentage of persons employed increased 22.9% during the course of substance use disorder treatment in FY15
- The reported percentage of persons homeless decreased 27.3% during the course of substance use disorder treatment in FY15
- Persons reporting a recent arrest decreased 24.3% during the course of substance use disorder treatment in FY15
- More than 288,000 persons attended substance abuse prevention programs in FY15
- 819 callers to the problem gambling help-line were provided referrals for problem gambling assistance in FY15
- 582 persons received problem gambling treatment in FY15; including 33 veterans and 72 problem gambling diversion program referrals
- 97.8% of discharges from a psychiatric inpatient unit are seen for Community Mental Health Services Program follow-up care within seven days
- 98.6% of mental health consumers received the initial face-to-face assessment with a professional within 14 days of request



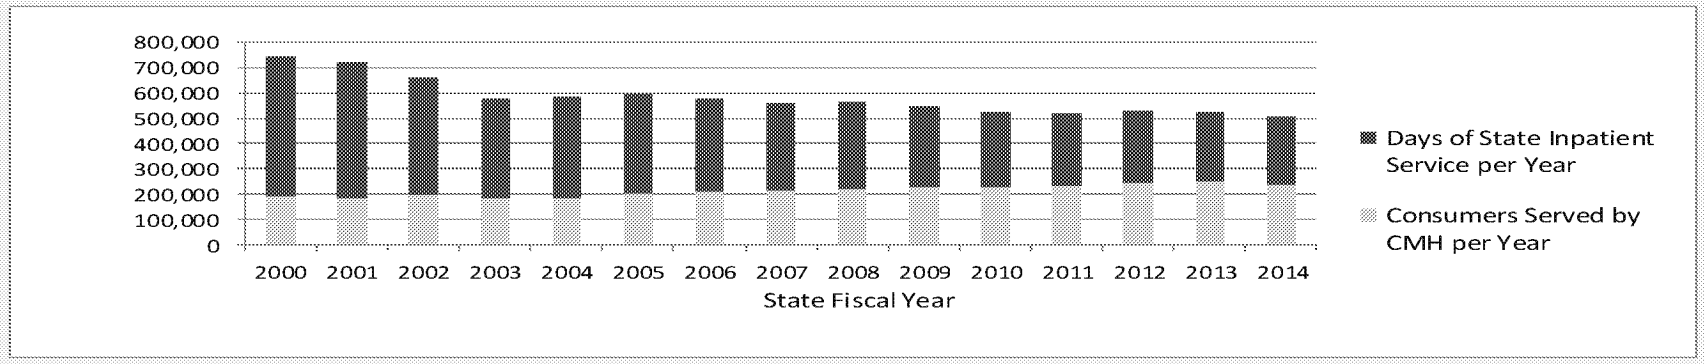
# *Services, Trends and Outcomes*



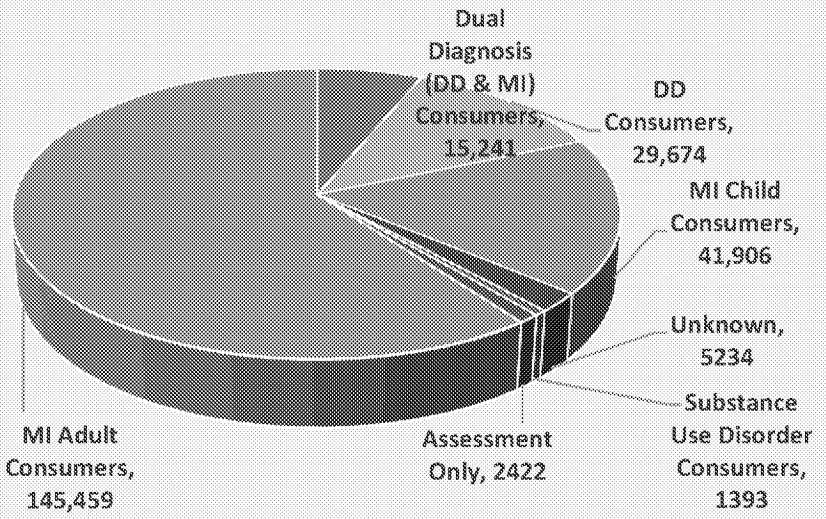
# *Michigan Mental Health First Aid*

- Initiated January 1, 2013 – Mental Health Innovation Funding
- Mental Health and Wellness Funding in FY15
- 20,389 - total number of individuals trained in Mental Health First Aid (MHFA) or Youth Mental Health First Aid (YMHFA) January 1, 2013-September 30, 2015
- 149 MHFA certified instructors and 228 YMHFA certified instructors

# *Individuals Served by Michigan's Public Mental Health System*
## (FY 2000 – 2014)



241,329 Total CMH Consumers Served

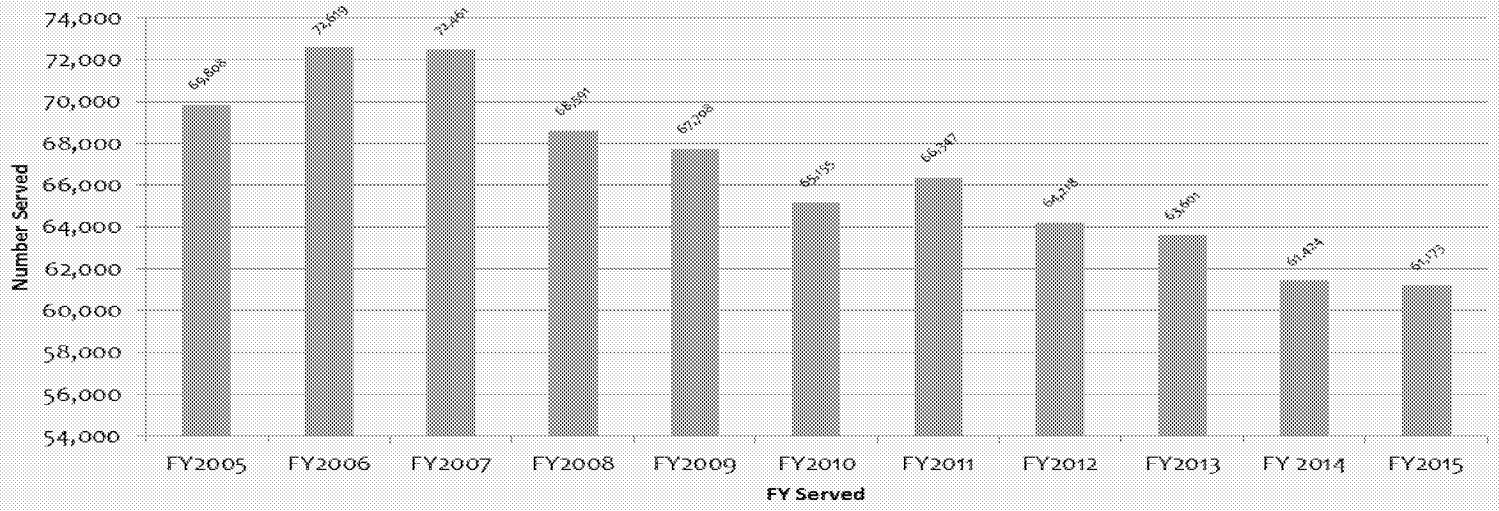


MI=Mentally Ill
DD=Developmentally Disabled

MDHHS

# *Individuals Served in Substance Use Disorder Treatment, Prevention & Recovery Systems*

**Treatment**

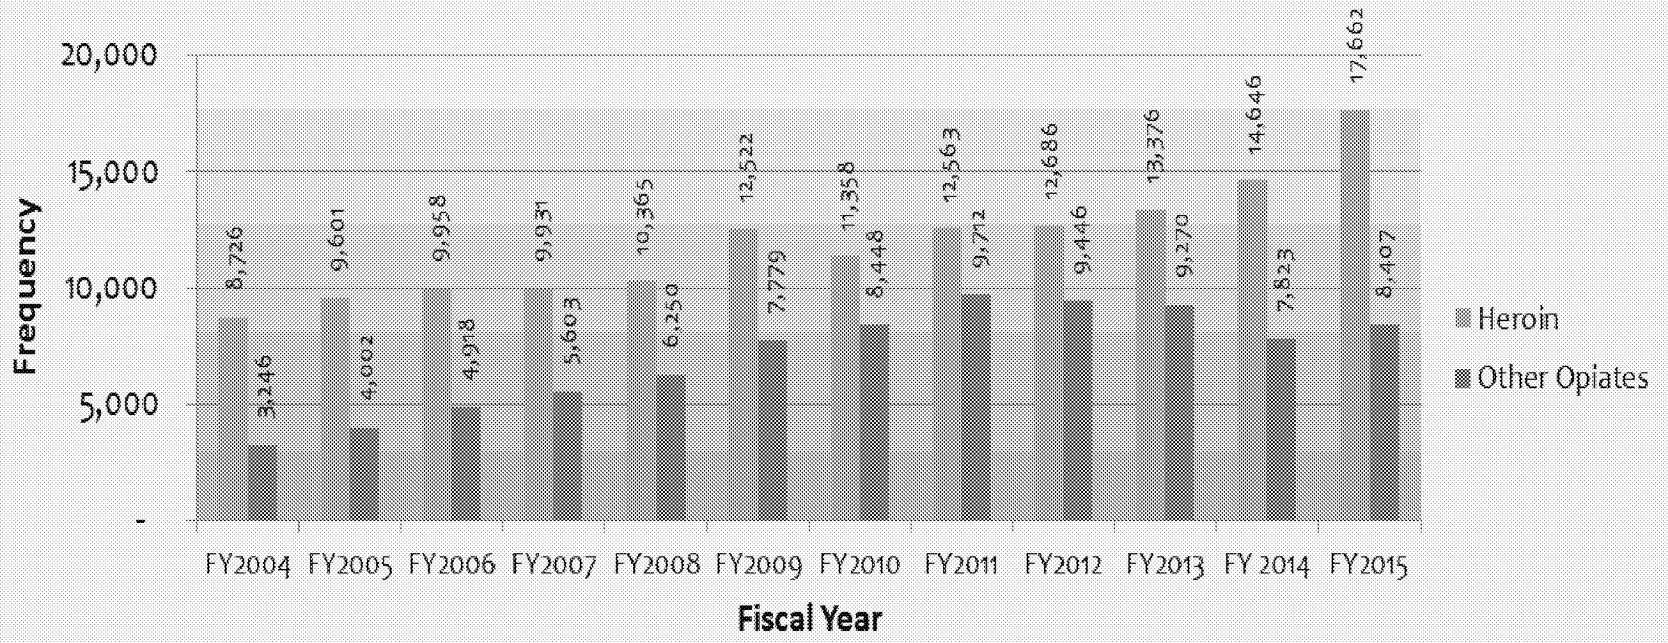


**Prevention** 288,000 persons attended substance abuse prevention programs

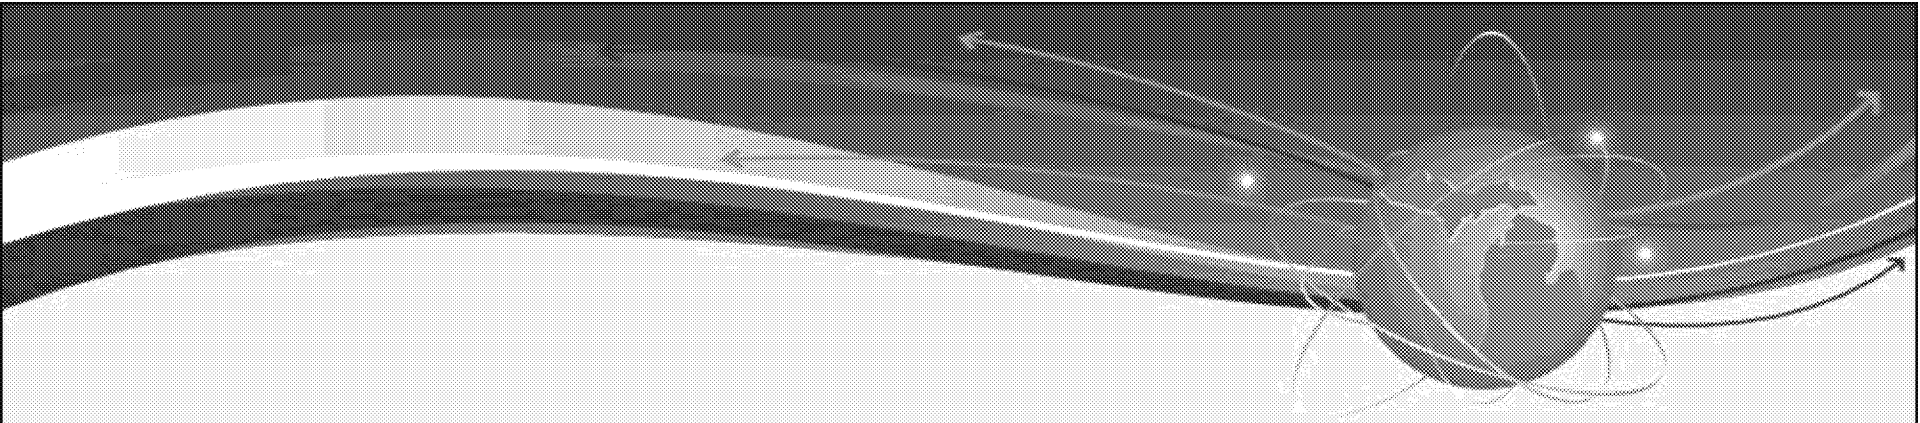
**Recovery** 4,369 persons received recovery support services

# *Trends: Substance Use Disorder Treatment, Prevention & Recovery Systems*

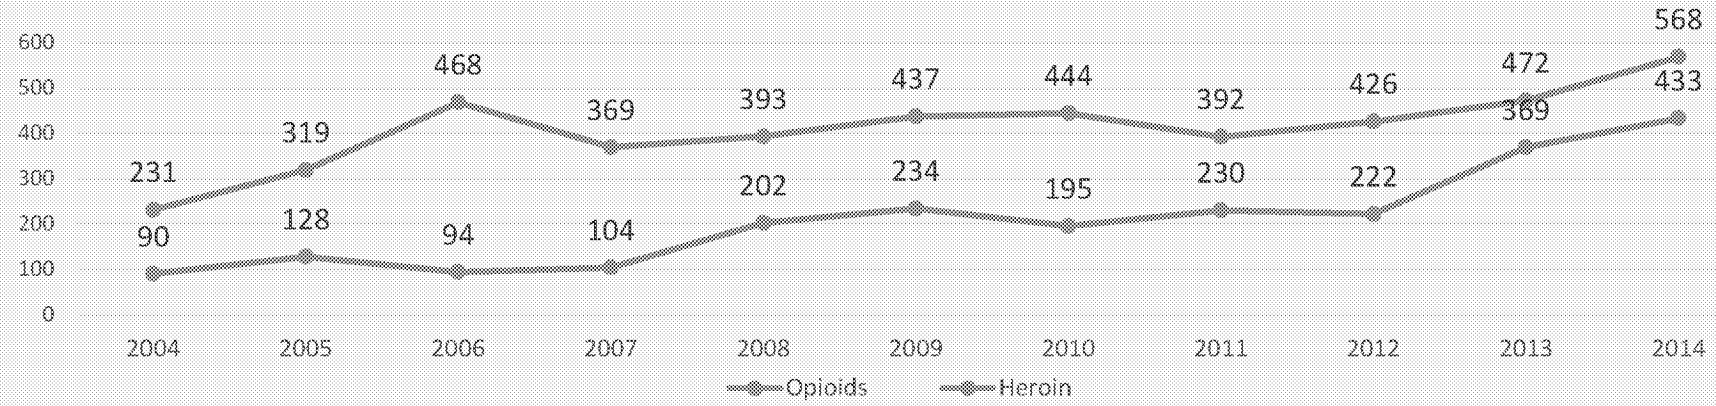
## Heroin and Other Opiates as Primary Addiction-Related Treatment Need on Admission



SOURCE: FY 2004 to 2015 TEDS treatment admission records.



## Number of Drug Poisoning Deaths Per Year Related to Heroin or Opioids



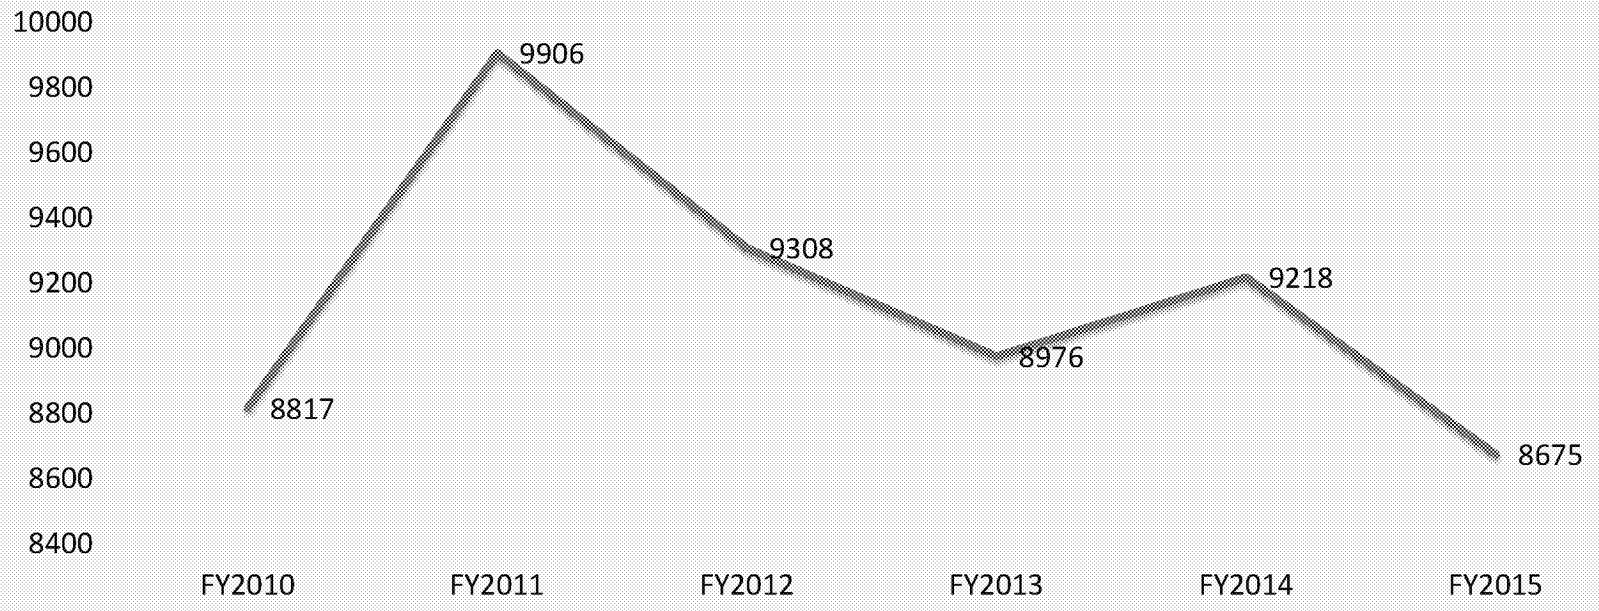
Source: Michigan Death Certificates, Division for Vital Records and Health Statistics/MDHHS

Between 2009 and 2012 in Michigan:

- 4,772 reported deaths due to unintentional or undetermined intent overdose (rate: 12.3 per 100,000 population)
- 930 reported opioid-related overdose deaths, nearly half (48%) of decedents had no prescription filled for opioids in the 30 days prior to death.
- Opioid overdose decedents with no opioid prescription (i.e., drug diversion) almost twice as likely to have cocaine or heroin at the time of death compared to those had an opioid prescription within the 30 days prior to death.

Source: Michigan Automated Prescription System (MAPS)

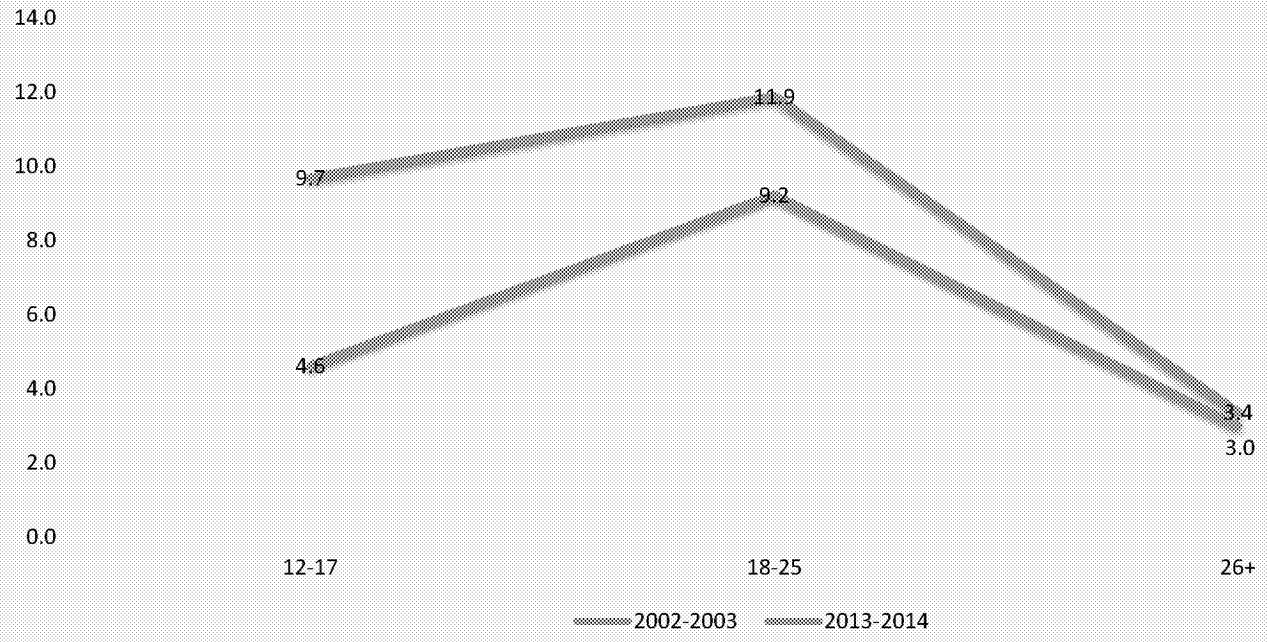
# Primary Prescription Drug Treatment Admissions



Source: FY2010 to 2015 TEDS treatment admission records, BHDDA/MDHHS

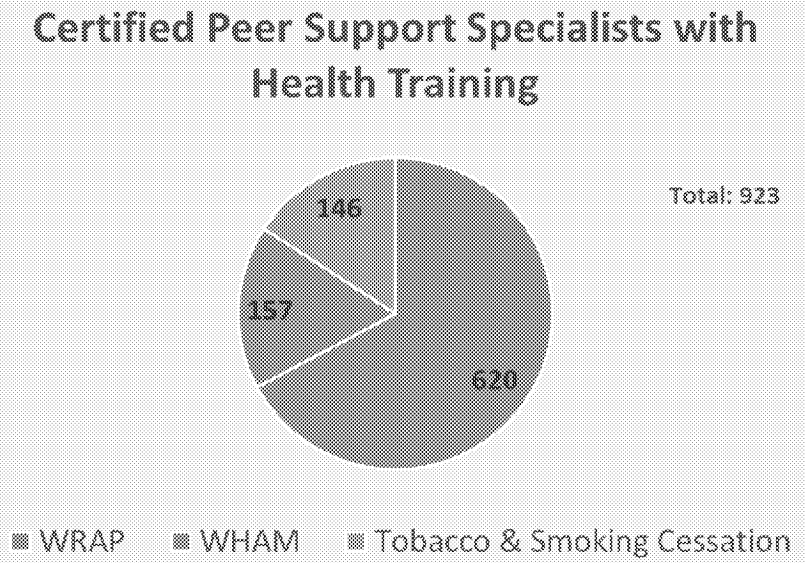
*Prescription Drugs include: Antidepressants, Other Amphetamines, Benzodiazepines, Tranquilizers, Synthetics Sedatives, Barbiturates, and Synthetic Opiates.*

# *Nonmedical Use of Pain Relievers in the Past Year, by Age Group*

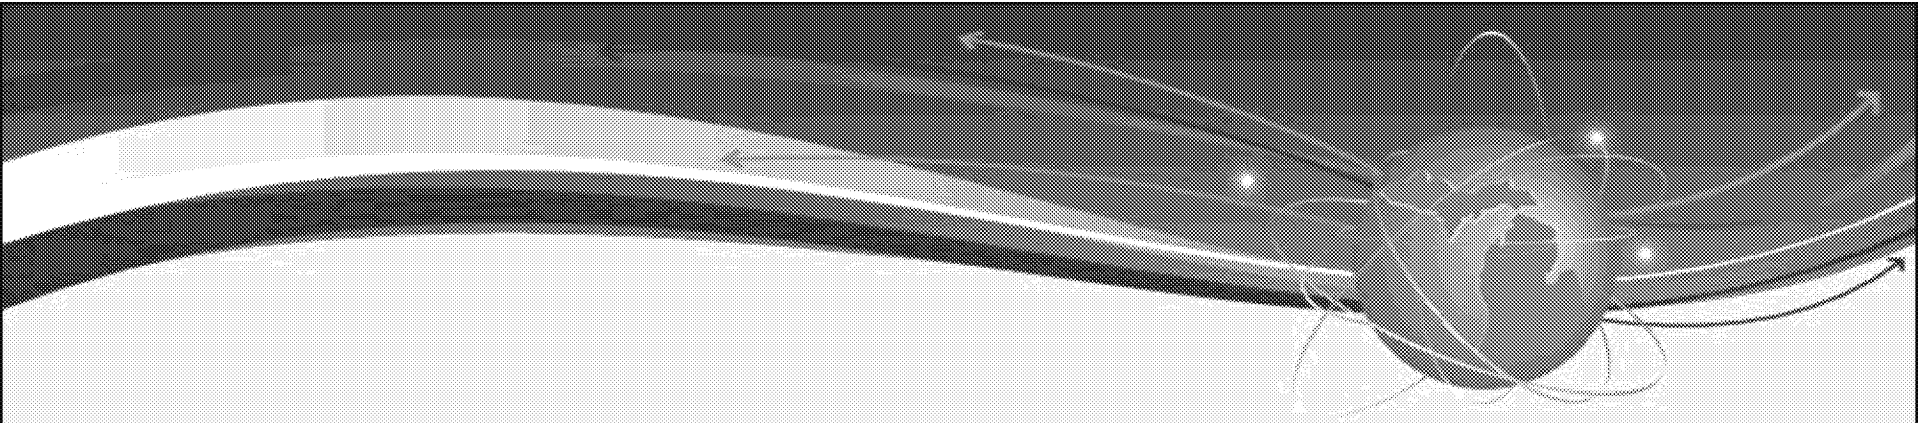


Source: National Survey on Drug Use and Health (NSDUH), 2002-2003 and 2013-2014, SAMHSA

# Peer Workforce & Wellness



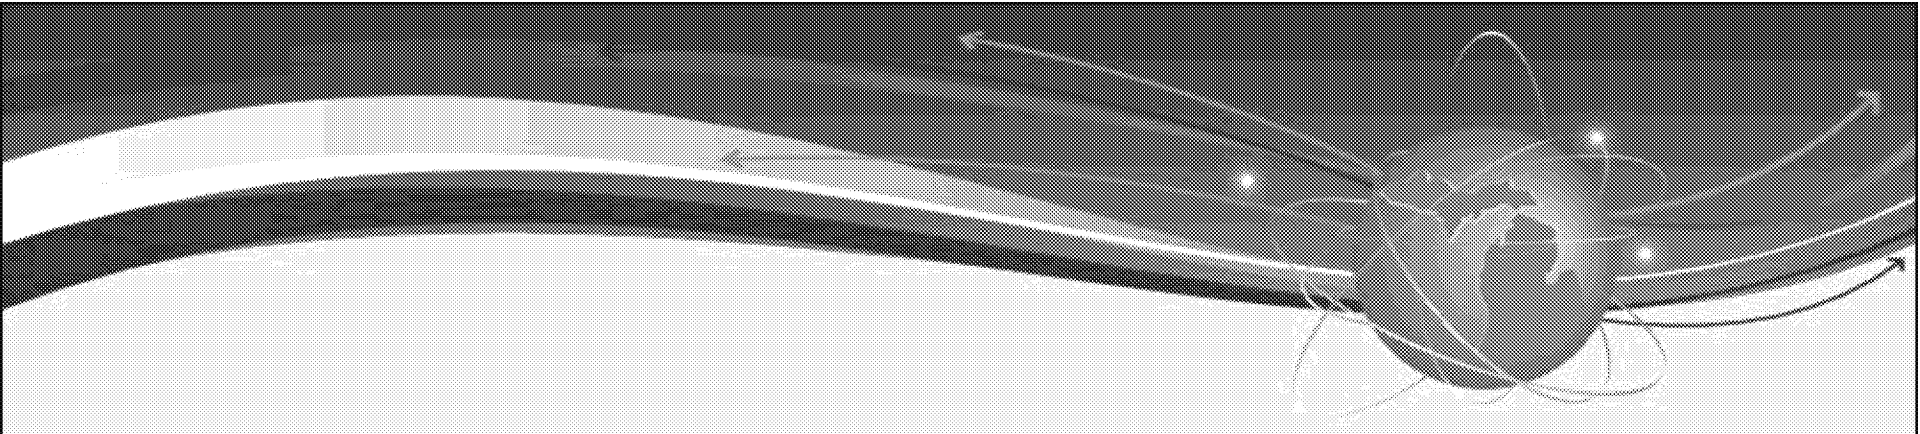
Wellness Recovery Action Plan = WRAP
Whole Health Action Management = WHAM



# *Services to Children and Families*

**Youth Peer Support**

- Youth Peer Support (YPS) provides youth with empowerment and hope through:
  - Direct support from someone with shared experience
  - Skill building on self-care and system navigation
  - Information sharing in a way that can be understood
- Provided by Youth Peer Support Specialists (aged 18 - 26) who have received mental health services as a youth. Preferably also have experience receiving services as a youth in multiple child-serving systems
- Youth Peer Support Specialists are willing to share personal experience
- Added to Medicaid Manual in 2015

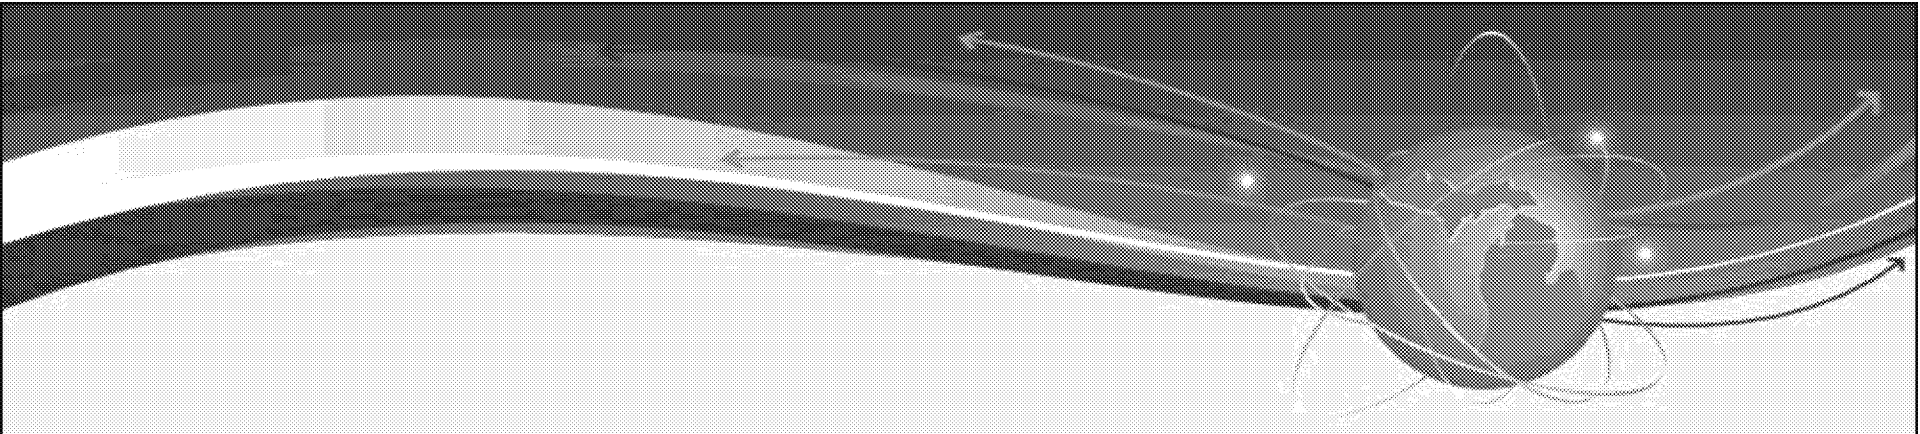


**Serious Emotional Disturbance Waiver (SEDW)**

- 1915 (c) Waiver for children with Serious Emotional Disturbance (SEDW)
- Available in 33 of 83 Counties
- Approved to serve up to 969 children in FY 16. (357 FY 16 to date)
- With CMS approval of new waiver (1115), would become statewide
- Community based services for non-Medicaid, state-psychiatric-hospital-eligible children
- Children must reside with their birth, adoptive family or foster family
- State match for children in foster and adoptive care provided by Department of Health and Human Services in participating counties
- State match for non-child welfare children comprised of Community Mental Health Services Programs (CMHSP) General Fund dollars in participating counties

# *Current Counties Participating in the SED Waiver*

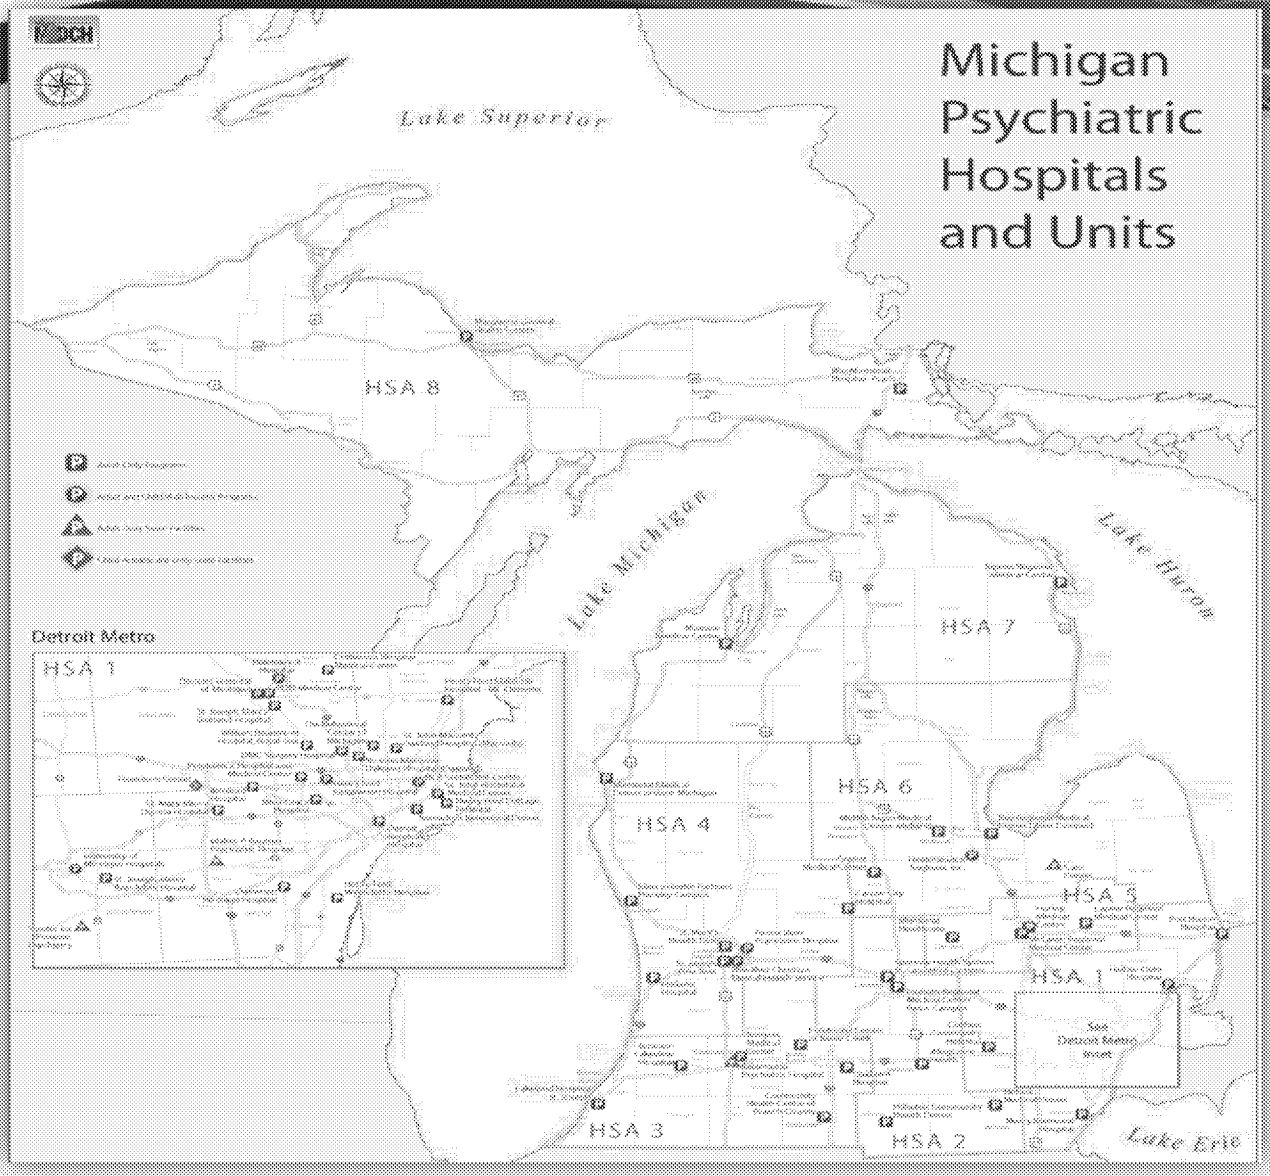
*If the 1115 is approved then all counties not shaded in blue would be SED Waiver sites making the SED Waiver statewide



**Statewide Evaluation of Wrap Around Services (SEDW Funding Stream, October 2015)**

- 81% of Children Ages 0-6 showed significant clinical improvement (As measured by standardized tool, "PECFAS")
- 80% of Children/Adolescents ages 7-18 showed significant clinical improvement (As measured by standardized tool, "CAFAS")
- "Risky Behaviors" measured include:
  - Harm to Self or others
  - Substance Use
  - Trouble with the Law,
  - Truancy
- Presence of one or more "Risky Behaviors" decreased from 49% of youth at initial visit to 22% at exit.

# Michigan Psychiatric Hospitals and Units

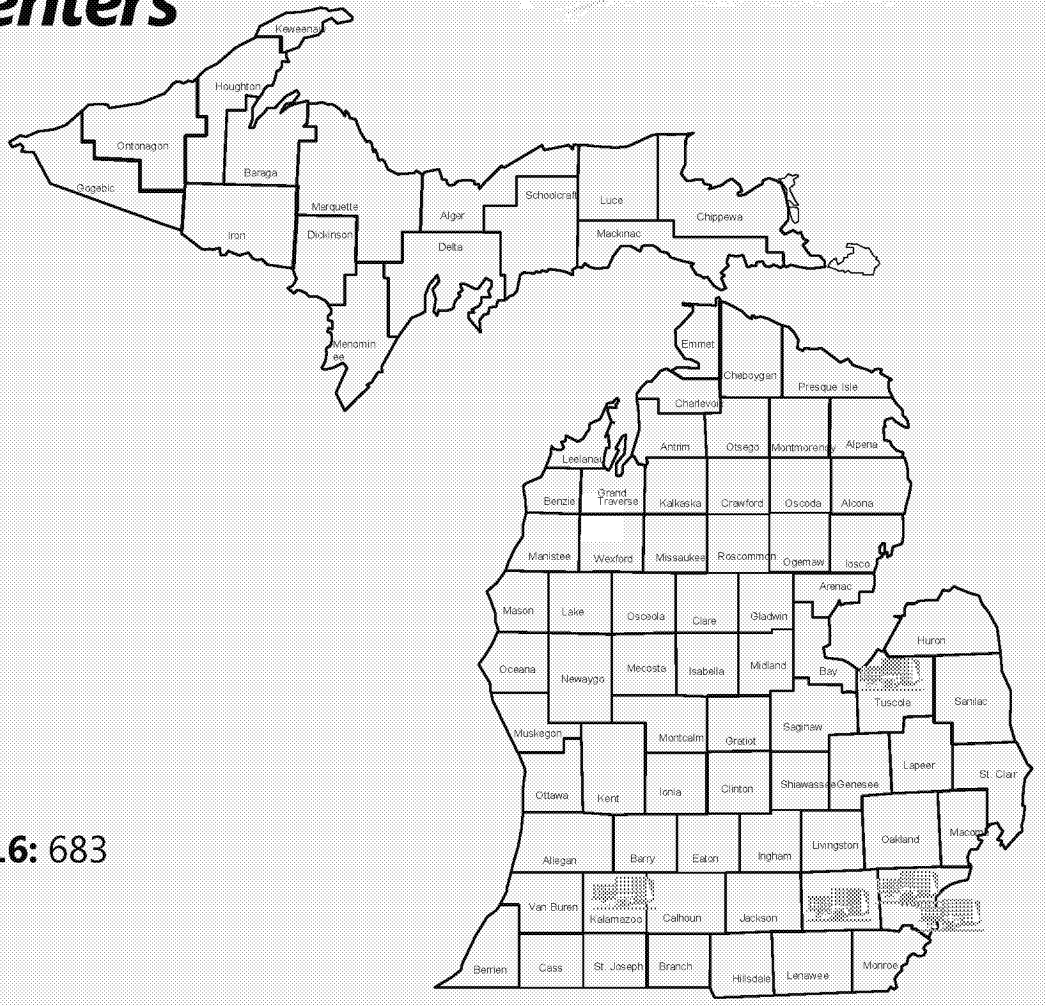


**Total (Local) Inpatient Licensed Beds***

- Adult – 2018 beds, 59 facilities
- Child/Adolescent – 256 beds, 10 facilities

*Does not include State Psychiatric facilities

# *State Hospitals and Centers*



**Adult Hospitals**:

- Caro (147)
- Reuther (151)
- Kalamazoo (131)

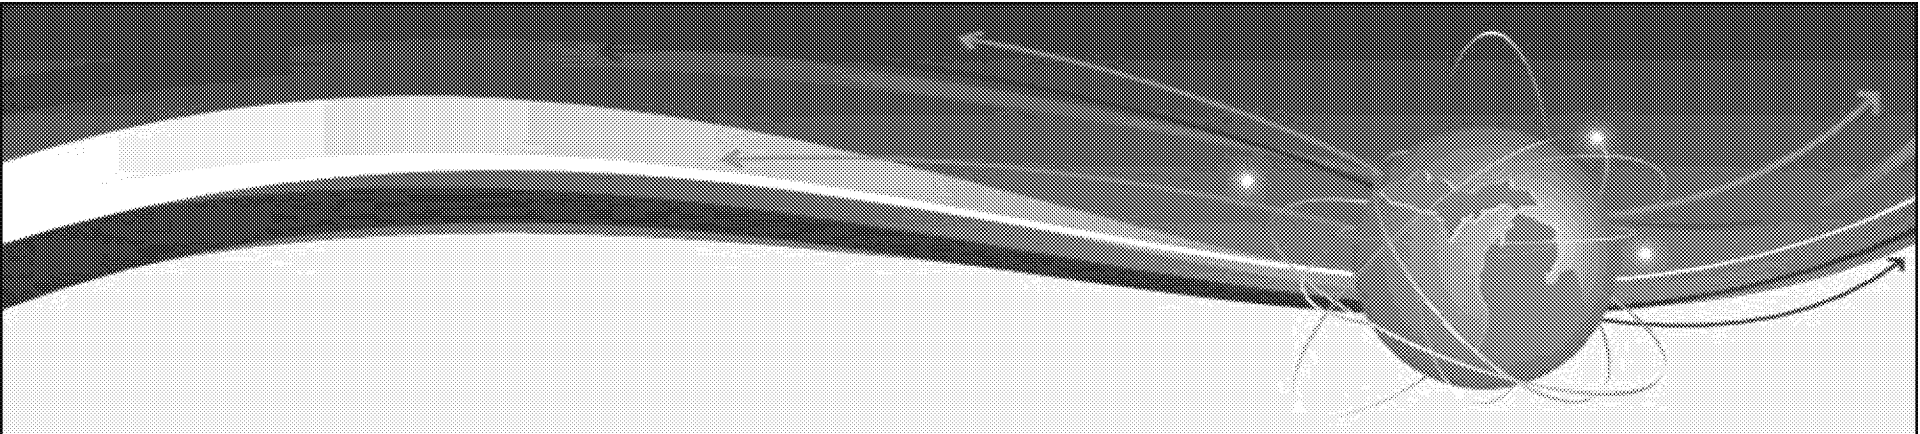
**Forensic:**

- CFP (213)

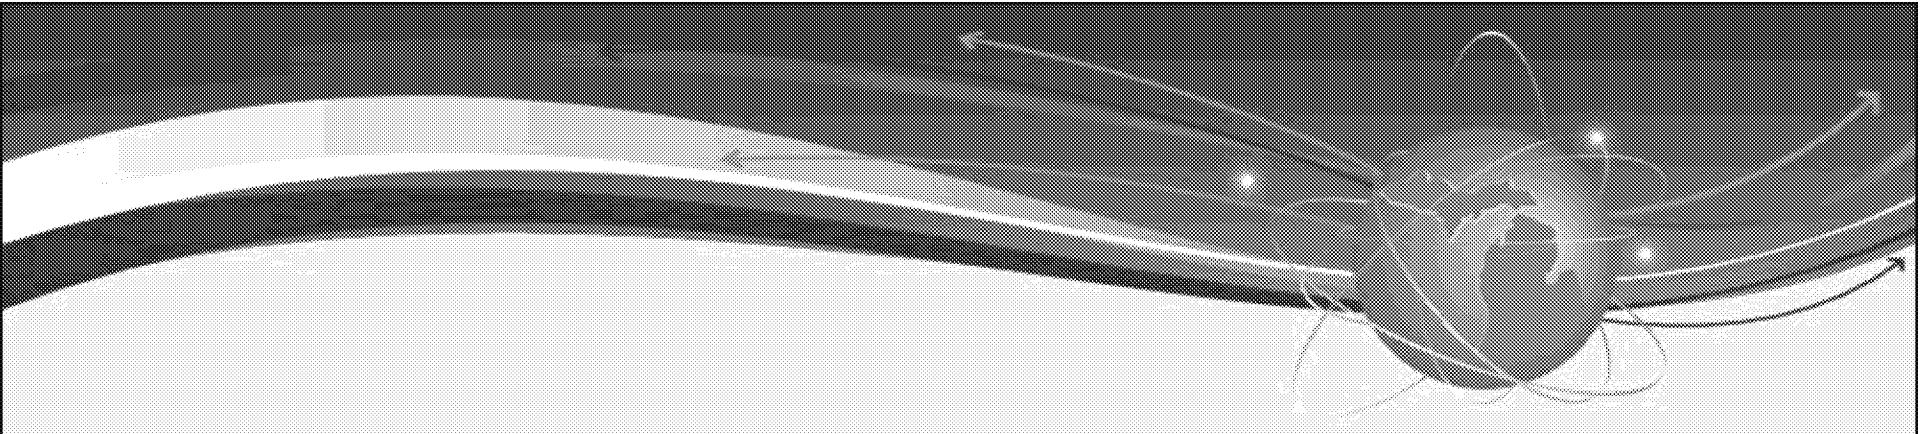
**Children:**

- Hawthorn (41)

**In-house census as of January 20, 2016:** 683



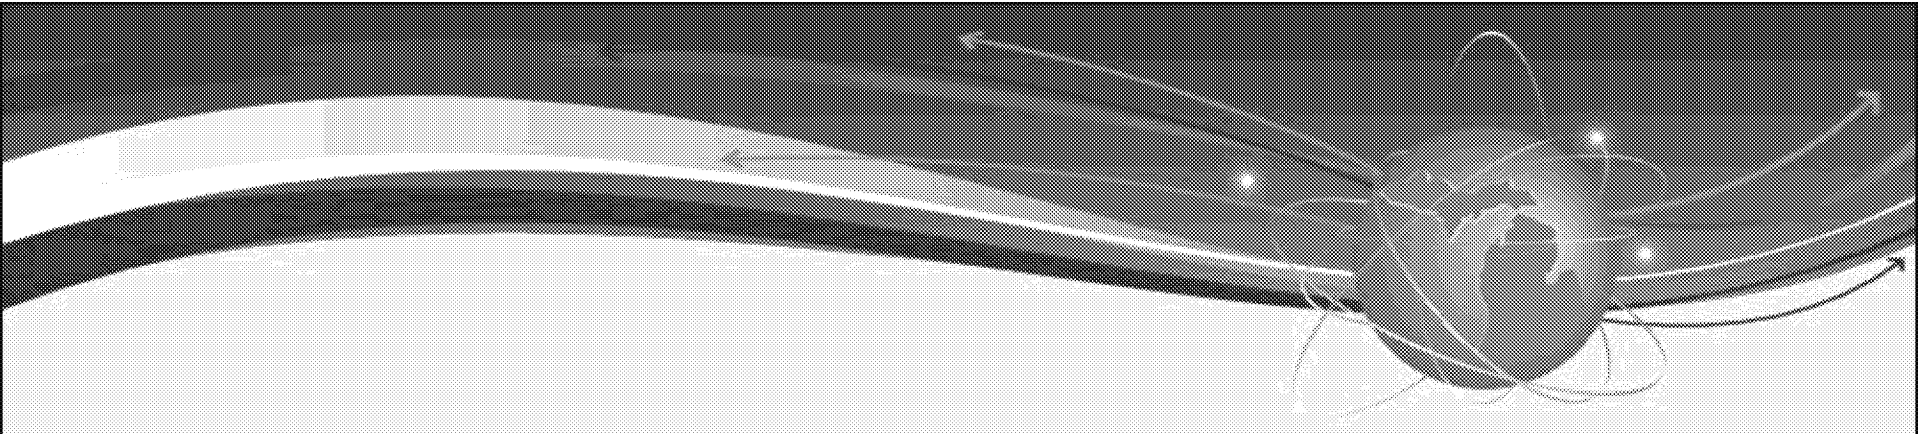
# *Update: 2016 Initiatives*



## Children's Behavioral Action Team (CBAT)

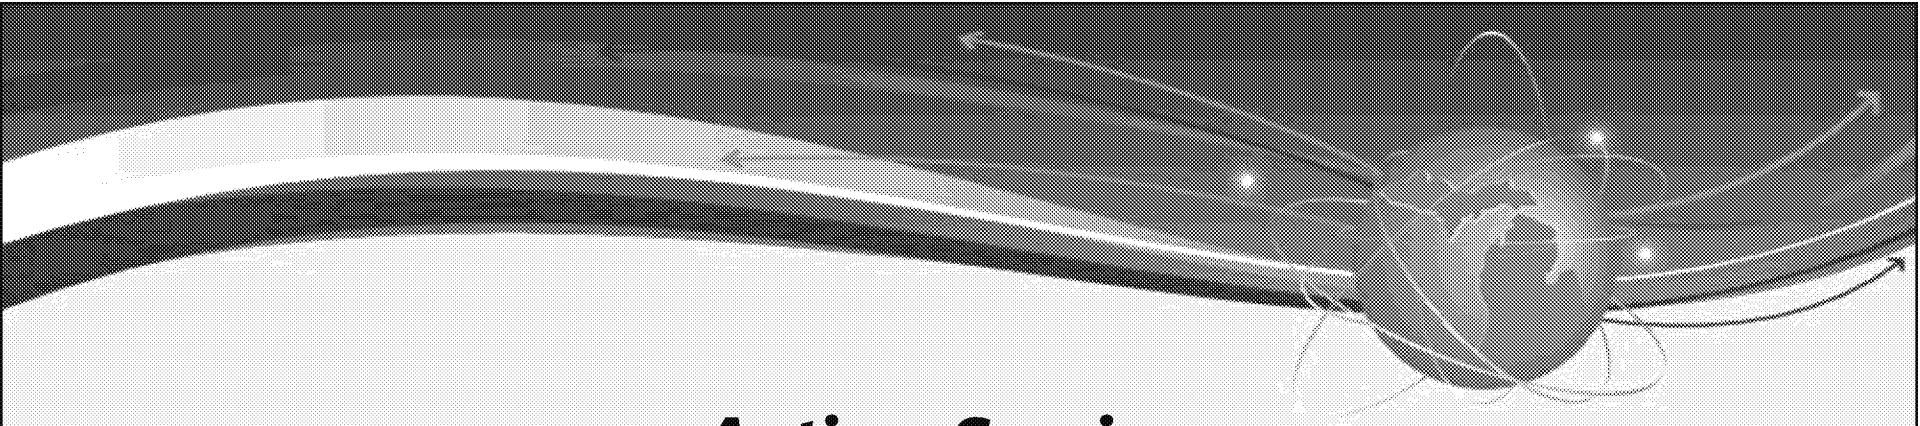
**Overview**

- Transition from Hawthorn Center (state hospital) to community
- 50 extremely complex children/youth
- Program goal: facilitate successful transition from Hawthorn.
- Address system barriers and gaps across Health Plans/Community Mental Health Services Programs, county offices of DHHS, schools, courts, primary care, families/guardians
- Target population: children/youth with serious emotional disturbance, ages 5 to 18, admitted at Hawthorn, multiple hospitalizations and failed community placements
- Extensive trauma histories
- Mental Health and Wellness Commission recommended and funded
- Contract provider: The Guidance Center, contract initiated March 16, 2015



## Children's Behavioral Action Team Outcome Data as of December 31, 2015:

- 24 children/youth, representing 14 counties
- 6 yet to be discharged from Hawthorn
- 18 have been discharged
- Status post discharge of 18: 15 (83%) remain in community
- 3 (17%) in community based residential placements. Work continues to further transition family-like setting
- 75% of children discharged have not returned to inpatient care
- 7 psychiatric readmissions for 5 children/youth since March 2015, with 5 successful transitions back to the community
- **Psychiatric hospital re-admission days reduced 65-70%**



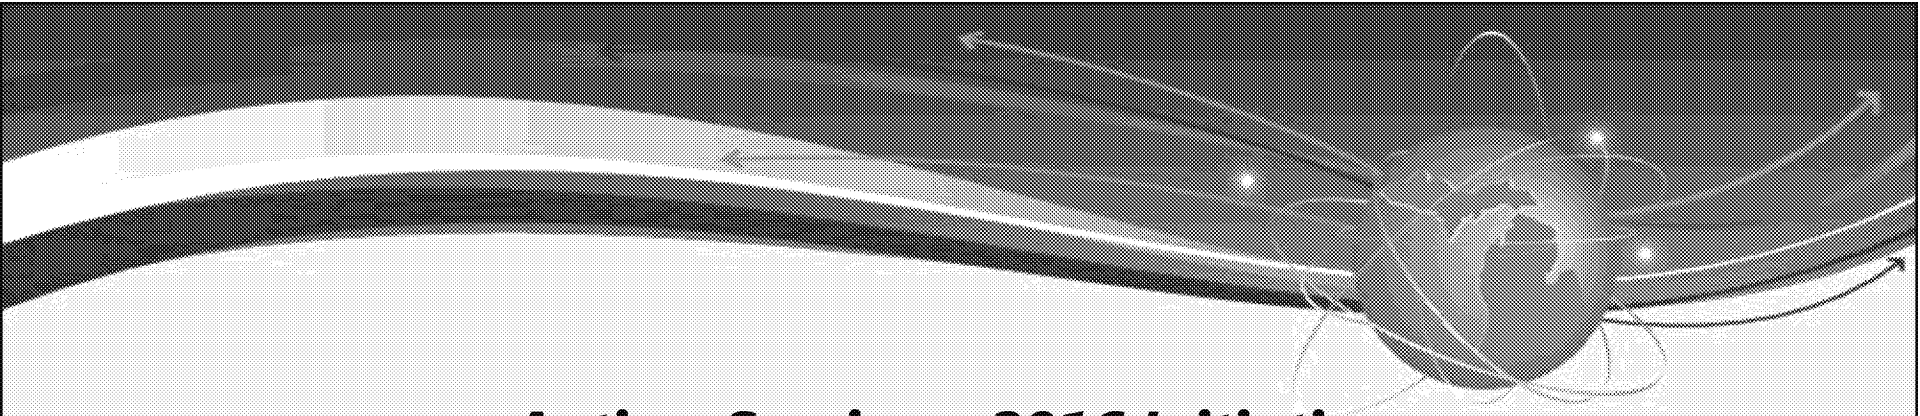
# *Autism Services*

**Autism Applied Behavior Analysis-Medicaid**

- April 1, 2013 – December 31, 2015
- 18 months through 5 years
- 3,328 received diagnostic services
- 2,490 diagnosed and eligible for Applied Behavior Analysis Services (ABA)
- 442 ineligible due to age
- 98% retention rate of eligible children continuing ABA

**Autism Applied Behavior Analysis-Medicaid**

- January 1, 2016 policy expanded
- Through 20 years
- State Plan Amendment, included under EPSTD
- 1,564 diagnosed and eligible (1/22/16)
- 146 over 5 years old (1/22/16)



# *Autism Services: 2016 Initiatives*

## Autism Applied Behavior Analysis Workforce Capacity (Medicaid and Other Payers)

**Board Certified Behavior Analysts:**

- 370 in Michigan as of December 31, 2015
- 49% increase from 2014 (248) and 214% increase from April 2012 (118)

**University Programs:**

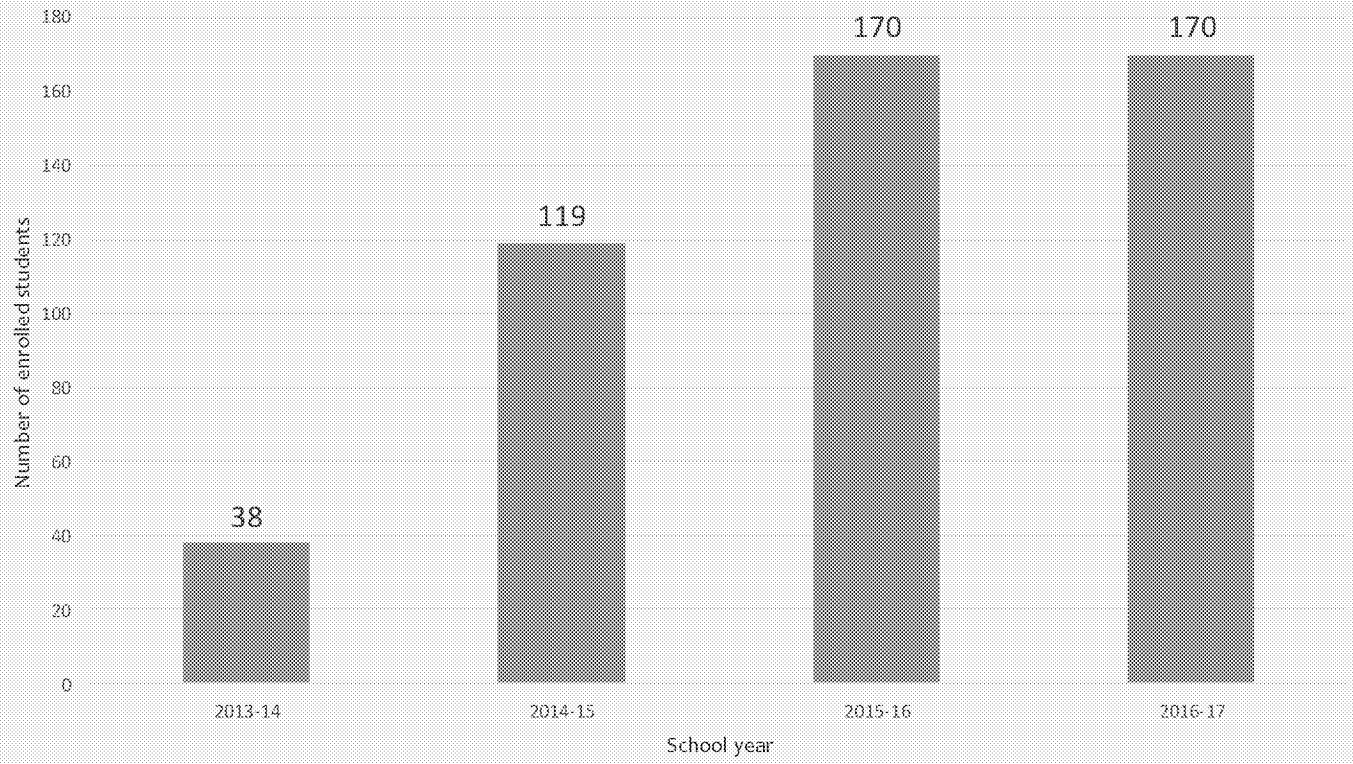
- Two universities with degree programs in 2012 and eight in 2015-16
- University of Michigan–Dearborn is on schedule to offer a degree program in 2016-2017

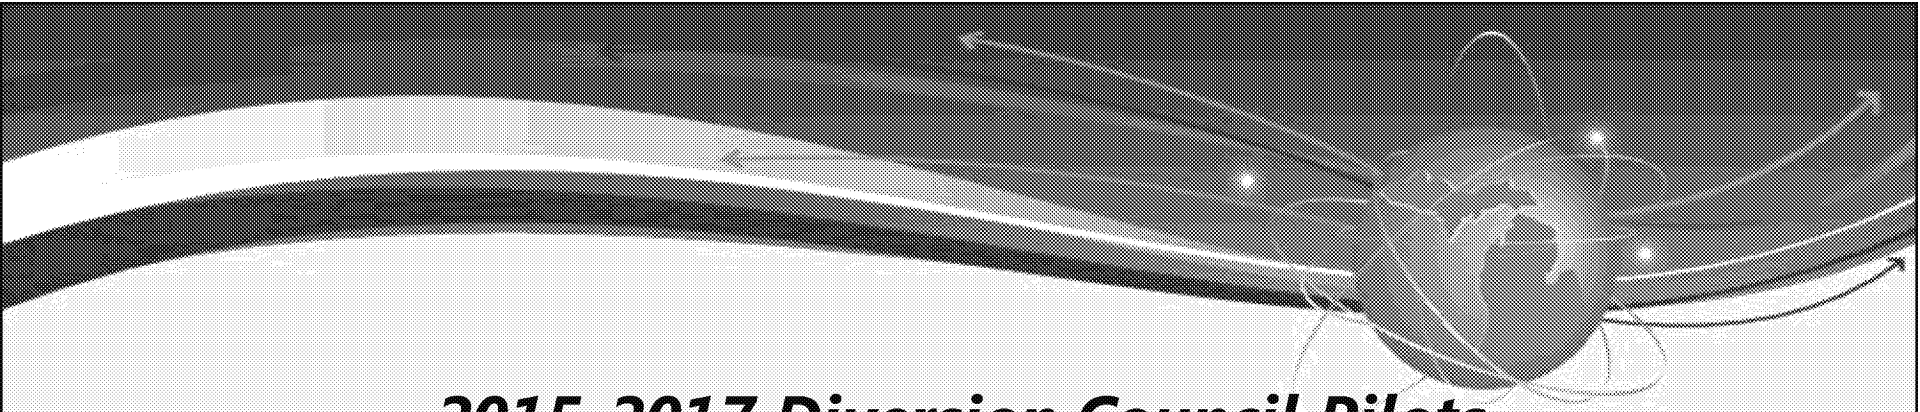
**Universities funded:**

- Central Michigan University
- Michigan State University
- Oakland University
- University of Michigan – Dearborn
- Wayne State University
- Western Michigan University
- Eastern Michigan University (extended)

# *Autism Services: 2016 Initiatives*

## Autism Applied Behavior Analysis Workforce Capacity
## Number of Students Enrolled in Master-Level ABA Program in Michigan





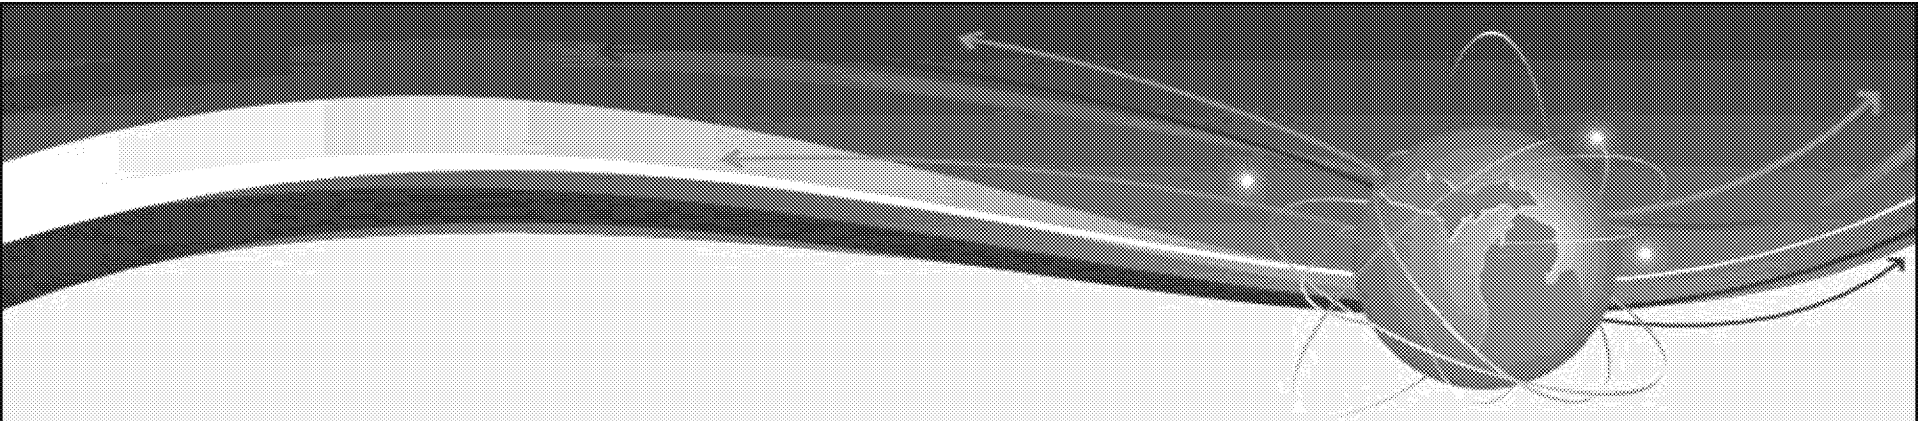
# *2015-2017 Diversion Council Pilots*

**Community Diversion Pilots:**

- Barry County - Crisis Intervention Training (CIT), jail screening and treatment groups (cont.)
- Berrien County - CIT, in-jail services and staffing (cont.)
- Detroit Central City – In-jail services, Forensic Assertive Community Treatment (ACT) team, housing (cont.)
- Kalamazoo County - CIT, CIT-Youth, longer term housing (cont.)
- Kent County – In-jail services/pre release services (cont.)
- Livingston County - CIT, in-jail services (new 2 yr. grant)
- Marquette County - CIT, Moral Reconation Therapy (MRT), in-jail assessments and screening (cont.)
- Monroe County – In-jail services and pre-release services (cont.)
- Oakland County - CIT, CIT-Youth, in-jail staffing (cont./new 2 yr. grant)
- St. Joseph County – On-site diversion center, CIT (cont.)
- Southwest Community Court – Post-booking services through court (cont.)

**Findings:**

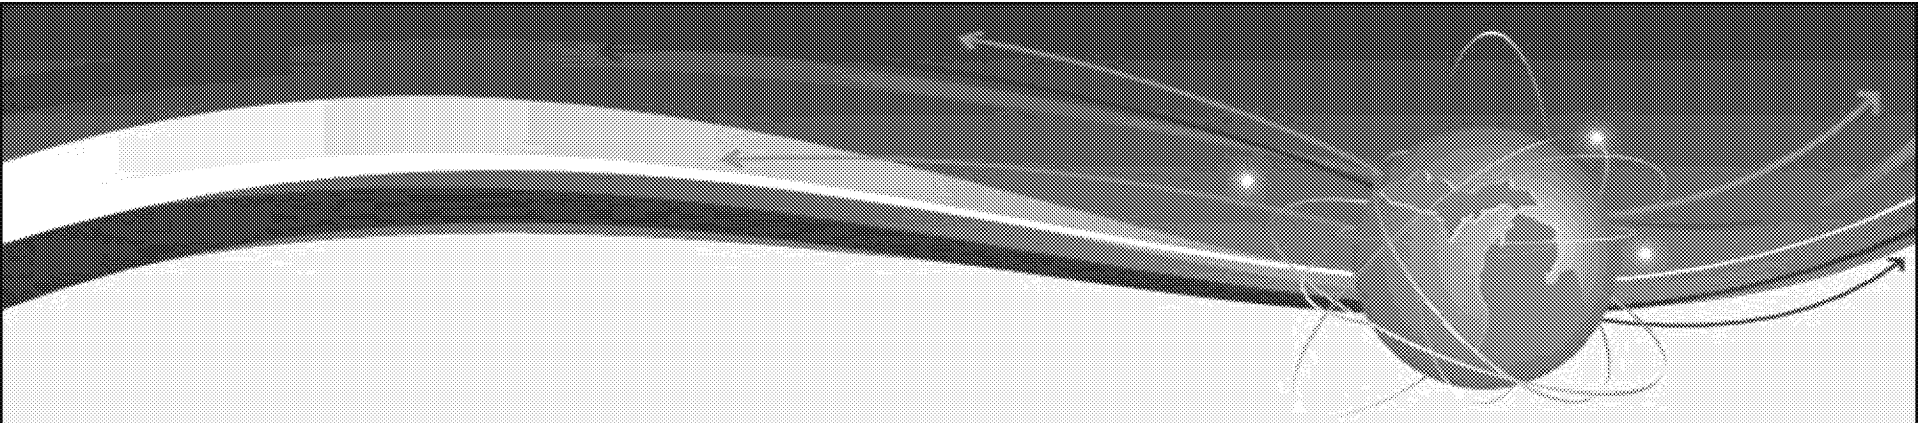
- Before pilots: no uniform mechanism for measuring mental health need (across jails/state)
- Pilots: utilized consistent screening process across the 8 pilot sites
- **On average, 22% of those entering these 8 sites have symptoms indicative of a serious MH problem; however there is variability across counties that ranges from a low of 15% to a high of 38%.** These numbers allow us to establish a bench mark for future measurement of increasing or decreasing need within the jail.



# *2015-2017 Diversion Council Pilots*

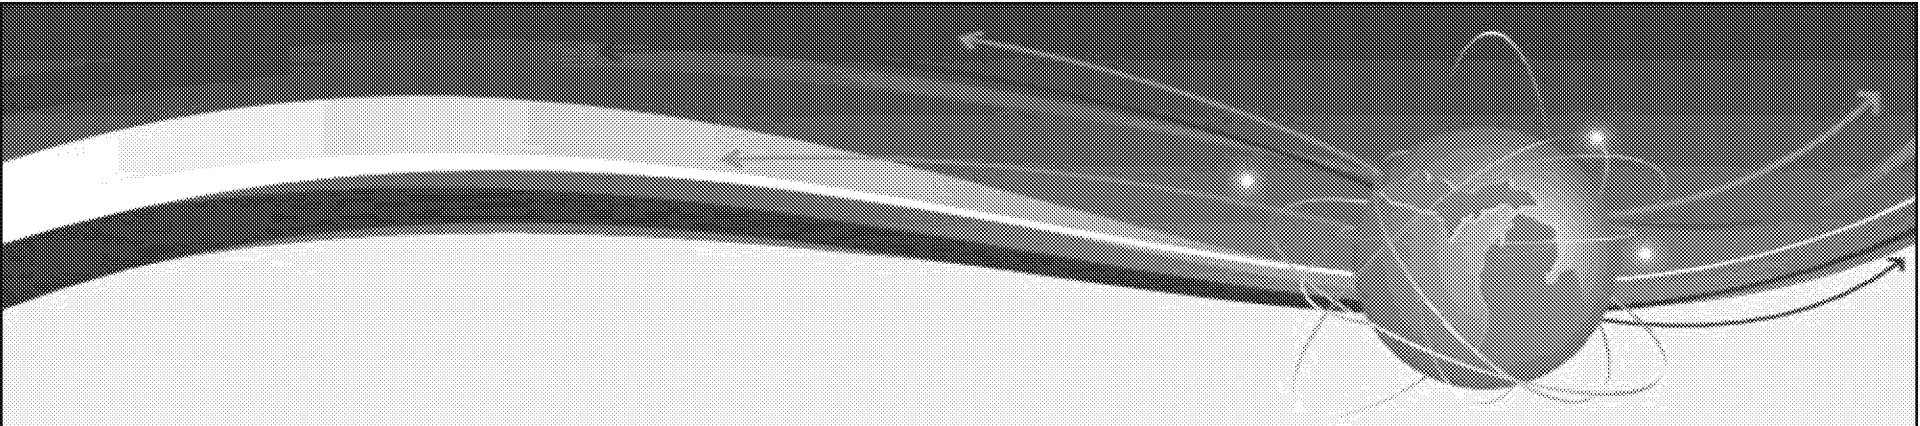
## Evaluation Focus

- First Year Process Tracking:
  - First year progress including numbers of those admitted to the jail with a MH problem, those served by diversion, those trained in CIT, and interviews with stakeholders
- First Outcomes to be tracked:
  - Assessment of jail recidivism of those provided diversion services
  - Assessment of Crisis Intervention Training (CIT) activities; community service utilization
- Second level of Outcomes to be tracked:
  - Recidivism after 1 year
  - Treatment engagement in the community



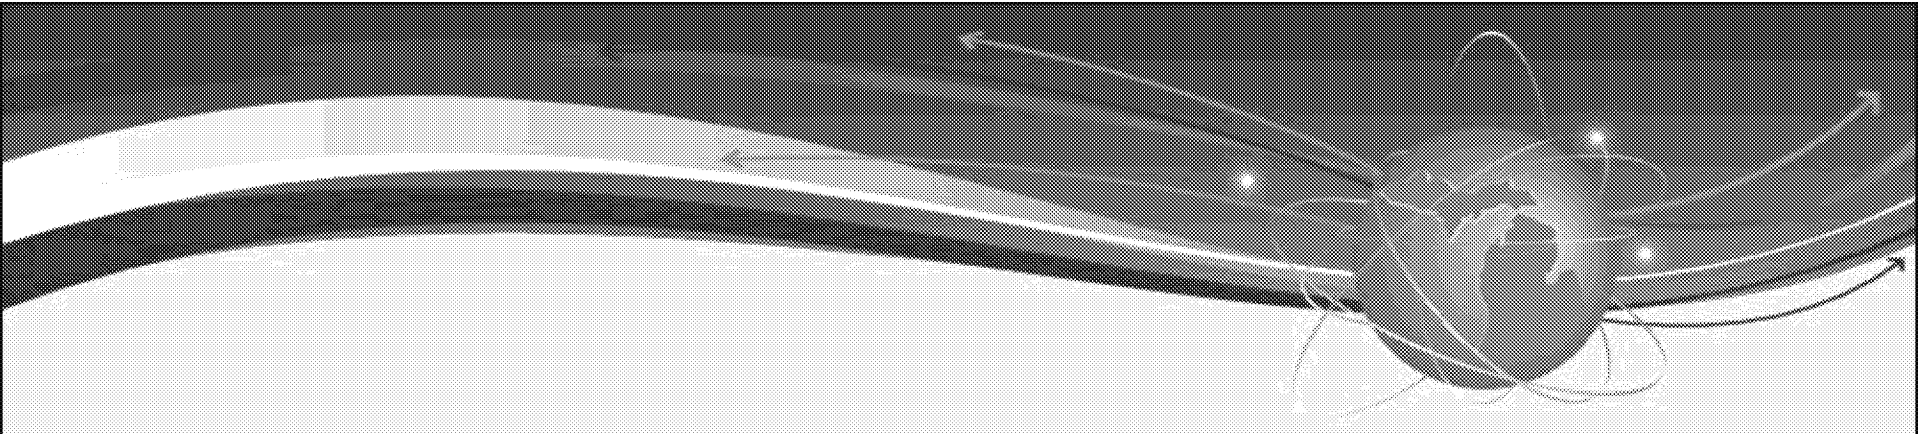
# *Other Notable 2016 Initiatives*

- Certified Community Behavioral Health Clinics planning grant
  - Application due October 31, 2016
  - 8 to 10 certified clinic sites
  - Increased focus on health, wellness, and broadening safety net
- Home and Community Based Services Transition Plan
- Change in Medicaid Waiver Foundation (1915b,c to 1115)
- Whole Health and Wellness Focus
  - CMH Health Home pilots
  - Integrated Care learning communities
  - Shared financial incentives and metrics between physical health care (Medicaid Health Plans) and Specialty Services and Supports (Pre-Paid-Inpatient-Health-Plans)

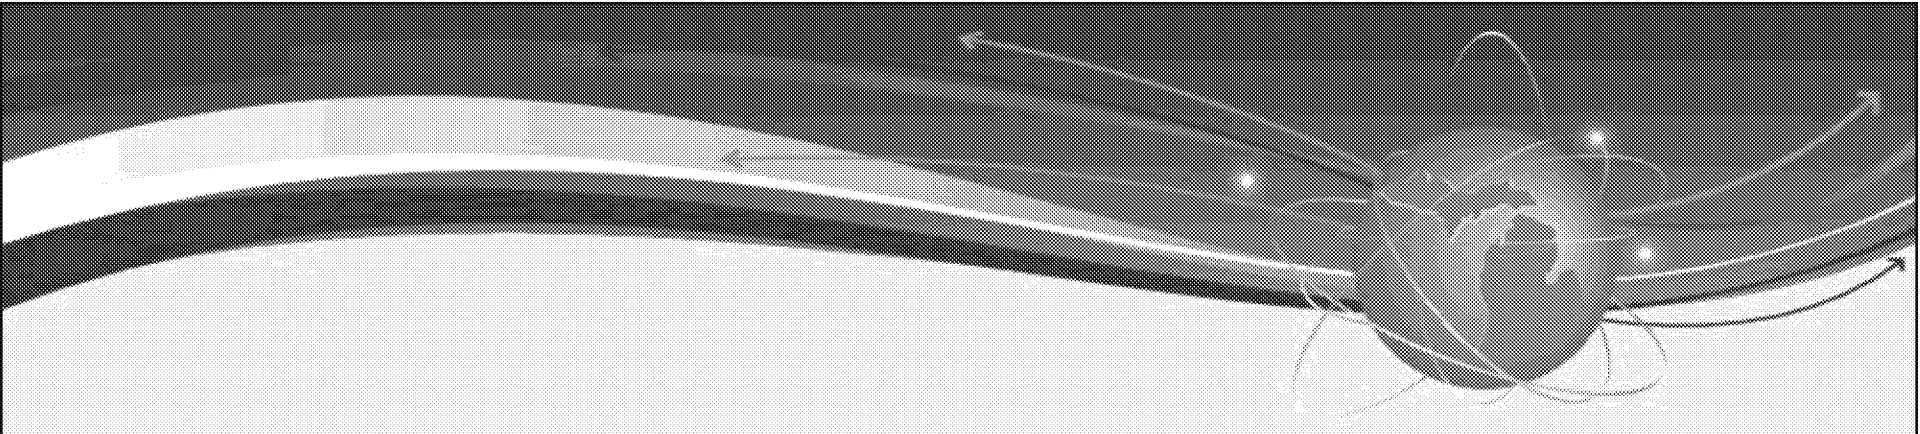


# *Prescription Drug and Opioid Abuse Task Force Recommendations – MDHHS Action Items*

- Prevention
  - Increase prescription drop-off bins
  - Improve prescription monitoring program
- Treatment
  - Increase access to Naloxone
  - Increase access to care
  - Increase the number of addiction specialists
  - Develop best practices for reducing neo-natal abstinence syndrome
- Policy and Outcomes
  - Create ongoing Task Force
  - Create a State Dashboard to measure outcomes

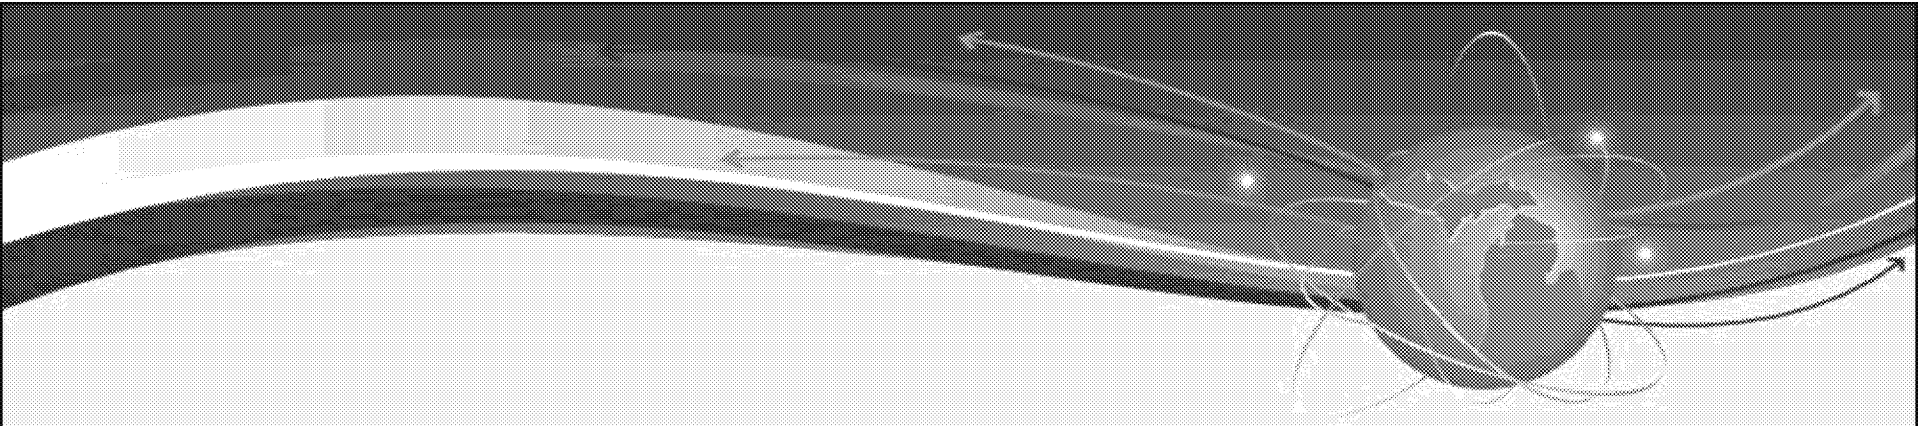


# *Governor Snyder's FY17 Recommendation*



# *MDHHS 2017 Budget Recommendation*

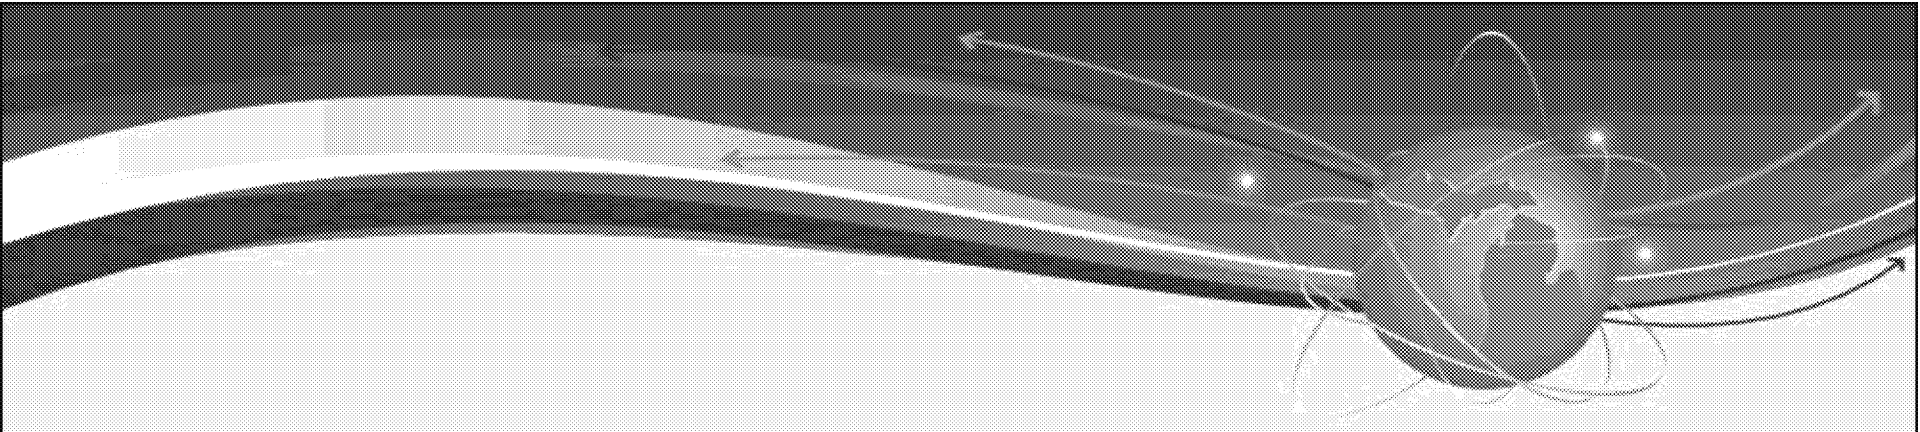
| | Gross | GF/GP |
|---|---|---|
| Behavioral Health/Substance Abuse Services | $2,955.5 | $972.3 |
| State Psychiatric Hospitals and Centers | $293.9 | $218.2 |



# *FY 17 Program Investments and Other Adjustments*

**(in millions)**

| Description | FY 2017 Recommendation | |
|---|---|---|
| | GF/GP | Gross |
| **Investments:** | | |
| New Unit at Center for Forensic Psychiatry | $7.6 | $7.6 |
| Autism Navigator/Autism Alliance | $1.1 | $1.1 |
| **Other Adjustments:** | | |
| Actuarial Soundness Rate Adjustments (Mental Health & Substance Use) | | |
| 1.5% for Prepaid Inpatient Health Plan (PIHP) Actuarial Soundness | $11.9 | $34.2 |
| 2.0% for Healthy Michigan Plan (HMP) | $0.2 | $4.7 |



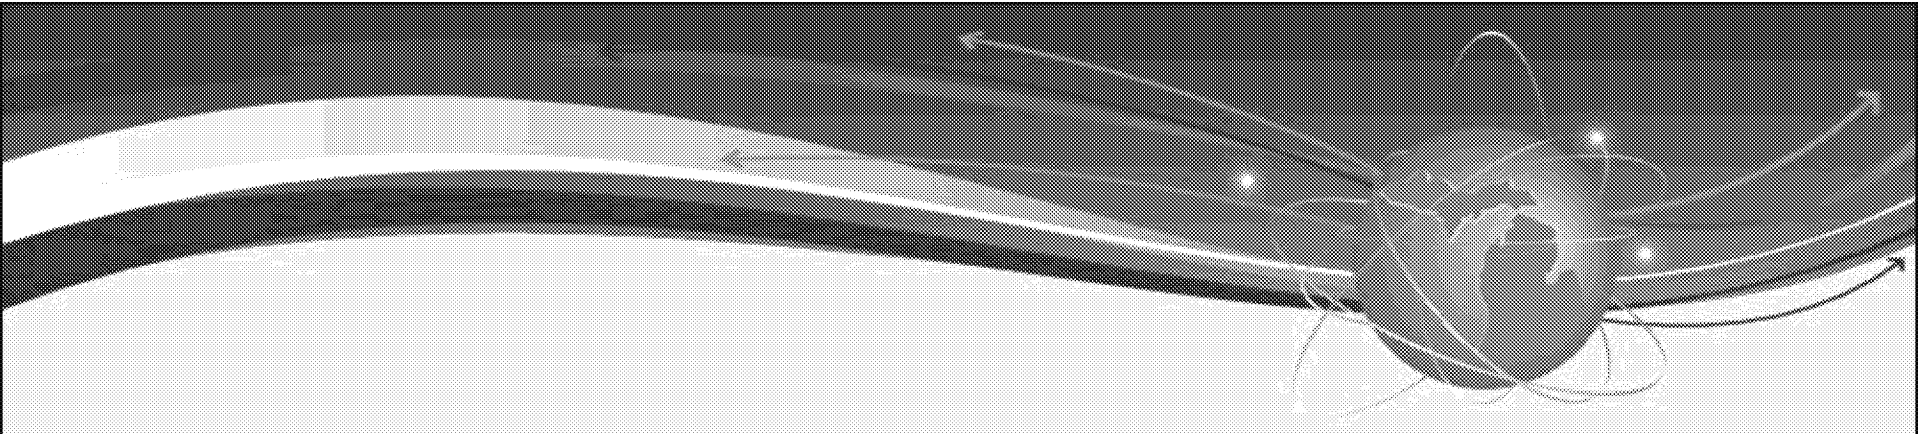
# *MDHHS 2017 Budget Recommendations*
## (in millions)

**New Patient Unit at Center for Forensic Psychiatry**

- Open unused wing to bring total capacity to 240 patient beds
- Move individuals currently housed in other regional hospitals or local jails to a facility better suited to address their mental health needs
- $7.6 M Gross and GF/GP investment to provide treatment for 30 additional patients

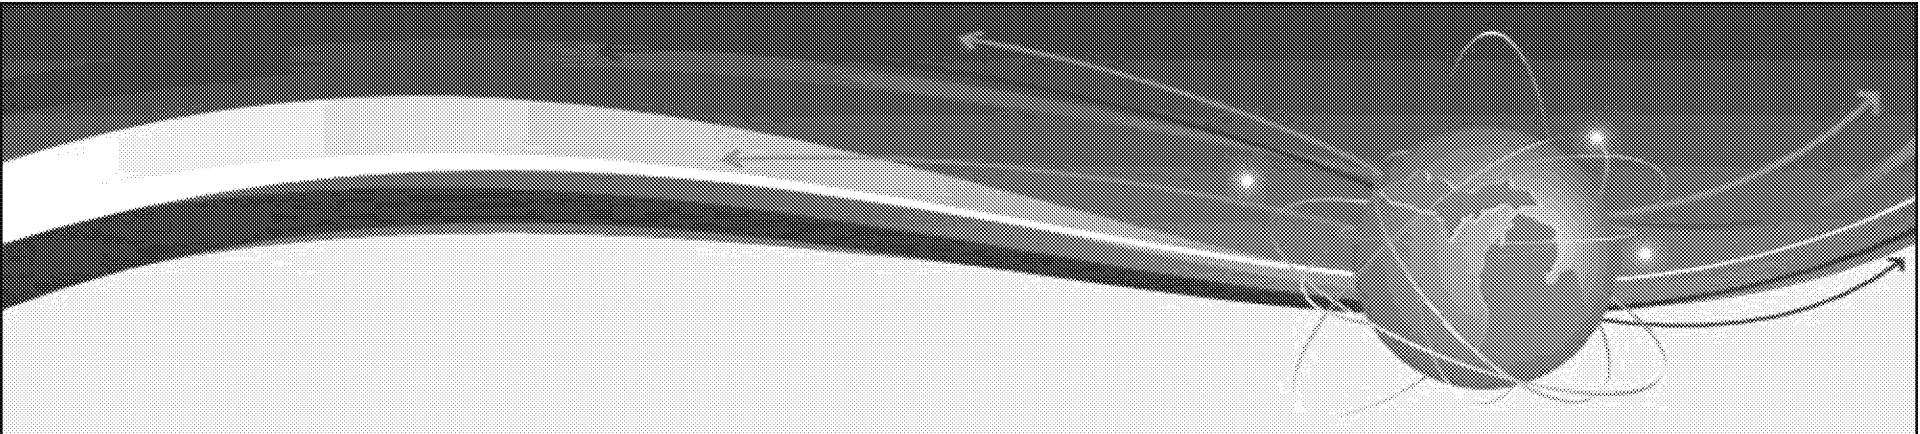
**Autism Navigator/Autism Alliance**

- Continues funding to the Autism Alliance for an assessment of the statewide roll-out of the Medicaid Autism benefit and for staff to assist families of autistic children in finding services.
- $1.1 M Gross and GF/GP.



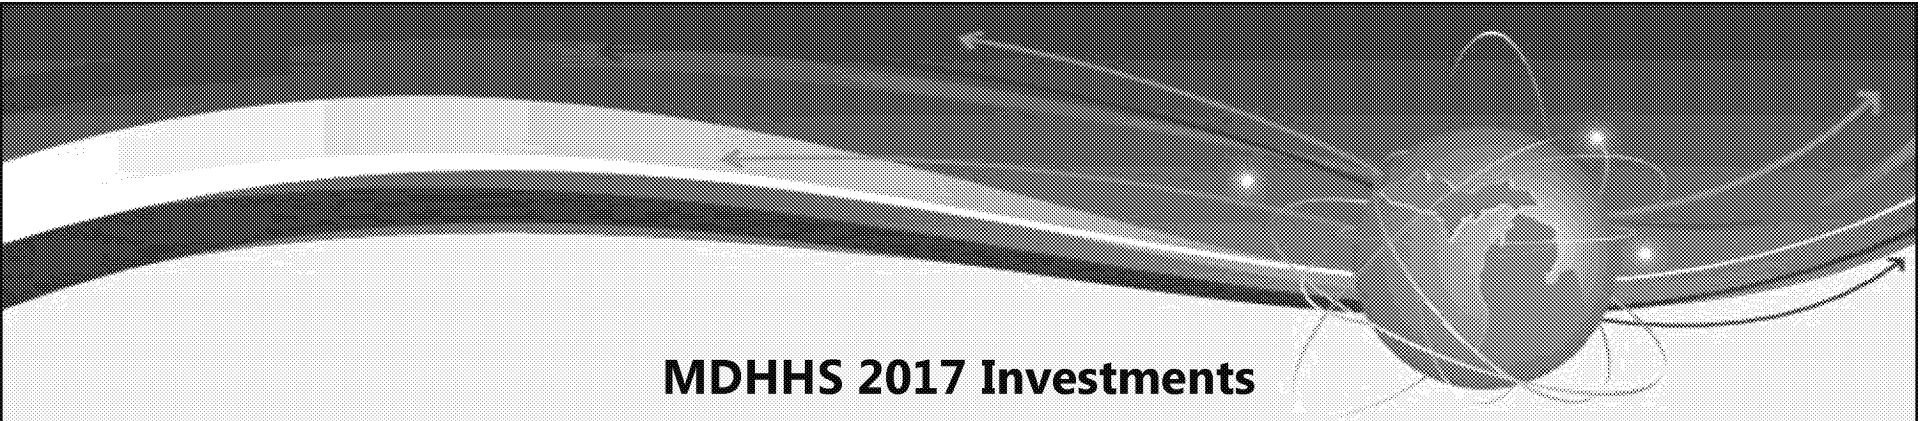
# *Additional Unit at the Center for Forensic Psychiatry (CFP)*

- CFP –mandated (statute) to provide specialized mental health services to Incompetent to Stand Trial (IST) and Not Guilty by Reason of Insanity (NGRI)
- Nationwide increase in the demand for forensic psychiatric beds
- Michigan - 30% increase in demand over five years
- Resulting:
  - Long wait list for admission to CFP
  - Individuals with mental illness sit in jails awaiting court ordered treatment in CFP
  - Class-action lawsuits in other states, with subsequent federal oversight
- Recommended Action:
  - Open additional 34 bed unit at CFP
  - 12,410 additional patient days of specialized treatment available



# *2017 Diversion Council Pilots*

- 2016-2017 Pilot Activities:
  - Collection of recidivism data from each jail
  - Collection of mental health screening data using standardized instrument
  - Measure utilization of community treatment alternatives in communities that implement CIT
- Long-term outcomes to be measured:
  - Recidivism after 1 year
  - Treatment engagement in the community



## MDHHS 2017 Investments

# *Health and Wellness*

**Integration of Physical and Behavioral Health Services**

- Improved Care Delivery
- Improve Health Outcomes
- Better Coordinated Care

*The governor recommends that the state begin the process to better integrate mental and behavioral health services with a patient's physical health treatments. The governor expects to see improved coordination of care and a stronger focus on the needs of an individual patient by initiating a process by which all patient services are closely integrated. This budget recommendation asks the legislature and the health provider community to engage in an important conversation about integrating physical and behavioral health services into the larger consideration of patient need.*

Michigan Department of Health & Human Services
RICK SNYDER, GOVERNOR | NICK LYON, DIRECTOR

# Behavioral Health and Developmental Disabilities Administration

## Fiscal Year 2017

**Presentation to Senate Appropriations Subcommittee on Health & Human Services**

**March 10, 2016**

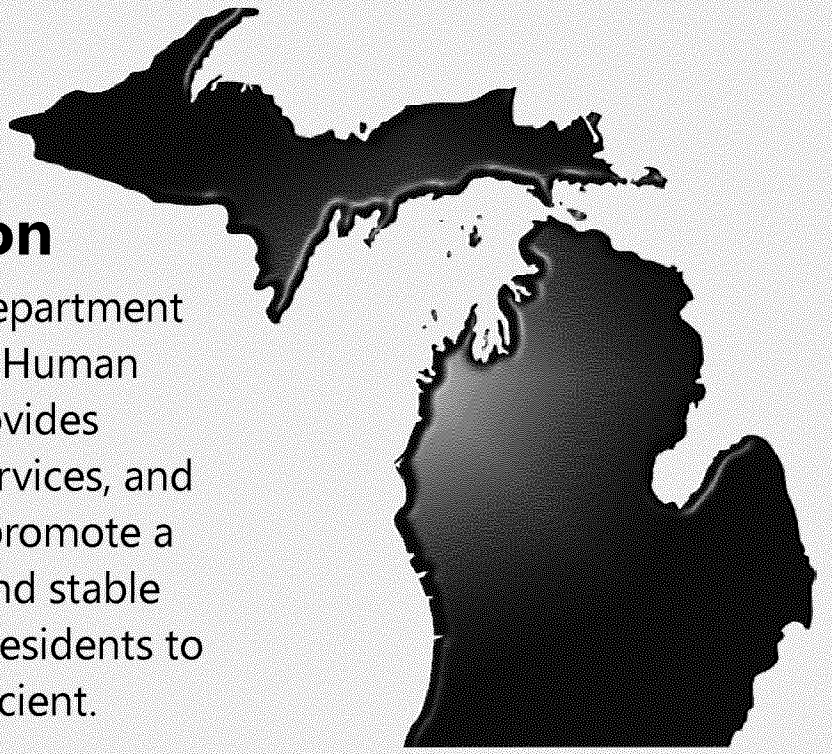
**Lynda Zeller**, Senior Deputy Director, Behavioral Health and Developmental Disabilities Administration
**Farah Hanley**, Senior Deputy Director, Financial Operations Administration

[Speaker Notes For Slide: 1]

Chairperson _____ and committee members, thank you for the opportunity to testify today about the important work in MDHHS Behavioral Health and Developmental Disabilities Administration.

NEXT SLIDE

# *Our Guiding Principles*



## Mission

The Michigan Department of Health and Human Services provides opportunities, services, and programs that promote a healthy, safe, and stable environment for residents to be self-sufficient.

## Vision

Develop and encourage measurable health, safety and self-sufficiency outcomes that reduce and prevent risks, promote equity, foster healthy habits, and transform the health and human services system to improve the lives of Michigan families.

[Speaker Notes For Slide: 3]

You will recognize this first slide in all appropriations hearings for DHHS. Today, I will highlight ways the BH and DD administration promotes healthy safe and stable environments and promotes self sufficiency. I will review a sampling of services provided, highlight some trends and outcomes that we use to determine the degree of success in reaching the visionary state of measureable health, safety and self sufficiency outcomes, and ultimately improving the lives of Michigan families.

# *Behavioral Health & Developmental Disability Administration*

## Mission

Promoting Wellness

**Strengthening Communities and Families**

Facilitating Recovery

**Supporting Independence & Self-Determination**

Diminishing the impact and incidence of addiction, emotional disturbance, mental illness and developmental disability.

[Speaker Notes For Slide: 5]

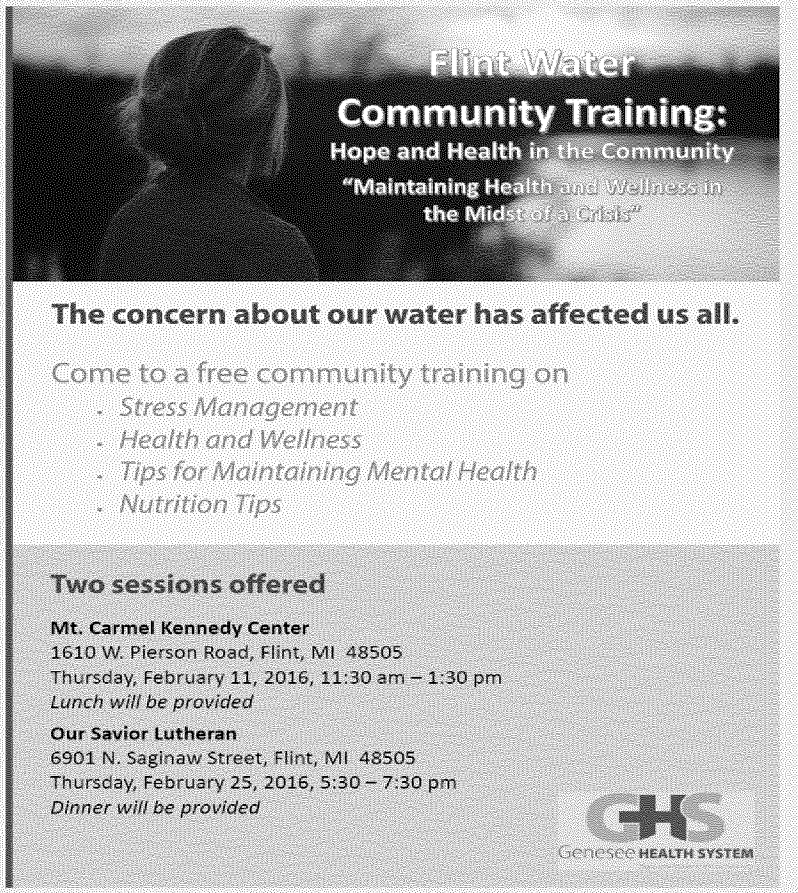
The Mission of the Behavioral Health and Developmental Disabilities administration is:

READ SLIDE

(NEXT SLIDE)

# Action: Flint Declaration of Emergency

- Psychological First Aid, Genesee Health Systems (CMH)
- $500,000 additional state general fund distributed to CMH (first aid and crisis counseling)
- $200,000 to expand the Michigan Child Care Collaborative (MC3) Program in Genesee County for additional support and clinical services to children and families
- Support from SAMHSA (Substance Abuse and Mental Health Administration)
  - Targeted Messaging
  - Rapid Community Needs Assessment
  - Response & Recovery Plan (short, mid, long term)
- Service Examples:
  - Developmental Screening
  - Targeted Case Management
  - Therapies (CBT, etc.)
  - Wrap Around, Home Based, Intensive Services



[Speaker Notes For Slide: 7]

Before I highlight the overall services provided, trends and outcomes, I want to highlight Actions the BH and DD administration is taking to address the emergency in Flint.

On the left hand side of this slide are the major areas of activity underway that the BH DD administration is working to support locally through the community mental health, whose name is Genesee Health Systems.

The major activities happening related to behavioral health now include:
Psychological first aid and crisis counseling. The first week of February, $500,000 additional general fund was provided to the CMH GHS, to support this type of crisis response.
Second area I'd like to highlight are activity areas that are also supported by the federal SAMHS administration or (SAMSHA). SAMHSA is helping with targeted messaging, rapid community needs assessment and development of a response and recovery plan which includes evaluation of capacity to meet those needs.
Some examples of the types of services that will increase in Flint to meet the needs of the community, particularly children are listed here as service examples including: developmental screening, targeted case management, therapies including cognitive behavioral therapy as an example, and intensive services such as wrap around and home based services for children.

The right hand side of this slide is a picture of one of the examples of community outreach and crisis support provided by the GHS community mental health agency

NEXT SLIDE

# Service Statistics

- 46 Community Mental Health Services Programs
- 10 Prepaid Inpatient Health Plans
- 241,329 people served by Community Mental Health Services Programs and Prepaid Inpatient Health Plans in 2014
- 5 state-operated hospitals and centers
- 683 State Hospital census in house (January 28, 2015)
- 2018 licensed psychiatric beds in the community for adults; 256 for children
- A reported 61,173 persons received substance use disorder treatment and recovery services in FY15
- 45.0% of persons admitted to substance use disorder treatment, in FY15, also had a mental health issue
- In 2003, combined heroin and opioid admissions were less than one-sixth of all treatment admissions; in 2015, combined heroin and opioid admissions reached over two-fifths (43%) of all treatment admissions
- 10,970 persons received medication-assisted treatment during FY15, up from 5,875 during FY06
- 9,164 allegations investigated and processed by Office of Recipient Rights in 2015
- 2490 children diagnosed and eligible for Applied Behavioral Analysis Service (Autism)
- 80% increase since 2012 in Certified Behavioral Analyst workforce (Autism)
- $8.7 million received from successful federal grant applications for substance use disorder prevention and recovery
- 900 women reported being pregnant at admission to substance use disorder treatment in FY 15
- Michigan's reported drug-abstinence rate at treatment discharge exceeded the national average rate by 5% in 2015
- The reported percentage of persons employed increased 22.9% during the course of substance use disorder treatment in FY15
- The reported percentage of persons homeless decreased 27.3% during the course of substance use disorder treatment in FY15
- Persons reporting a recent arrest decreased 24.3% during the course of substance use disorder treatment in FY15
- More than 288,000 persons attended substance abuse prevention programs in FY15
- 819 callers to the problem gambling help-line were provided referrals for problem gambling assistance in FY15
- 582 persons received problem gambling treatment in FY15; including 33 veterans and 72 problem gambling diversion program referrals
- 97.8% of discharges from a psychiatric inpatient unit are seen for Community Mental Health Services Program follow-up care within seven days
- 98.6% of mental health consumers received the initial face-to-face assessment with a professional within 14 days of request

[Speaker Notes For Slide: 9]

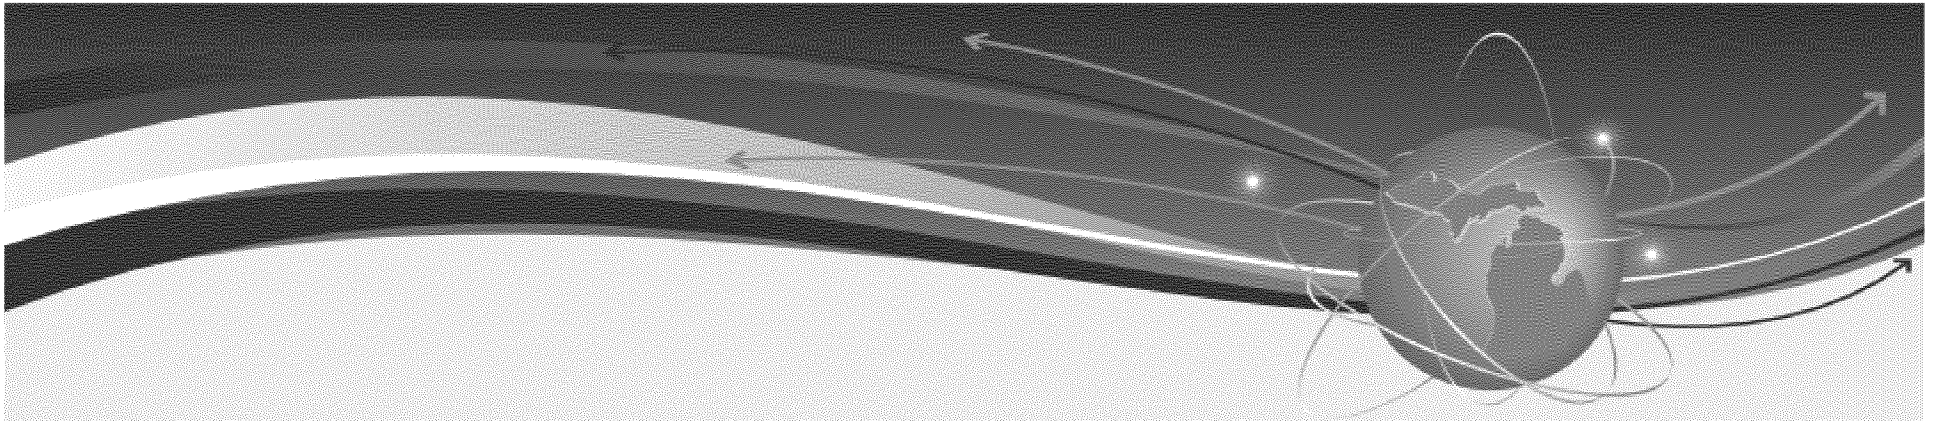
This slide is presented for your reference. It includes a few statistics intended to give you an idea of the type of work that is done in the administration

Items noted here are the number of CMHs in the state, which is 46, and the number of managed care plans called PIHPs, which is 10, and numbers of services of various types, and a few examples of outcome measures from a couple programs.

I'll highlight just a couple examples of what is on this slide to give you a flavor of what may be valuable to reference in the future:
61, 173 persons received SUD treatment in 2015, 45% of whom also had a mental health issue
Michigan's drug abstinence rate upon discharge from treatment exceeded the national average rate by 5% in 2015
97.8 % of discharges from a psychiatric inpatient unit, persons are seen for CMH service within 7 days
There has been an 80% increase in the Certified Behavioral Analyst workforce for Autism since 2012

Again, this is in no way representative of all areas of our administration but is intended as a high level overview or as a tool for future reference.

NEXT SLIDE



# *Services, Trends and Outcomes*

[Speaker Notes For Slide: 11]

This next section I will provide some graphics and data to highlight services provided and some trends and outcomes.

NEXT SLIDE

# *Michigan Mental Health First Aid*

- Initiated January 1, 2013 – Mental Health Innovation Funding
- Mental Health and Wellness Funding in FY15
- 20,389 - total number of individuals trained in Mental Health First Aid (MHFA) or Youth Mental Health First Aid (YMHFA) January 1, 2013-September 30, 2015
- 149 MHFA certified instructors and 228 YMHFA certified instructors

[Speaker Notes For Slide: 13]

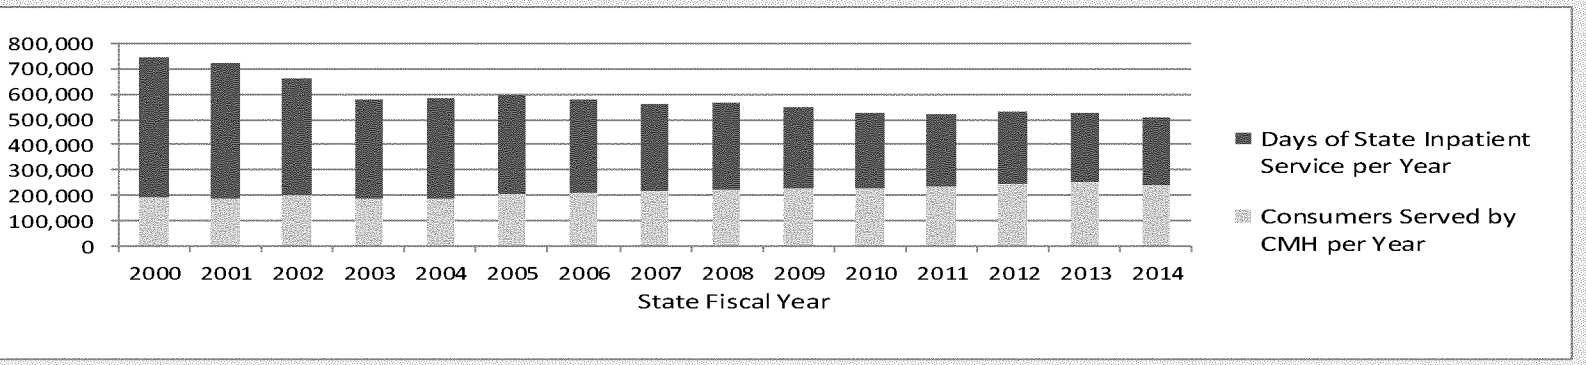
This first slide in this section gives you some statistics of the numbers of individuals trained in MH First Aid from 2013 to 2015. 20389 persons were trained and 149 instructors were certified, with an additional 228 certifications for Youth MH First Aid

This enhanced effort was made possible through both Innovation Funds through DCH budget in prior years, and then further strengthened by some one time MH and Wellness Commission Funding.

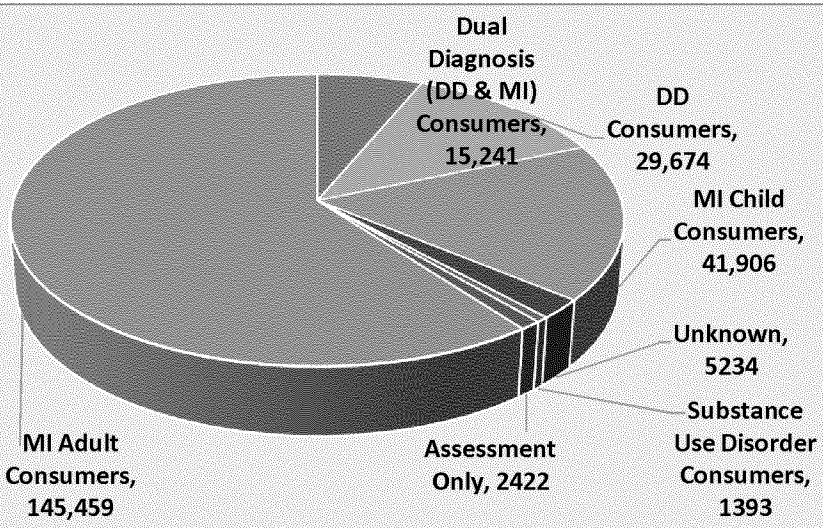
We are very grateful for the support of this important effort which will make a lasting difference in our state's ability to more quickly and effectively recognize mental health emergencies and appropriately respond to them, by the broad community.

NEXT SLIDE

# *Individuals Served by Michigan's Public Mental Health System*
## (FY 2000 – 2014)



241,329 Total CMH Consumers Served



MI=Mentally Ill
DD=Developmentally Disabled

15

[Speaker Notes For Slide: 15]

The top graphic on this slide shows the growth in numbers served in the Community Mental Health system of care, (the lighter blue bar on the bar graph), along with decline in the number of state inpatient days per year (represented by the darker blue on the same bar graph). Note that as the state hospital days has gone down, the numbers served in CMHs with a broad spectrum of services and supports has increased from 190,000 in 2000 to 241,329 in 2014.

This slide also contains a pie chart representing persons served in the CMH system by major population group.

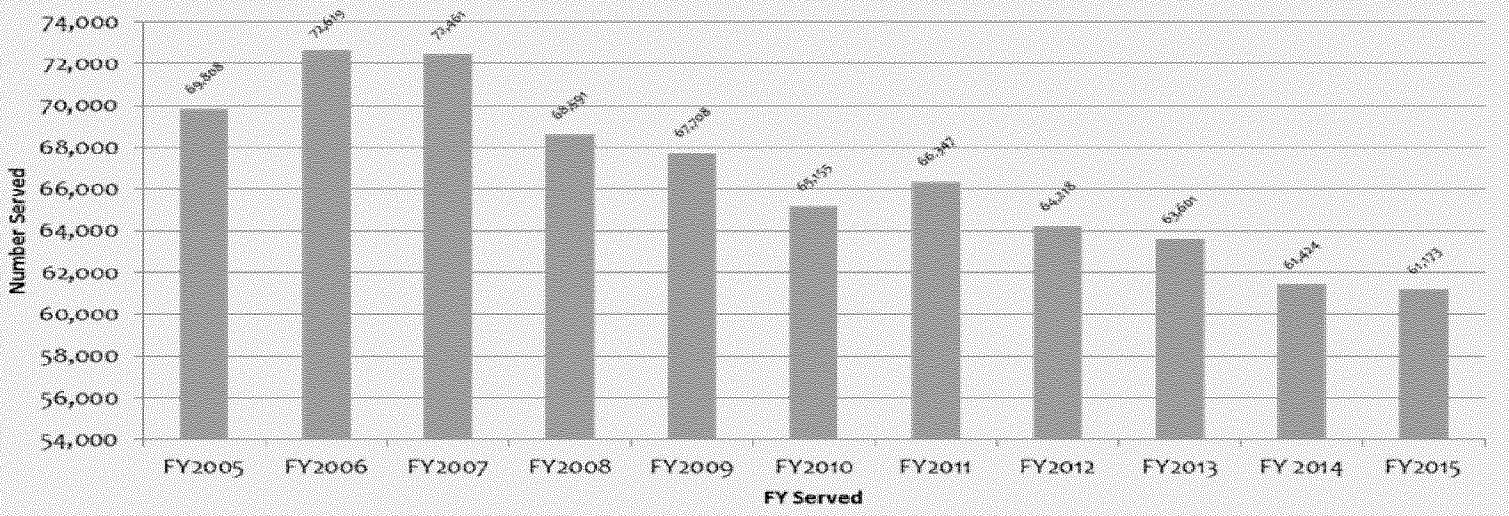
NEXT SLIDE

---

Note from Kathy H Jan 2016: Hi Lynda - the number of consumers served who do not have Medicaid insurance, dropped between FY13 and FY14 from 76,697 to 43,428. There was a increase in the number of Medicaid consumers (including Healthy Michigan) for these two fiscal years from 174,322 to 197,901. However, this increase did not offset the drop in consumers served who did not have health care coverage.

# *Individuals Served in Substance Use Disorder Treatment, Prevention & Recovery Systems*

**Treatment**



**Prevention** 288,000 persons attended substance abuse prevention programs

**Recovery** 4,369 persons received recovery support services

17

[Speaker Notes For Slide: 17]

Moving on to the substance abuse prevention and treatment area of our administration. This slide reflects the persons served in areas of treatment, prevention and recovery supports.

Regarding the downward trend of numbers served starting in 2007. As the primary reason for treatment at admission has moved away from alcohol and increasingly become addiction to heroin and other opiates it has resulted in the ability to treat far fewer persons overall with consistent resources.

.Treatment of Heroin and Other Opiates (including prescription drugs) requires about four times length of stay in treatment, as compared to alcohol. This reinforces the importance of a multi system strategy to address the opioid and prescription drug problem in Michigan.

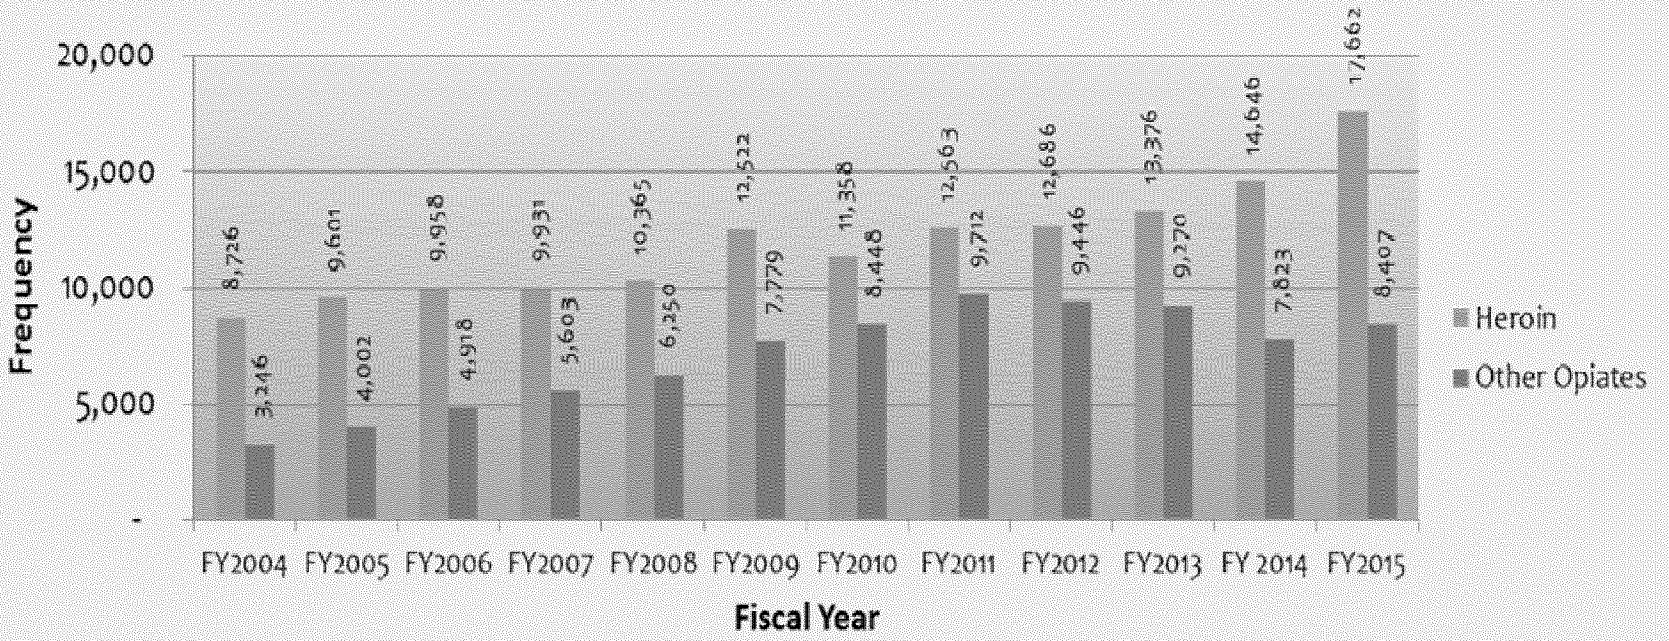
NEXT SLIDE:

---

Note: Recovery 4369 persons up from 3150 prior year

# *Trends: Substance Use Disorder Treatment, Prevention & Recovery Systems*

## Heroin and Other Opiates as Primary Addiction-Related Treatment Need on Admission



SOURCE: FY 2004 to 2015 TEDS treatment admission records.

[Speaker Notes For Slide: 19]

This provides a little more detail about the increasing challenge of heroin and other opiates, in our treatment system.

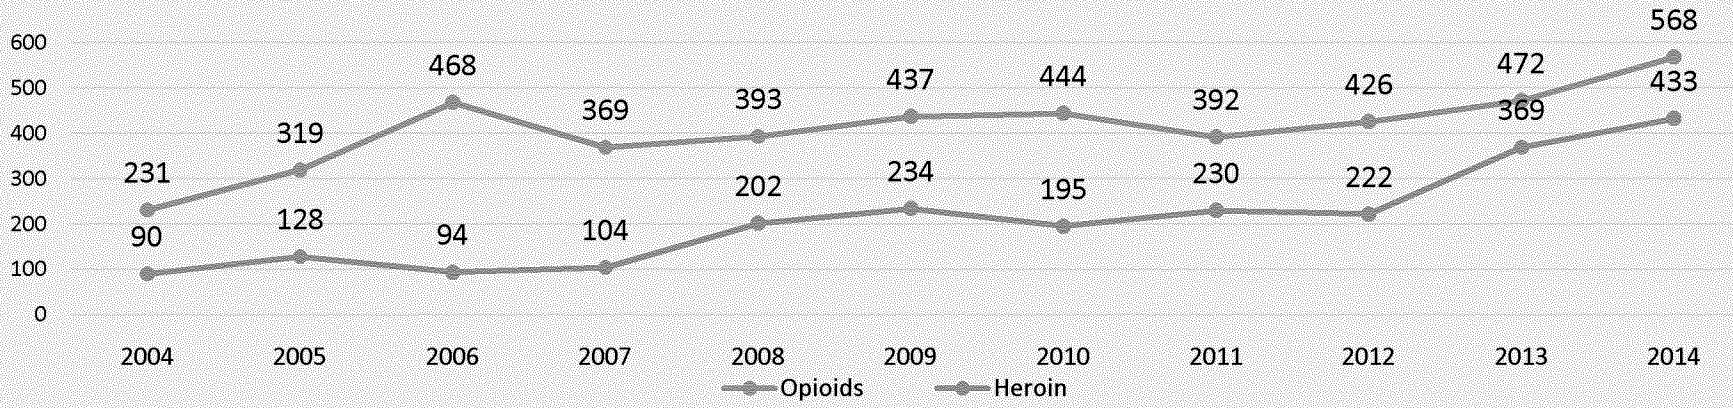
While this data is specific to Michigan, this is a nationwide epidemic as well. As you are aware, in October of last year a report was released by the Governor making recommendations to address opioid and prescription drug abuse. I will review those recommendations later in this presentation.

NEXT SLIDE

---

NOTE: "Opiates" include synthetic opiates Percocet, vicodin, oxycoton

## Number of Drug Poisoning Deaths Per Year Related to Heroin or Opioids



Source: Michigan Death Certificates, Division for Vital Records and Health Statistics/MDHHS

Between 2009 and 2012 in Michigan:

- 4,772 reported deaths due to unintentional or undetermined intent overdose (rate: 12.3 per 100,000 population)
- 930 reported opioid-related overdose deaths, nearly half (48%) of decedents had no prescription filled for opioids in the 30 days prior to death.
- Opioid overdose decedents with no opioid prescription (i.e., drug diversion) almost twice as likely to have cocaine or heroin at the time of death compared to those had an opioid prescription within the 30 days prior to death.

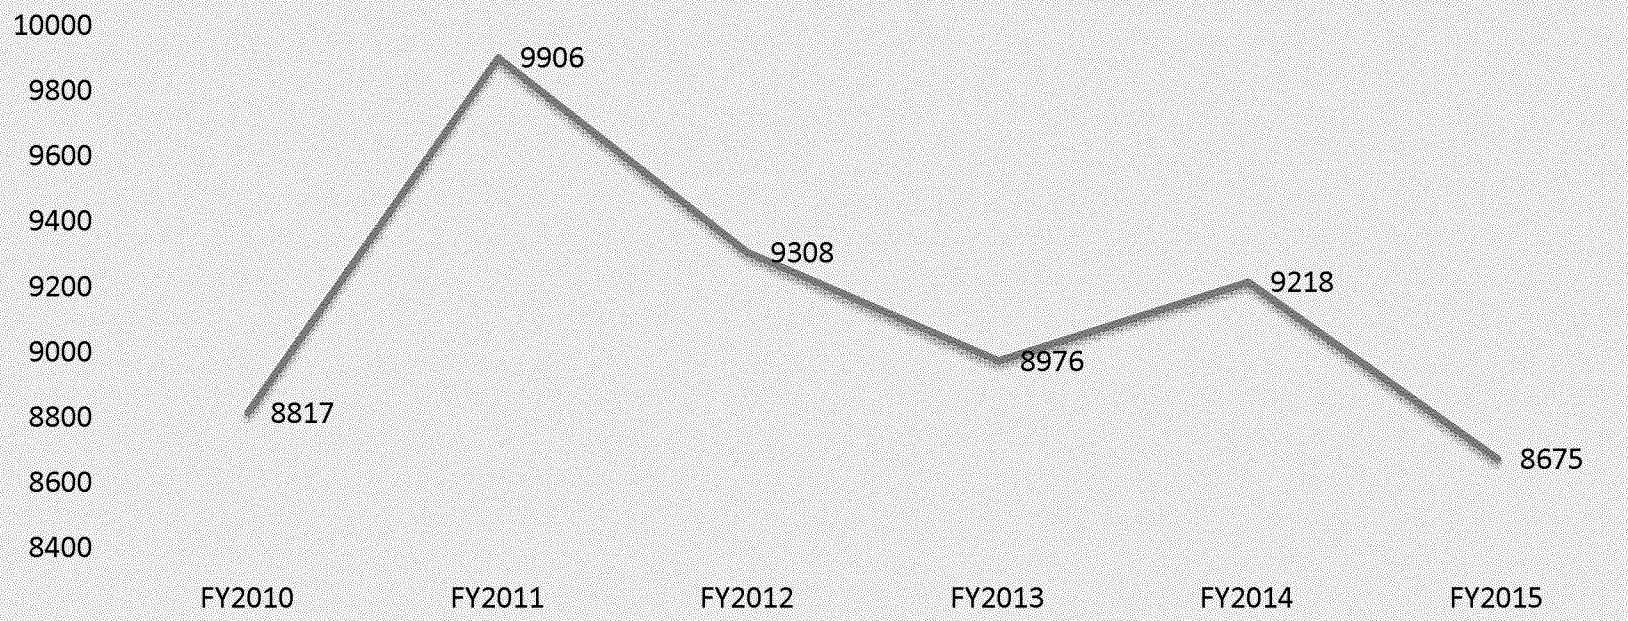
Source: Michigan Automated Prescription System (MAPS)

[Speaker Notes For Slide: 21]

Another slide, related to heroin and opioids here, focuses on the number of deaths related to poisoning by heriot or Opioids. Note the rapid increase in heroin related deaths from 2012 to 2014 represented by the red line graph above. Some additional statistics for your reference are included in the narrative section of this slide related to overdoses in general and relationship to prescription drugs that were prescribed to someone other than the person who died.

NEXT SLIDE

# Primary Prescription Drug Treatment Admissions



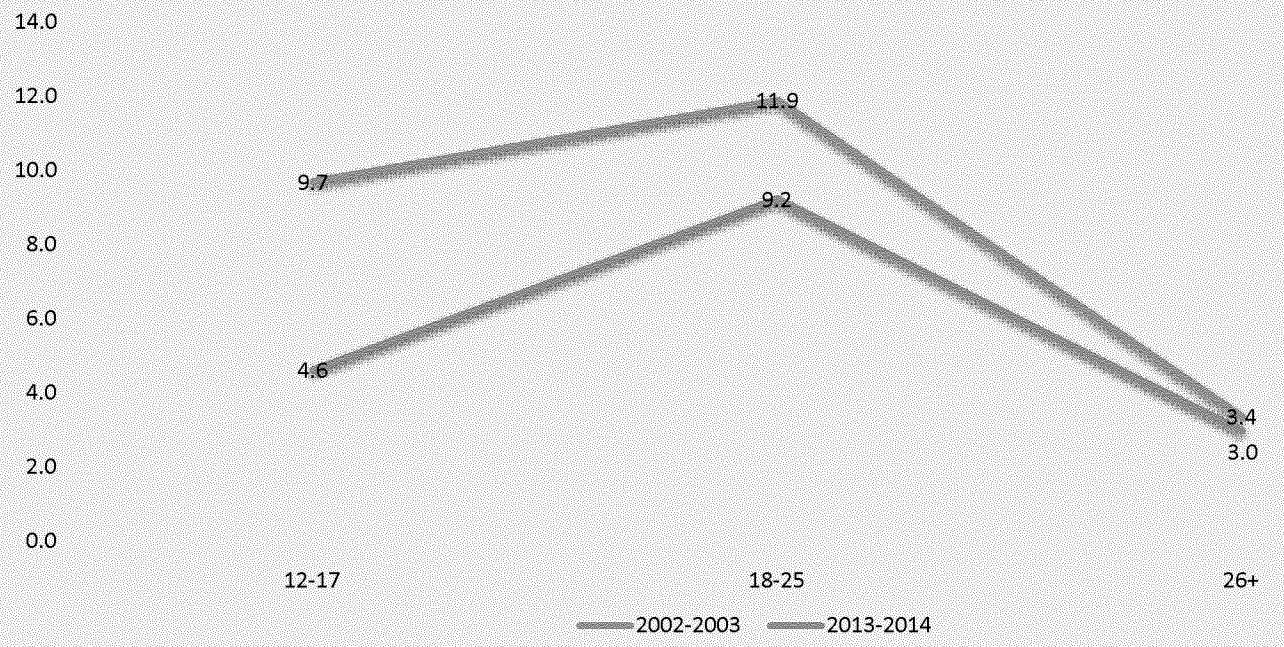
Source: FY2010 to 2015 TEDS treatment admission records, BHDDA/MDHHS

*Prescription Drugs include: Antidepressants, Other Amphetamines, Benzodiazepines, Tranquilizers, Synthetics Sedatives, Barbiturates, and Synthetic Opiates.*

[Speaker Notes For Slide: 23]

Between 2010 and 2015, the primary prescription drug treatment need at admission contributed about 14% of total treatment admissions in each year.

## *Nonmedical Use of Pain Relievers in the Past Year, by Age Group*



Source: National Survey on Drug Use and Health (NSDUH), 2002-2003 and 2013-2014, SAMHSA

[Speaker Notes For Slide: 25]

This slide shows the progress that has been made decreasing abuse of pain relievers for non medical use. Most encouraging is the improvement in adolescents aged 12 to 17 compared to adults 26 and older.

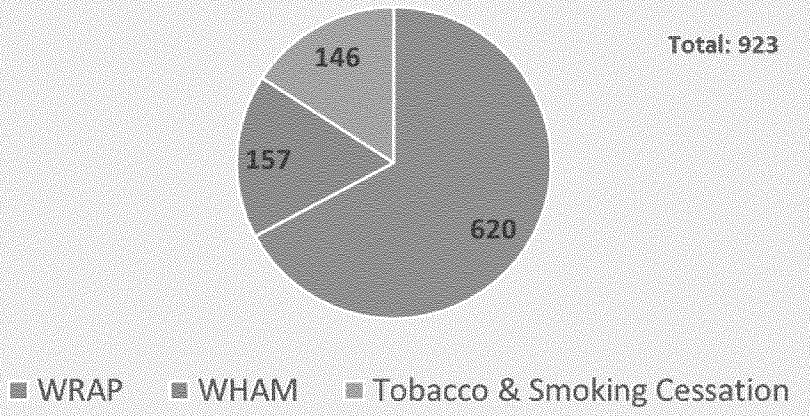
NEXT SLIDE:

---

NOTE TO LYNDA, GET AN IDEA OF WHAT THE RATIO IS (NUMERATOR AND DENOMIATOR)

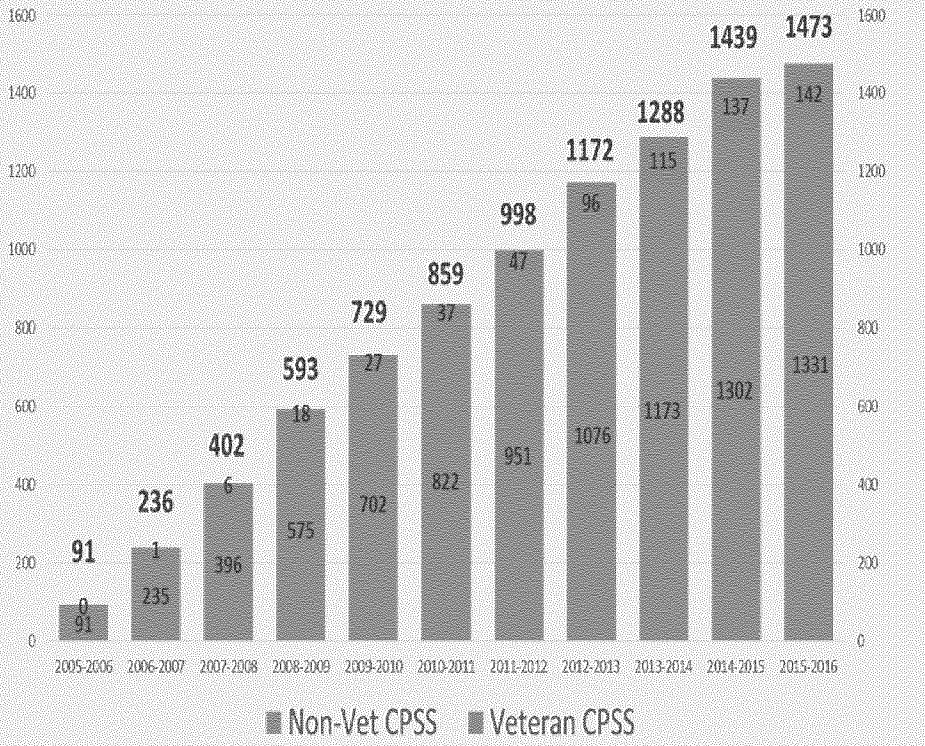
# Peer Workforce & Wellness

## Certified Peer Support Specialists with Health Training



Wellness Recovery Action Plan = WRAP
Whole Health Action Management = WHAM

## Certified Peer Support Specialist Workforce



[Speaker Notes For Slide: 27]

Evidence shows great success managing both mental health and substance use disorders when peers or persons with lived experience provide an active role. An important trend in Michigan is increasing strength of our Peer workforce. These two graphics show the increasing trend in that workforce, and the specialty in personal health and wellness that is also increasing in this workforce.

NEXT SLIDE:

---

NOTE TO LYNDA: Need to defined "WRAP" and WHAM

# Services to Children and Families

**Youth Peer Support**

- Youth Peer Support (YPS) provides youth with empowerment and hope through:
  - Direct support from someone with shared experience
  - Skill building on self-care and system navigation
  - Information sharing in a way that can be understood
- Provided by Youth Peer Support Specialists (aged 18 - 26) who have received mental health services as a youth. Preferably also have experience receiving services as a youth in multiple child-serving systems
- Youth Peer Support Specialists are willing to share personal experience
- Added to Medicaid Manual in 2015

[Speaker Notes For Slide: 29]

The use of peers and persons in recovery is showing value in the new development of our Youth Peer support program. This is a new effort where youth ages 18 to 26 provide important support to other children, as someone who also received services as child. Often from multiple child serving systems which could include protective services as example.

NEXT SLIDE:

---

NEED TO ASK KIM IF THIS IS A BILLABLE MEDICAID SERVICE< AND IF ANY OTHER FUNDS ARE UTILIZED FOR NON MEDICAID LIKE MH BLOCK GRANT.

ASK KIM IF I CAN CLAIM THIS IS AN 'EVIDENCED BASED SERVICE' ACCORDING TO NATIONAL STANDARDS?

**Serious Emotional Disturbance Waiver (SEDW)**

- 1915 (c) Waiver for children with Serious Emotional Disturbance (SEDW)
- Available in 33 of 83 Counties
- Approved to serve up to 969 children in FY 16. (357 FY 16 to date)
- With CMS approval of new waiver (1115), would become statewide
- Community based services for non-Medicaid, state-psychiatric-hospital-eligible children
- Children must reside with their birth, adoptive family or foster family
- State match for children in foster and adoptive care provided by Department of Health and Human Services in participating counties
- State match for non-child welfare children comprised of Community Mental Health Services Programs (CMHSP) General Fund dollars in participating counties

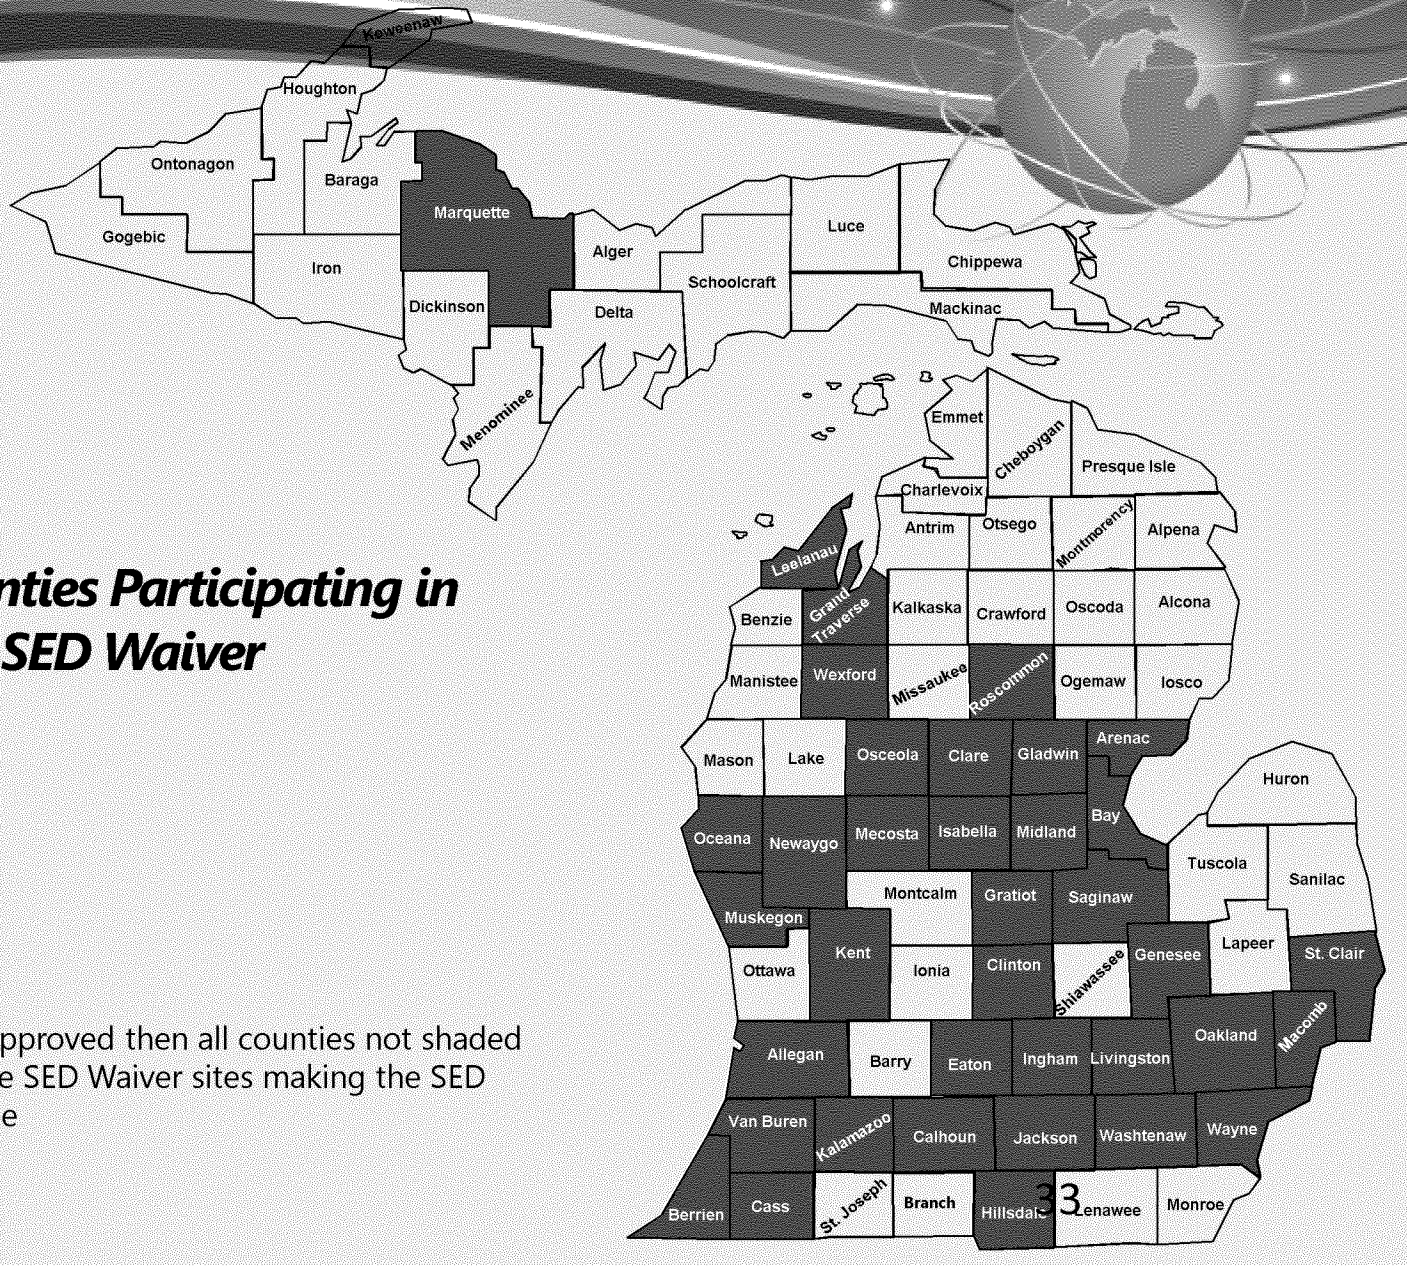
[Speaker Notes For Slide: 31]

Moving on to another important area of services to children:

The SED Waiver:
Provides home and community based services to children who meet the MDHHS criteria for the state psychiatric hospital for children.
Eligible children must reside with their birth, adoptive family or foster family.
Approved to serve up to 969 children in FY 16.
Currently served 357 children in FY 15.
State match for children in foster and adoptive care provided by Department of Human Services in participating counties
State match for non-foster care children comprised of Community Mental Health Services Programs (CMHSP) General Fund dollars in participating counties
Limited access to SEDW due to lack of General Fund dollars for the CMHSP.
With CMS approval of the proposed 1115 waiver, the SEDW will become statewide.

The next slide shows the counties where this important service is available today, and where it is not available due to the non-availability of general funds as match for this program.

# *Current Counties Participating in the SED Waiver*



*If the 1115 is approved then all counties not shaded in blue would be SED Waiver sites making the SED Waiver statewide

[Speaker Notes For Slide: 33]

As you can see from this slide, we have significant gaps in these important services to children with serious emotional disturbances, which we are working hard to find ways to bridge. We are hoping to transition our existing waiver system (known as 1915 b, c) into a new waiver system that will allow expansion of this benefit to all 83 counties. We remain hopeful that this will be able to be accomplished in late 2016 or early 2017.

NEXT SLIDE:

---

Vignette of Child Served in SEDW (Non Medicaid may have Commercial Insurance)
14-year-old teenage boy who has had 10 private psychiatric hospitalizations since the age of 7 when he first reported "seeing things that were not there"
Involved in outpatient therapy and psychiatric medication monitoring utilizing private insurance with no clinical improvement for many years
Out of pocket cost of psychotropic medications/copays approximately $300 a month and private insurance mental health coverage were exhausted for the year
Youth unable to attend school most of the time due to behavioral health symptoms
Supportive mother and step father but they are at the end of their rope with cycle of hospitalizations, police contacts, property destruction, self harm and aggression
Younger siblings terrified of youth's unpredictable outbursts and aggression
Youth was on probation for domestic violence and property destruction (broke family's van windows on way to hospital in a violent rage)
Youth desperately needed intensive services offered through PIHP/CMHSP not covered by private insurance (Wraparound, Home-Based Therapy using evidenced- based practices, respite, community living supports)
Family could not afford to access CMHSP services without the SED Waiver which makes children Medicaid-eligible if they meet the criteria for psychiatric hospital level of care and are one of the 33 counties who have the SED Waiver and the CMHSP has General Fund match
Outcome for child from SED Waiver- the youth accessed needed CMHSP intensive services, cycle of hospitalization stopped, regularly attending special education program at school , off probation and still safely in the family home.

**Statewide Evaluation of Wrap Around Services (SEDW Funding Stream, October 2015)**

- 81% of Children Ages 0-6 showed significant clinical improvement (As measured by standardized tool, "PECFAS")
- 80% of Children/Adolescents ages 7-18 showed significant clinical improvement (As measured by standardized tool, "CAFAS")
- "Risky Behaviors" measured include:
  - Harm to Self or others
  - Substance Use
  - Trouble with the Law,
  - Truancy
- Presence of one or more "Risky Behaviors" decreased from 49% of youth at initial visit to 22% at exit.

[Speaker Notes For Slide: 35]

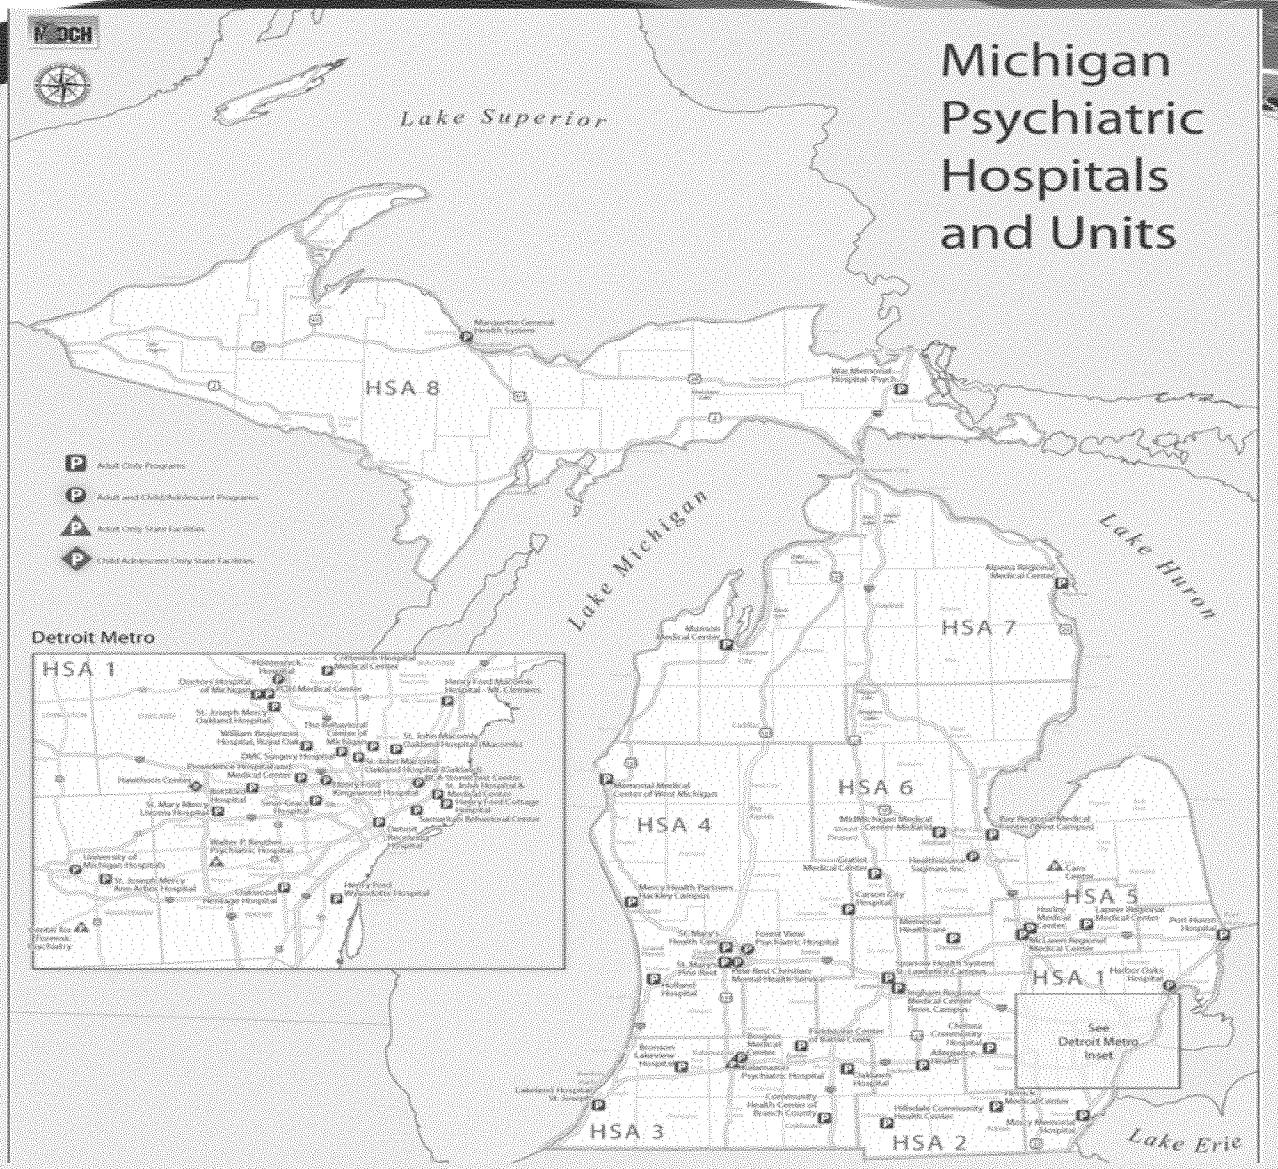
One of the reasons we believe it is so important to make sure all 83 counties can provide access to intensive services such as those provided in the SED waiver is because intensive services such as wrap around, really work. This slides highlights some of the Michigan data that shows just how effective this type of treatment is:

(READ SLIDE)

---

Note: Significant Improvement in CAFAS and PECAFAS is greater than or equal to 20 points

Note: Pediatric and Early Childhood Functional Assessment Scale (PECFAS)
Child and Adolescent Functional Assessment Scale (CAFAS)



**Total (Local) Inpatient Licensed Beds***

- Adult – 2018 beds, 59 facilities
- Child/Adolescent – 256 beds, 10 facilities

*Does not include State Psychiatric facilities

37

[Speaker Notes For Slide: 37]

The public behavioral health and developmental disabilities administration provides funding for a full continuum of services for persons with MI, DD, SUD, and children with SED. This includes acute inpatient stays. These next two slides depict the inpatient beds and sites available both privately in the community and those run by the state.

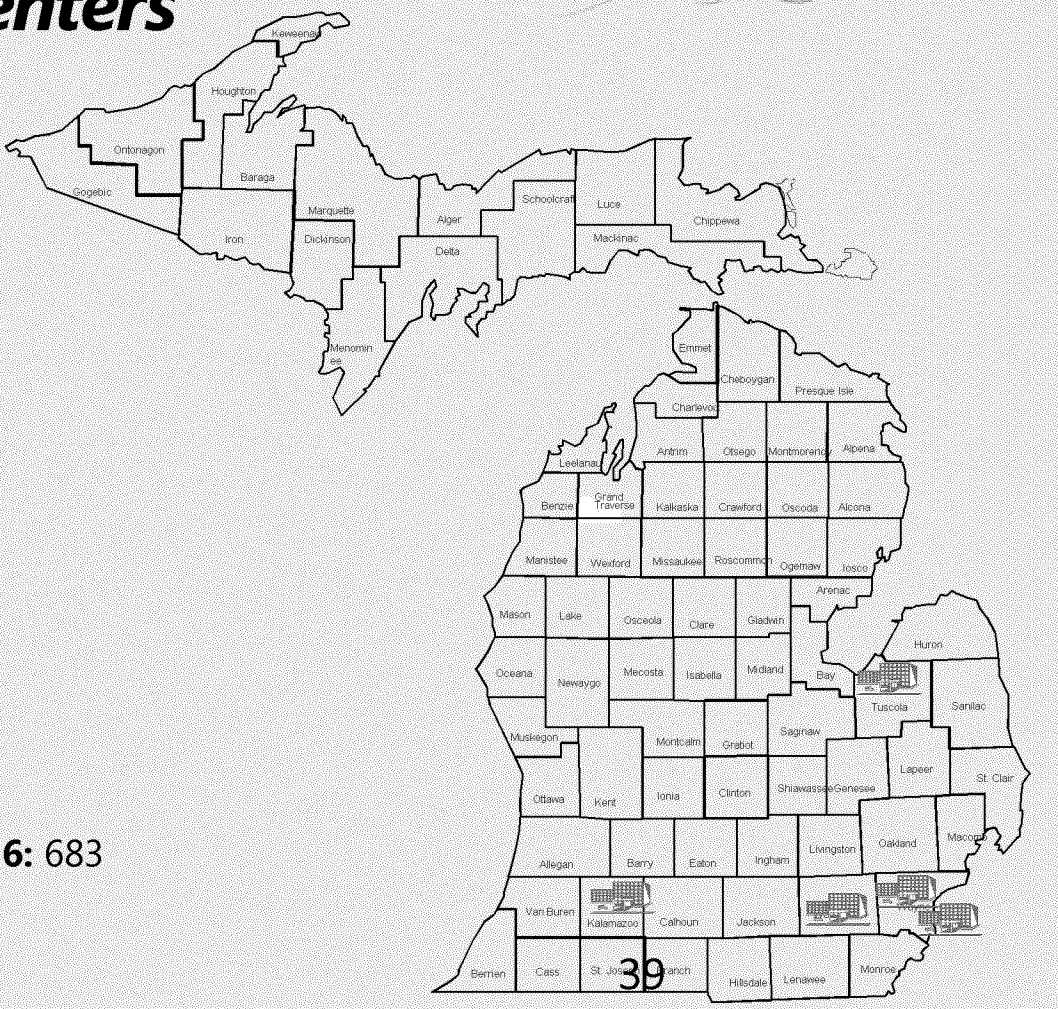
The far majority of acute psychiatric inpatient stays are in local private inpatient settings. The locations of these psychiatric units are depicted on this slide. I realize this slide is too small to read in both the printed power point and the projected screen, however you can see from the green dots on this slide the locations of the hospitals that have psychiatric beds.

For persons with Medicaid these inpatient stays are funded through 10 Medicaid Pre Paid Inpatient Health Plans who develop the provider networks and contracts, and authorize and purchase services through these local inpatient units. For persons whom are indigent, yet not eligible for Medicaid or Healthy Michigan, the CMH must use general fund or local dollars to pay for the stay in a local private inpatient setting.

If local inpatient units are unable to meet the intensity of need for someone, then admission to the state hospital may be considered, and then purchase of service general fund dollars are used.

NEXT SLIDE

# *State Hospitals and Centers*



**Adult Hospitals**:

- Caro (147)
- Reuther (151)
- Kalamazoo (131)

**Forensic:**

- CFP (213)

**Children:**

- Hawthorn (41)

**In-house census as of January 20, 2016:** 683

[Speaker Notes For Slide: 39]

This slide shows the location of and point in time census of the state hospitals. Again, state hospital is considered the acute setting of last resort for those whom can not be safely and effectively served in community inpatient settings. Census listed on this slide is as of, January 20 2016 is 683 persons.

It is important to note that we are working with many community stakeholders to increase access to inpatient "closer to home" than state hospitals for persons with serious mental illness often with challenging behaviors. In spite of data that shows available capacity with CON, hospitals stays locally are increasingly difficult to find for some of the publically patients with the highest need, both for persons with Medicaid and healthy Michigan, and those only eligible through general fund. For these highest need patients, it is not good when they have to travel far away to get the short term acute care needed to adjust medications or treatment before returning home. The best answer is not traveling multiple hours for placement in the state hospital, where families and care teams have to travel very far to visit and support their loved ones. We have a pilot underway with Bay Arenac CMH and the Mid State Health Network PIHP to evaluate reasons for denials of necessary inpatient stays at local psychiatric units, in order to better inform barriers that need to be addressed to get short term acute capacity strengthened, taking pressure off demand for state hospital beds especially for counties that are more than a couple hours away from existing state hospitals.

This access difficulty "close to home" for behaviorally challenging individuals, is not a situation unique to Michigan, however, it is a serious and complex policy problem requiring multiple stakeholders to brainstorm resolution. We are grateful for the willingness of these multiple stakeholders to continue to engage in dialogue and brainstorming to address this problem.

You will note in the section of the budget about 2017 investments, that there is a new unit for the CFP being recommended in the executive budget. This is to accommodate a more than 30% increase in Incompetent to Stand Trial decisions in Michigan, and to meet our legal requirements to timely serve forensically involved individuals. While the additional unit at CFP is an important part of the larger issue, it will not resolve this complex challenge. Solutions also must include PIHPs ensuring availability of additional crisis residential beds, and more crisis stabilization systems beyond just what is available in community hospital emergency departments.

NEXT SLIDE:

# *Update: 2016 Initiatives*

[Speaker Notes For Slide: 41]

During this next section of my presentation, I will highlight a couple of the activities in 2016 that either were priority investments from last years budget process, or are significant initiatives from a regulatory perspective.

NEXT SLIDE:

## Children's Behavioral Action Team (CBAT)

**Overview**

- Transition from Hawthorn Center (state hospital) to community
- 50 extremely complex children/youth
- Program goal: facilitate successful transition from Hawthorn.
- Address system barriers and gaps across Health Plans/Community Mental Health Services Programs, county offices of DHHS, schools, courts, primary care, families/guardians
- Target population: children/youth with serious emotional disturbance, ages 5 to 18, admitted at Hawthorn, multiple hospitalizations and failed community placements
- Extensive trauma histories
- Mental Health and Wellness Commission recommended and funded
- Contract provider: The Guidance Center, contract initiated March 16, 2015

[Speaker Notes For Slide: 43]

This first slide is a new initiative that came out of a recommendation from the MH and Wellness Commission ,initiated in 2015.

The CBAT is responsible for overseeing development of collaborative transition plans to support 50 extremely complex children/youth to be discharged from Hawthorn Center to return home to their families, or if this is not possible, to the most family-like setting with the necessary community supports and services. The goal of the CBAT is to address system barriers and concerns in conjunction with Hawthorn Center, Prepaid Inpatient Health Plans/Community Mental Health Services Programs, county offices of DHHS, schools, courts, primary care, families/guardians and the children and youth themselves in order to facilitate successful transitions for these children/youth. CBAT staff, who are contracted through the Guidance Center, began work at Hawthorn on March 16, 2015.

The target population of the CBAT includes children/youth with serious emotional disturbance, ages 5 to 18 currently residing in Hawthorn Center. The children/youth served by CBAT have experienced multiple hospitalizations and failed community placements and have extensive trauma histories. Of the children/youth served thus far, 17% have Fetal Alcohol Spectrum Disorder; 50% have Autism Spectrum Disorder; 38% have Intellectual/Developmental Disabilities; 71% receive special education services; 29% are adopted and 29% are involved in the Child Welfare system.

The CBAT is funded by Mental Health and Wellness funds. The Guidance Center was awarded the contract to provide CBAT services which runs through September 30, 2016.

NEXT SLIDE

---

Youth served to date: , 17% Fetal Alcohol Spectrum Disorder; 50% Autism Spectrum Disorder; 38% Intellectual/Developmental Disabilities; 71% special education; 29% are adopted, 29% Child Welfare system

NOTE: NEED TO GET DETAILS FROM BRENDA FINK AND SHERI ABOUT WHAT HAS BEEN DONE FOR FASD THIS PAST YEAR AND WHAT IF ANYTHING IS PLANNED FOR 2017

## Children's Behavioral Action Team Outcome Data as of December 31, 2015:

- 24 children/youth, representing 14 counties
- 6 yet to be discharged from Hawthorn
- 18 have been discharged
- Status post discharge of 18: 15 (83%) remain in community
- 3 (17%) in community based residential placements. Work continues to further transition family-like setting
- 75% of children discharged have not returned to inpatient care
- 7 psychiatric readmissions for 5 children/youth since March 2015, with 5 successful transitions back to the community
- **Psychiatric hospital re-admission days reduced 65-70%**

[Speaker Notes For Slide: 45]

READ SLIDE FOR OUTCOMES FOR CBAT

---

(IN case asked about Transition Center):24 bed program , age 5-17

For transition to an aftercare setting, hospital level of care (Hawthorn)
Program to intensively prepare youth for home and school
Youth served: severe emotional/behavioral disturbance who need complex/sophisticated aftercare plans, who have been repeatedly hospitalized and/or placed
Average stay 3-6 months
All youth also served in the Children's Behavioral Action Team program;
The 24 beds alleviate some capacity challenges with Hawthorn, with benefit of moving children into treatment more quickly and out of emergency departments
Transitional program administered by MDHHS through Hawthorn Center, beds managed by the CMH, possible additional university/vendor partnerships
Target opening: Fall 2016
Mental Health and Wellness Commission Recommendation

ALSO DOUBLE CHECK WITH KRISTEN ABOUT AMOUNT OF MH AND WELLNESS ONGOING DEDICATED TO TRANSITION CENTER

# *Autism Services*

**Autism Applied Behavior Analysis-Medicaid**

- April 1, 2013 – December 31, 2015
- 18 months through 5 years
- 3,328 received diagnostic services
- 2,490 diagnosed and eligible for Applied Behavior Analysis Services (ABA)
- 442 ineligible due to age
- 98% retention rate of eligible children continuing ABA

**Autism Applied Behavior Analysis-Medicaid**

- January 1, 2016 policy expanded
- Through 20 years
- State Plan Amendment, included under EPSTD
- 1,564 diagnosed and eligible (1/22/16)
- 146 over 5 years old (1/22/16)

[Speaker Notes For Slide: 47]

GET DOLLAR ESTIMATES FOR EXPANDED POPULATION FROM KRISTEN OR LISA (MILLIMAN).

# *Autism Services: 2016 Initiatives*

## Autism Applied Behavior Analysis Workforce Capacity (Medicaid and Other Payers)

**Board Certified Behavior Analysts:**

- 370 in Michigan as of December 31, 2015
- 49% increase from 2014 (248) and 214% increase from April 2012 (118)

**University Programs:**

- Two universities with degree programs in 2012 and eight in 2015-16
- University of Michigan–Dearborn is on schedule to offer a degree program in 2016-2017

**Universities funded:**

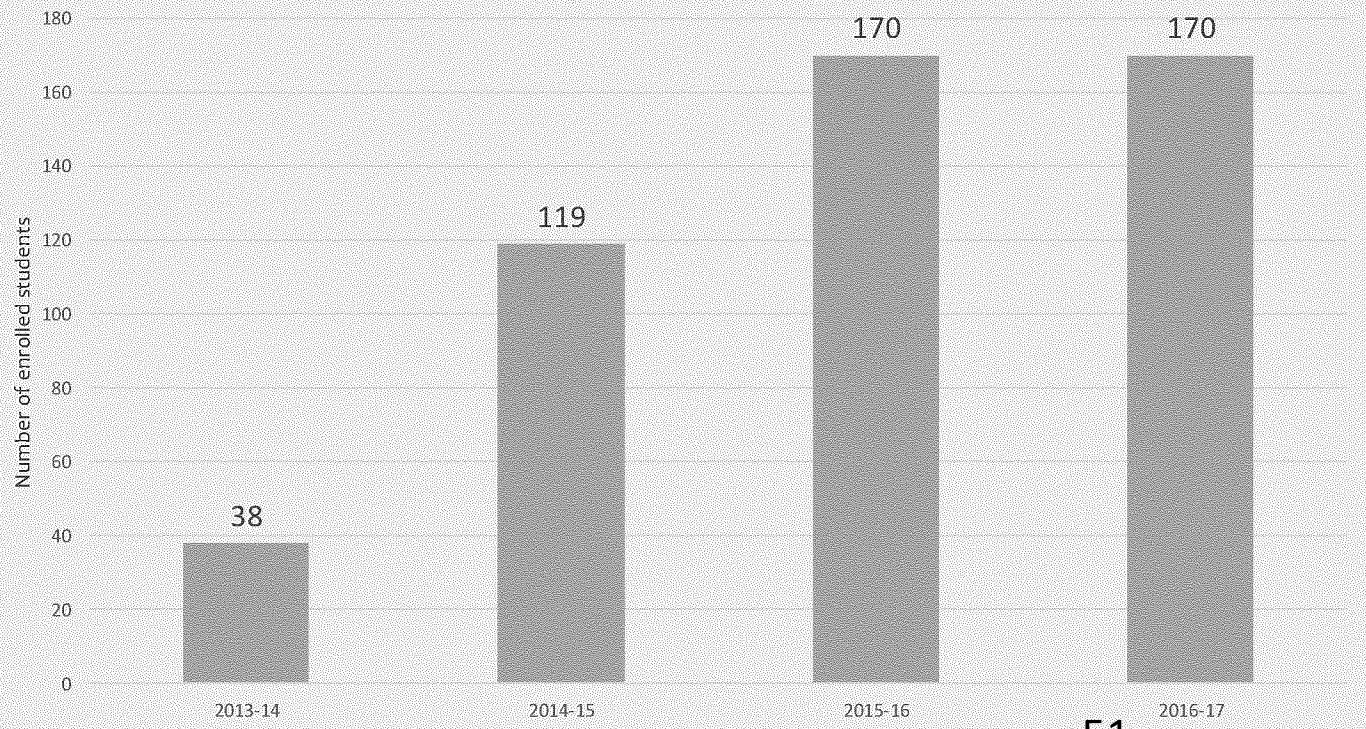
- Central Michigan University
- Michigan State University
- Oakland University
- University of Michigan – Dearborn
- Wayne State University
- Western Michigan University
- Eastern Michigan University (extended)

[Speaker Notes For Slide: 49]

Eastern was extended through 9/30/2016, but not in 2017.

# *Autism Services: 2016 Initiatives*

## Autism Applied Behavior Analysis Workforce Capacity
## Number of Students Enrolled in Master-Level ABA Program in Michigan



51

[Speaker Notes For Slide: 51]

Autism Applied Behavior Analysis Workforce Capacity
(Medicaid and Other Payers)

Board Certified Assistant Behavior Analysts (Bachelor Level)
18 in Michigan as of December 31, 2015
80% increase from April 2012 (10)

University Programs:
No degree programs in 2013
Central Michigan University started in 2014-15
Oakland University, University of Michigan – Dearborn, Wayne State University and Western Michigan University are scheduled to offer it in 2016-2017

# *2015-2017 Diversion Council Pilots*

**Community Diversion Pilots:**

- Barry County - Crisis Intervention Training (CIT), jail screening and treatment groups (cont.)
- Berrien County - CIT, in-jail services and staffing (cont.)
- Detroit Central City – In-jail services, Forensic Assertive Community Treatment (ACT) team, housing (cont.)
- Kalamazoo County - CIT, CIT-Youth, longer term housing (cont.)
- Kent County – In-jail services/pre release services (cont.)
- Livingston County - CIT, in-jail services (new 2 yr. grant)
- Marquette County - CIT, Moral Reconation Therapy (MRT), in-jail assessments and screening (cont.)
- Monroe County – In-jail services and pre-release services (cont.)
- Oakland County - CIT, CIT-Youth, in-jail staffing (cont./new 2 yr. grant)
- St. Joseph County – On-site diversion center, CIT (cont.)
- Southwest Community Court – Post-booking services through court (cont.)

**Findings:**

- Before pilots: no uniform mechanism for measuring mental health need (across jails/state)
- Pilots: utilized consistent screening process across the 8 pilot sites
- **On average, 22% of those entering these 8 sites have symptoms indicative of a serious MH problem; however there is variability across counties that ranges from a low of 15% to a high of 38%.** These numbers allow us to establish a bench mark for future measurement of increasing or decreasing need within the jail.

[Speaker Notes For Slide: 53]

MRT:  premier cognitive behavioral program for populations both offenders and substance use disorders

# *2015-2017 Diversion Council Pilots*

## Evaluation Focus

- First Year Process Tracking:
  - First year progress including numbers of those admitted to the jail with a MH problem, those served by diversion, those trained in CIT, and interviews with stakeholders
- First Outcomes to be tracked:
  - Assessment of jail recidivism of those provided diversion services
  - Assessment of Crisis Intervention Training (CIT) activities; community service utilization
- Second level of Outcomes to be tracked:
  - Recidivism after 1 year
  - Treatment engagement in the community

[Speaker Notes For Slide: 55]

Implementation report (March 2016)
First Outcomes-(Fall 2016)
Second level Outcomes (Fall 2017)

Evaluation by MSU

# *Other Notable 2016 Initiatives*

- Certified Community Behavioral Health Clinics planning grant
  - Application due October 31, 2016
  - 8 to 10 certified clinic sites
  - Increased focus on health, wellness, and broadening safety net
- Home and Community Based Services Transition Plan
- Change in Medicaid Waiver Foundation (1915b,c to 1115)
- Whole Health and Wellness Focus
  - CMH Health Home pilots
  - Integrated Care learning communities
  - Shared financial incentives and metrics between physical health care (Medicaid Health Plans) and Specialty Services and Supports (Pre-Paid-Inpatient-Health-Plans)

[Speaker Notes For Slide: 57]

NEED TO ADD BASIC NOTES HERE FROM PHIL FOR HCBS

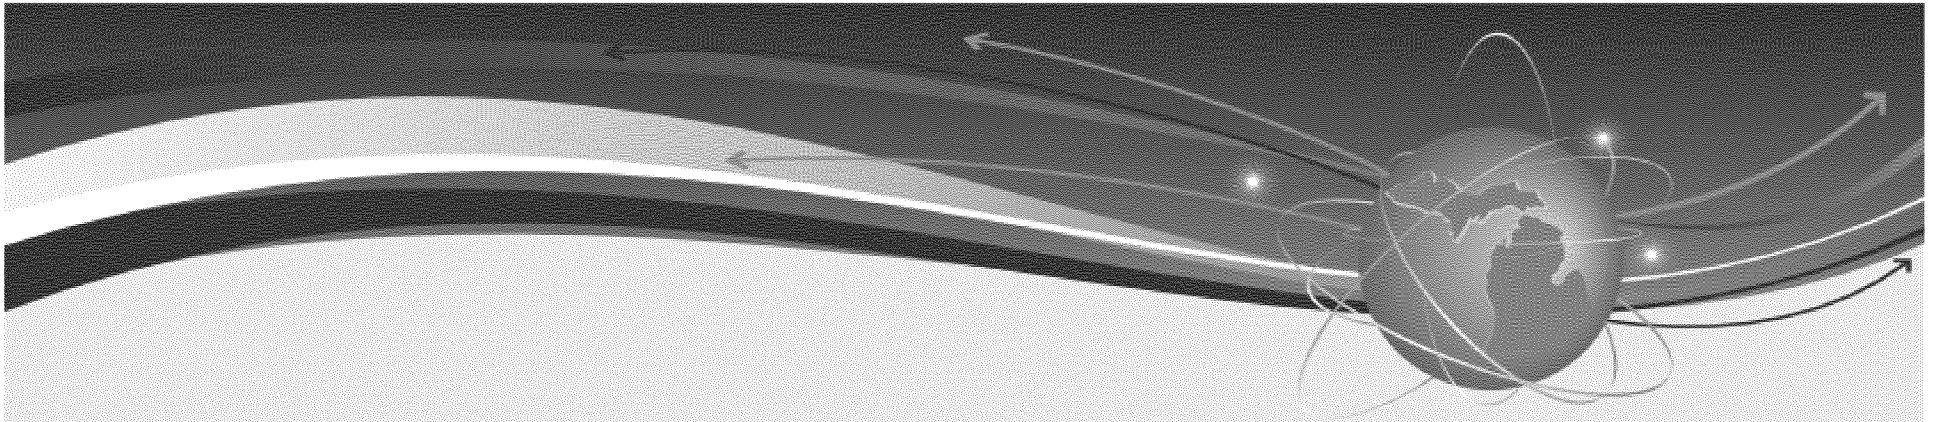
# *Prescription Drug and Opioid Abuse Task Force Recommendations – MDHHS Action Items*

- Prevention
  - Increase prescription drop-off bins
  - Improve prescription monitoring program
- Treatment
  - Increase access to Naloxone
  - Increase access to care
  - Increase the number of addiction specialists
  - Develop best practices for reducing neo-natal abstinence syndrome
- Policy and Outcomes
  - Create ongoing Task Force
  - Create a State Dashboard to measure outcomes

[Speaker Notes For Slide: 59]

Note: MDHHS has lead responsibility for action steps in the areas of Prevention, Treatment and Policy/Outcomes. There are two other areas In which DHHS does not have lead responsibility for action, those being Enforcement and Regulation.

NOTE: NEED TO GET THE GRID FROM JARED OR GENEIVEVE SO I CAN SEE WHICH OF THE ABOVE ARE BHDDA LEAD ITEMS



# *Governor Snyder's FY17 Recommendation*

# *MDHHS 2017 Budget Recommendation*

| | Gross | GF/GP |
|---|---|---|
| Behavioral Health/Substance Abuse Services | $2,955.5 | $972.3 |
| State Psychiatric Hospitals and Centers | $293.9 | $218.2 |

# *FY 17 Program Investments and Other Adjustments*
## (in millions)

| Description | FY 2017 Recommendation | |
|---|---|---|
| | GF/GP | Gross |
| **Investments:** | | |
| New Unit at Center for Forensic Psychiatry | $7.6 | $7.6 |
| Autism Navigator/Autism Alliance | $1.1 | $1.1 |
| **Other Adjustments:** | | |
| Actuarial Soundness Rate Adjustments (Mental Health & Substance Use) | | |
| 1.5% for Prepaid Inpatient Health Plan (PIHP) Actuarial Soundness | $11.9 | $34.2 |
| 2.0% for Healthy Michigan Plan (HMP) | $0.2 | $4.7 |

[Speaker Notes For Slide: 63]

In this final part of my presentation, I will summarize the investments in the 2016 budget as proposed
Autism Service Expansion
University Autism Programs
State Psychiatric Residential Treatment Facility and Children's Behavioral
Action Team.
One time funding for MH and Wellness Commission Recommendations
Drug Policy Initiatives
Fetal Alcohol Syndrome Program
I have some slides on the above mentioned investments that will follow. Before I go into those though, please also note the other adjustments in 2016 budget including:

Actuarial Soundness Rate Adjustments
1.5% for Prepaid Inpatient Health Plan (PIHP) Actuarial Soundness
1.5% for Healthy Michigan Plan (HMP) Mental Health & Substance Use
Adding Community Mental Health Non-Medicaid Services $20 mill to meet community specialty behavioral health needs as explained on the prior slide 24, that are not covered by commercial, exchange, Medicaid Health Plans or Medicare funding. And are critical to people remaining safely in community based services instead of state hospitals.

# *MDHHS 2017 Budget Recommendations*

**New Patient Unit at Center for Forensic Psychiatry**

- Open unused wing to bring total capacity to 240 patient beds
- Move individuals currently housed in other regional hospitals or local jails to a facility better suited to address their mental health needs
- $7.6 M Gross and GF/GP investment to provide treatment for 30 additional patients

**Autism Navigator/Autism Alliance**

- Continues funding to the Autism Alliance for an assessment of the statewide roll-out of the Medicaid Autism benefit and for staff to assist families of autistic children in finding services.
- $1.1 M Gross and GF/GP.

# *Additional Unit at the Center for Forensic Psychiatry (CFP)*

- CFP –mandated (statute) to provide specialized mental health services to Incompetent to Stand Trial (IST) and Not Guilty by Reason of Insanity (NGRI)
- Nationwide increase in the demand for forensic psychiatric beds
- Michigan - 30% increase in demand over five years
- Resulting:
  - Long wait list for admission to CFP
  - Individuals with mental illness sit in jails awaiting court ordered treatment in CFP
  - Class-action lawsuits in other states, with subsequent federal oversight
- Recommended Action:
  - Open additional 34 bed unit at CFP
  - 12,410 additional patient days of specialized treatment available

[Speaker Notes For Slide: 66]

Among the states successfully sued are Louisiana and Washington. The ACLU filed a suit in California this summer. Michigan is vulnerable. Judges, attorneys, county executives, and others from across the state are aware of and protesting the lack of available beds.

The delay in admission results in many cases in significant deterioration in the individuals' conditions: the jails cannot (and should not be expected to) meet the mental health needs of individuals who have been court-ordered for treatment to CFP or other DHHS hospitals

The wait list for male IST admissions to CFP is 39 as of today. All but 4 are incarcerated. 15 have been awaiting admission since last fiscal year, 4 since July.

Here's the statute that mandates CFP's existence. The "such services as are required by law" to which it refers include, for example, competency evaluation & restoration (330.2026 et seq, 330.1476), criminal responsibility evaluations (768.20a et seq), evaluation and oversight of NGRI acquittees (330.2050), etc.

330.1128 Center for forensic psychiatry.
Sec. 128.
The department shall maintain under its jurisdiction an entity to be known as the center for forensic psychiatry. The center shall perform such services as are required by law and may, with the approval of the director of the department, perform any other service or activity, including research, that pertains to mental health and the criminal law.

History: 1974, Act 258, Eff. Aug. 6, 1975

# *2017 Diversion Council Pilots*

- 2016-2017 Pilot Activities:
  - Collection of recidivism data from each jail
  - Collection of mental health screening data using standardized instrument
  - Measure utilization of community treatment alternatives in communities that implement CIT
- Long-term outcomes to be measured:
  - Recidivism after 1 year
  - Treatment engagement in the community

[Speaker Notes For Slide: 68]

Note: Early 2016 there are site visits that will result in recommendations to strengthen the pilots as they move into their second year

The 2017 data collected from the standardized screening tool will be the second year of such data

## MDHHS 2017 Investments

# *Health and Wellness*

**Integration of Physical and Behavioral Health Services**

- Improved Care Delivery
- Improve Health Outcomes
- Better Coordinated Care

*The governor recommends that the state begin the process to better integrate mental and behavioral health services with a patient's physical health treatments. The governor expects to see improved coordination of care and a stronger focus on the needs of an individual patient by initiating a process by which all patient services are closely integrated. This budget recommendation asks the legislature and the health provider community to engage in an important conversation about integrating physical and behavioral health services into the larger consideration of patient need.*

[Speaker Notes For Slide: 70]

IMPROVED CARE DELIVERY
4 CMHSPs have been involved in providing Health Home services, strengthening their capacity to do outreach, engagement, and health and wellness activities for persons with serious mental illness coupled with chronic conditions like diabetes. This is part of the Medicaid program and we are evaluating these four localities to determine success before considering whether to seek this opportunity for other areas of the state

IMPROVE HEALTH OUTCOMES

BETTER COORDINATED CARE
The CMH, PIHP and Medicaid Health Plan systems are increasing their use of tools like real time health information exchange (hospital admission discharge and transfer messages) and analytics tools like Care Connect 360 to better understand both individual global health conditions and support histories for the people they serve. Very exciting things are happening with health information exchange and analytics in the CMH system.

There are pilots happening for jail and prison diversion, better training of officers to deal with children and adults with autism and mental illness, that are resulting in much better coordination of care.

[Speaker Notes For Slide: 72]

We'll once again be hosting a legislative breakfast along with other partners toward the end of April in the Capitol View Building to unveil the County Health Rankings document. This document will provide you with an in-depth look at the health status of your districts. You'll be receiving more information on this in the near future.

I'd like to thank you for your time and attention today and invite any questions you may have.
